TWENTY-FIVE HUNDRED HAS BEEN SUBSCRIBED

ATHLETIC DEBT HALF RAISED

The Long Pull Comes this Week—Extra Efforts Desired Until the Debt is Raised

The athletic debt is half subscribed.

Twenty-five hundred dollars was the amount subscribed at noon today. The balance of the debt must be raised within a week.

The baseball team began practice this afternoon, but the debt will have to be subscribed before it is known whether the baseball team or the track team will have any games this spring.

Every subscriber is urged to work with greater activity until the debt is raised.

Any Alumnus student or friend of the university has who not been seen and asked to subscribe but desires to do so can mail his subscription to H. E. Spangler, president of the athletic union.

Committee on the alumni subscriptions, H. E. Spangler, R. J. Bannister, and R. A. Cook, will see some of the alumni this week and have written to others.

The debt will be raised if everyone does his part.

McCLAIN ON MARSHALL

Reads Paper on the Great Statesman Before Phi Delta Phi

Judge Emlin McClain read a paper before Phi Delta Phi last evening on "Chief Justice Marshall as a Constructive statesman."

The author after a brief sketch of the life of America's great chief justice makes a general summary of the importance of his work to the nation. Some of the most noted of the cases which settle the meaning of the constitution are analyzed by way of showing Marshall's method of reasoning and logic. The majestic courage, great foresight and lofty intellectuality of the great

jurist are emphasized.

Only once was Marshall assailed even by implication, and that was when Jefferson referred to the power of the supreme court stealing like a sneak across the field, as a menace to our institutions. His exalted character preclude the idea of suspicion and shamed attack.

GREEK IDEALISM

Prof. Shorey Gives Sketch of Greek Literature

Prof. Paul Shorey, of Chicago University, delivered the second of a series of three lectures given under the auspices of the Iowa Society of the Archaeological Institute of America in the auditorium last night. Before introducing the speaker, Prof. Fairbanks announced that on account of protracted illness Prof. W. J. McGee of the Smithsonian Institution would be unable to deliver his lecture on "Ancient Pueblos, Cliff Dwellings and Mounds" and that the Iowa Society had secured as substitute, Professor Sterrett, of Cornell University, who will give an illustrated lecture on, "Cave Dwellers of Asia Minor" on April 6.

Prof. Shorey in speaking of his theme, "Realism and Idealism in Greek Literature and Art" first drew distinctions between idealism and realism both in the ancient and the modern sense and then in a brief and pleasing way he traced the history of Greek literature and art through the classical period which he calls idealistic to the fourth century which is realistic.

MAENNERCHOR

Student Chorus of Eighteen Voices will give Second Public Appearance

The Iowa City Maennerchor will give its second public rehearsal Saturday the twenty-eighth beginning at 2:30 p. m. The Maennerchor is a students' musical club, one of the few musical organizations connected with the university. While it is partially under other than university auspices, its president and all its members are enrolled in the university. The president of the club is Mr. Arthur H. McCannell of the senior law class.

In its second public rehearsal Saturday the club will be composed of eighteen voices and will be assisted by Mrs. C. Jay Smith and her talented pupil, Miss Elsie Hands. The director of the Maennerchor is Prof. C. J. Smith. The program will include his new national hymn "Columbia," which has been sent to many of the most distinguished statesmen and musicians of America without adverse comment on the words and with only one change being suggested in the melody.

Prof. Nutting lectured to the members of the department of zoology last evening on "The Cliff Dwellers of the Mesa Verde."

A WONDERFUL RECORD

ONLY CASE OF ITS KIND KNOWN

James G. Berryhill, Jr., able to Graduate in Three Years and Attain Phi Beta Kappa and Sigma Xi

The election of James G. Berryhill Jr. to the society of Phi Beta Kappa which was announced yesterday completes a unique and remarkable record of collegiate scholarship. Entering the university in 1899 from the west Des Moines high school he has been able to announce himself as a candidate for a baccalaureate degree in three years. In the latter part of January, Sigma Xi conferred the honor of its membership on Mr. Berryhill on account of his proficiency in scientific lines and his exhibited ability for original scientific work. On the heels of this honor comes that of election to Phi Beta Kappa for high scholarship in literary work along classical lines. In brief Mr. Berryhill has been able in three years to fill the requirements for graduation and to attain election to both honor societies. It is believed that no under-graduate ever equalled this record before.

In addition to his class room work Mr. Berryhill has taken an active part in Irving Institute for three years. He is also a member of Beta Theta Pi fraternity.

It is explained by officers of the Sigma Xi that there is nothing impossible in Mr. Berryhill attaining membership in that society and also in Phi Beta Kappa, as Sigma Xi does not require that its members shall be chosen from those taking science courses but merely from those who have done much science work and shown promise in that line. On the other hand Phi Beta Kappa selects its members from those taking courses which include a certain amount of Latin or Greek. The local chapter requires that those elected shall be candidates for a degree in either the classical or philosophical A course.

Girls Basketball

A very interesting game of basketball was played yesterday afternoon at 4:30 in the liberal arts hall gymnasium, between teams selected from the two freshman divisions of physical training. The final score of 17-4 was in favor of the 3:30 division. A game between the sophomore divisions is to be played this afternoon, and the winning teams will play for the championship in the near future. The games are witnessed only by the members of the respective classes.

J. C. Mohnegan, professor of domestic and foreign commerce at the University of Wisconsin has been appointed as the head of the bureau of foreign commerce by Secretary Cortelyou of the newly created department of commerce and labor.

Calendar for the Week.

March 30—Lecture, G. A. Grearhart.
March 30—Lecture, Miss Harriet Wood, Auditorium.

Now, not next Christmas, is the time to select a good subject and begin to think about it. Then the writer will be able to competely assimilate thought gained from various sources and stamp it strongly with his own personality. When this is done by every contestant we shall never fail to take a high place in the Northern Oratorical League—Minnesota Daily.

Half of the athletic debt has been subscribed. The longest, hardest, slowest, toughest, half yet remains. Everyone should redouble his efforts in the few days yet remaining. We must make a big hole in the last half of the five-thousand at once.

The athletic subscription lists are open to alumni far and near. Checks may be sent to H. E. Spangler, President of the Athletic Union.

Ames made a net profit on football of four dollars and six cents. That is certainly close figuring.

There is plenty of work in sight for the campus beautifier. In the words of M. L. Curtis "where are you going to begin," "It might be suggested that some of the colors on the west slope don't blend very happily.

WANTED—Some philanthropist who will say I will double every dollar that the students raise for athletics. This mythical individual is warned in advance that it will cost him a pretty penny.

There is one word which should be dearer than all others to every student, never spoken without a thrill, a rallying cry for her thousands sons and daughters, "IOWA."

The mock trial conducted by law students at Iowa has attracted a great deal of attention for the last week—I.S.C. Student.

Now is the time to enroll in some good teacher's agency. The Educational Exchange desires to send information regarding its plans to every teacher who thinks of making a change. You may not decide to enroll, but to look over our papers can do you no harm, and may do you good. The bulk of our work is done in Iowa, but during this month we have had written requests of teachers from South Dakota, Nebraska, Wisconsin, Ohio, Minnesota, Pennsylvania, Wyoming, Illinois, Washington, Indiana, Montana, Idaho, Colorado and Oregon also. A business of this kind cannot be built up in a day or a year. It requires a continual investment in advertising, particularly among those employing teachers, and above all, a strict adherence to correct and honest business methods. Let us send you our papers,
