Hand in your list is the word in the athletic debt subscription today. There is still eight hundred dollars to raise but the lists must come in too. Therefore as something is better than nothing, get what you can and hand in your subscription list. Leave it at the Iowa office, hand or send to the President of the Athletic Union, five dollars for each good you do.

While we have been waiting to see if you could not give a little more later, subscribe what you can now for the good you will do. One hundred dollars has been reported today as follows:

Preceding acknowledgment.

The total amount is $3907.56.

Middletonian

The faculty meeting given by the Middletonian last night was a very successful affair. The characteristic of many of the professors were brought out in an interesting and forthright manner, which was very amusing to the listener. The meeting also serves special mention. The sole Miss Edith Evans was given the rounds of applause as also the two selections rendered by Edith M. M. and M. L. The following resolution was introduced by Dr. Biering and laid on the table until next meeting.

Resolved that whereas the present status of co-education involves the corporate body of the medical department a state of apathy, feverishness, and impairment of function, indicate of an irritant, probably of an organic or physical origin whose toxins result in katabolic necroses, degenerations, culminating in atrophy, with deforming clasps, and extensive adhesions; that, whereas the growth of femininity, charm, and its oscillatory gorgousness cause a men. hyperactivation, manifested by cardiac palpitation and secondary feverishness, optic neuritis, atrophy and paralysis of thought centres; that whereas, the excessive exercise of poor, little valued Freddy Boots, chartered by two of our well fed media girls to act as sole of a boot, in which they serve as ballast is leading to eccentric cartilage hypertrophy and an anaemia, both aesthetic and watery; that whereas, the vexing question of the future of our sport is discussed, the solution of the problem is to organize a team.

The problem presented by the 'solution of the problem' is to organize a team.

John A. Hobson, of the University of London, the greatest living economist, spoke in the auditorium yesterday, upon the general theme of industrial peace. The following are his key points:

1. He stated that the problem exists in New Zealand. It fulfills instrument hours, and saleable and 'four

The Conditions Will Be Met Now

The conditions will be met now. The annual meeting given by longer hours. Labor unions and capital have been by states of labor and capital. The latter is a stupendous undertaking which would thus check all industries. This so-called 'joint trust' is still in the experimental stage. What its outcome may be cannot yet be told. In America the Window Glass Company has such an agreement. The ultimate result is that the increased profit and wage goes out of the consumer.

2. Though there is a danger to the public from a war between labor and capital; and there may be also a danger from settlements.

"The recent coal strike, has shown us that the public has a deep distrust of the coal companies. We will now form a ring and let them fight it out. This public interest is threefold; the inter-dependence of industries, the protection of the consumer, and peace and order. It is said the employer has made an offer to the public, that the settlement will please him. But we have found out, that where the public suffers by the serious illness of his father.

Value not profit is the motto of the Women's Special.

Iowa Spirit
It is pleasing to every Iowan to see the way candidates have been turning out for the spring teams. After finishing the most disastrous football season in our history and with a debt on our hands which threatened the very existence of athletics, it was to be expected that croakers would multiply and that many would lose heart. The response that is being made to the athletic debt canvas and the number of men trying for baseball and track shows that difficulties only increase the spirit of Iowa men. It takes these troubles to reveal the loyalty that exists. The last six months during which the temper of the student body has risen to every immensity and never quailed before disaster have conclusively demonstrated the solid basis upon which Iowa's athletics rest.

The placing of the waste paper boxes on the campus was an excellent idea as was demonstrated by the amount of waste paper strewn over the grass the day they were put up. While this might well have been done before, it is to be hoped now that the boxes are there, they will serve to abate the waste paper nuisance. This will require that each one think enough to throw his own useless papers in the boxes and not give them a careless fling from his hand when through with them.

Prof. Hobson has a very deep and comprehensive view of the labor problem and has at the same time a very optimistic one.

Now is the time for debt card-rassers to finish their work and to file their subscription lists.

Two Books—Two Cents

The Burlington Route has just issued two publications of great interest to homemakers.

“Nebraska” is the title of a 48-page book descriptive of the agricultural resources of the state, profusely illustrated with farm scenes and augmented with an accurate sectional map.

“Big Horn Basin” is an illustrated folder telling all about the rich but undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains wonderful openings for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws.

The publications will be sent to any address on receipt of two cents in stamps. Address J. Francis, General Passenger Agent, Burlington Route, Omaha.
