REPORT PROGRESS

SOLICITORS AMONG ALUMNI
GET GOOD SUMS

The Campus is Going Well—Alumni Are Generous—More Raised Among Students

Work on the athletic debt is progressing nicely and if all of the contributions taken up to date are collected the athletic union would be nearer out of debt than it has been for years.

We have the goal to reach yet, however, and everyone must pull together. Every student, alumnus and faculty member must do their share:

The alumni of Muscatine and Davenport were visited by a solicitor from the athletic union on Saturday and Monday. The alumni students were in the main very loyal and contributed liberally at the same time expressing themselves to the effect that we could not hope to do as much in athletics till we got a gymnasium. From the list of contributors from these two cities there is little chance that all are omitted at the request of the donors.

At Davenport, Mr. R. L. Lane took a great personal interest in the subscription and at Muscatine, Mr. L. B. Reynolds, Mr. Arthur Hoffmann and Prof. Rodney Ayer are enthusiastic university men.

Reports from the committee working among the new alumni in Des Moines have also come in which show the Iowa men there to be full of spirit. The alumni have up to this time subscribed between six and seven hundred dollars.

PROSPECTS GOOD

146 MEN ARE OUT TRYING FOR THE TEAMS.

Ves Elected Captain of the Baseball Team—Track Men in Better Condition for the Time than for Years.

A walk around to the athletic field these afternoons will tell you that there is "something doing" in spring athletics. Never before at this time of the season have so many men appeared to try out for the teams.

About eight young men have signed their intentions of playing for the baseball team and a great many have appeared for practice, ves said.

The seven old men who played on last year's baseball team at a meeting yesterday afternoon elected Johnnie Ves as captain to fill the vacancy created by Captain DuBois leaving school.

Captain Ves said last night:

"The prospects for a strong team I consider very bright. Many of the new men are showing up splendidly both in and out of the classroom, and the interest and training. While the hole left by DuBois will be hard to fill, yet there is some good material for the team.

"Captain Anderson feels much gratified at the spirit that is being shown by the track men, they being enthusiastic and anxious to work hard for the university. Mr. Bush and Dr. Drury are overseeing the men giving them much time in the starts besides the regular exercise.

AUGUSTUS COOPER

The problem of a football coach for next fall will be settled at the meeting of the board of regents at their meeting on the 4th of August. The board of control consists of President Maclean, President Monfort, Professor Bush and Dr. Drury and the meeting will probably be not later than the first of June.

The art department has arranged to have a separate annual for each department. The work of the art students in the Department of Music is nothing but interesting as is shown by the many letters and reviews which the art department is receiving from various parts of the country.

The music written and sung to the "Tale of the Bumble Bee" were unexcelled and called forth round after round of applause.

Miss Smelter, M '04 is enjoying a visit from Miss Sadie Dill of Cedar Rapids for a few days.

Dr. Puleston, M '01, is in the city with a patient for Prof. Guthrie's clinic.

The Board of Regents will meet April 8 and 9. All matter for their consideration should be in the President's office by noon of Monday, April 6.

HAWKEYE PROGRESS

Printing of Book Will be Completed This Week—Book on Sale at Meet.

The "Hawkeye" of the class of 1924 will soon be printed, bound and placed on sale to the student body and public.

The book will contain this year 338 pages of which 172 have been printed and the balance of 66 pages, it is hoped, will be printed off this week. The work of binding will then be accomplished and the book will then be placed on sale immediately which will probably be not later than May 1st. This is comparatively easy at other universities where the annual does not appear until the latter part of May or even June.

The plates of this year's book are, taken as a whole, larger than those of last year's thus showing up the large groups of the various societies to much better advantage. The work of the engravers has been highly satisfactory and more time could have been spent on the work of the artists in this year's annual is undoubtedly better than in any previous "Hawkeye," for which the department of art has been under the able management of Mr. G. H. Gearhart who has furnished many new ideas for the book. Able assistance has been given by the members of the various classes and departments of the university.

The new feature of the '04 Hawkeye is the "Hawkeye Magazine," which is an appendage to the matter of the reading matter. It will be introduced by a four colored title page.

It will be run in true magazine form and will contain all the usual features of a "book reviews" followed by short stories, the humorous matter etc. They will be numbered and will be printed on separate sheets in an appropriate annual for each department and have been done away with and the matter will be called "Hawkeye." Another new feature is the "university features," which is illustrated. In this, each letter of the alphabet represents or is used as a symbol for some phase of university life. It is written in poetry, each verse of which is illustrated.

Taken as a whole the this year's "Hawkeye" will contain more illustrations than previously containing besides the pen work many wash drawings, crayon, color work and silhouettes. The aim of this year's board has been to increase the number of illustrations and in this respect they have met with success.

Although this years edition may be somewhat later in making its appearance than previously, this is hardly making the annual a better success by allowing the board to have the work done with more material than would otherwise be obtained.

At a meeting of the junior class last night the following officers were elected: President, Captain McIntosh, Member, Thompson, Treasurer Moss.

Our Loyal Alumni

Many persons, some of them students even, during the early days of the athletic canvas, have been heard to remark that Iowa's alumni are not loyal, that they will not support athletics, etc. The Iowan wishes to dispel all these allegations and put the misguided ones right. The truth of the matter is that there is no more loyal body of men than our alumni.

Each alumnus of the university, at least of those who have been at Iowa since our athletic history began, has added his name to the athletic subscription lists. The amount may not be large, for the alumni, like the loyal students, are not millionaires by any means.

No, do not slander the alumni! They are coming to the aid of the university most nobly and generously.

Is Pan-Hellenic baseball league to be allowed to become passive?

If not, it is time that something be done. Other universities have already started to play their schedules.

RODERICK TALIAFERRO

George Cran Cook's Newest Novel Just Published

The most recent publication by George Cran Cook, former instructor in English at Iowa, has just come off the press of the MacMillan Co., New York. The volume is a novel entitled "RODERICK TALIAFERRO, a story of Maximilian's Empire." As the title suggests, it is a story of the days when that great fighter, Maximilian, held Mexico in the palm of his hand. Like the previous works by the same writer the tale is one of great action, love and adventure in war being cleverly interwoven.

The hero is a young American of French descent who fled from New Orleans to escape the tyranny of the carpetbaggers and negro legislation at the close of the Civil War. Going to Mexico he becomes mixed up in many adventures, but finally overcomes all obstacles and secures the young lady whose beauty has charmed him from the day of their first meeting.

The story is cleverly written throughout, and fully illustrated. It should be very popular, and deservedly so, with all lovers of stories of adventure and love.

Two Books--
Two Cents

THE Burlington Route has just issued two publications of great interest to homeseekers. "Nebraska" is the title of a 48-page book descriptive of the agricultural resources of the state, profusely illustrated with farm scenes and supplemented with an accurate sectional map. "Big Horn Basin" is an illustrated folder telling all about the rich but undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains wonderful openings for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws. Both publications will be sent to any address on receipt of two cents in stamps. Address J. M. Francis, General Passenger Agent, Burlington Route, Omaha.

Amusements

The Flora De Voss Company is again to pay us a visit and we are assured a genuine treat in the way of amusement. The company is larger and better than ever. The plays to be presented are all new, and especially is the Italian orchestra which renders the music between the acts, and the specialties that are introduced making a continuous performance and do not leave a dull moment, and keeps the audience interested and amused during the entire evening.

THE CAPITOL CITY COMMERCIAL COLLEGE
123 W. C. Building, Des Moines, Iowa
is the largest and most successful commercial college of the state. Nearly one thousand students attend it each year. There are about seven hundred in the faculty. The school has a national reputation as well as a local one, and it is generally regarded as one of the leading business training schools. It occupies a position among the best educational institutions of this character similar to that of Princeton, Harvard and Yale among the leading colleges and universities. It has become famous throughout the western section by reason of the thorough training given, and is everywhere regarded as a leader among business training schools. A large number of our graduates are today occupying responsible positions in the principal commercial and business schools.
