IOWA SHUTS-OUT DRAKE

ERRORLESS GAME PLAYED AT DES MOINES

Adam's High Catch the Feature of the Contest—Burns Knocks Ball Over Side Fence

Iowa found itself yesterday shutting out Drake in an errorless game played in the capital city by a score of 5 to 0.

Captain Johnnie Vos was in the box and he allowed the Blue and White but 6 hits and they were well scattered. His support was perfect, not an error being made by the Hawkeyes who were out to retrieve the one fatal inning by Decorah the day before. They did it in true Iowa way, getting eleven hits and making a perfect fielding record. The feature of the game was Adam's high catch of a wild throw from first successfully tagging Moore, who was trying to score on Sheldon's single. This was in the last half of the ninth and was Drake's only chance to score during the game. Burns brought down the grand stand in the third by lifting the ball over the left field fence which by the ground rules counted a two base hit.

The first score of the game was made in the first inning on a combination of a hit by pitched ball, an error and a bit of bad throwing by Drake fielders. Switzer went down on a ball in the ribs. Burns sent a hot one to Bobbitt, who let it go on through. Then followed a throw to third and a throw home, but by that time Switzer had scored.

In the third inning Iowa scored again, this time with an earned run. Dye held off with a single and went to second on a fielders choice which gave Hampson first. Switzer struck out and it looked as though Dye would have to stay on third, but Burns the next man up, came in with a timely double and Dye scored. The next man flew out to Rawson, who made a difficult catch looking straight into the sun. In the next three innings Iowa failed to score but in the seventh they secured three. An error by Morgan gave Adams a life at first. Vos bunted and landed safely. Owsley was slow in fielding the ball and Adams landed safely on second. Owsley here went up in the air for a few minutes and Dye, Hampson and Switzer each secured a single which, coming all together, scored three runs. They would undoubtedly have added still more to the total but for the sharp double play Owsley and Walker rang in, in the next two innings. It was one, two, three, with one more double play in the ninth.

The Register-Leader says of the game, "It was one of the best college contests seen here in a long time."

OFF FOR MINNEAPOLIS

Delegation Leaves Tonight Walker Unable to go

E. J. Shannahan, H. E. Hadley and probably Fred Albert leave tonight at 6:35 for Minneapolis where the annual contest of the N. O. L. occurs tomorrow. Henry Walker who won second place at the home contest and was entitled thereby to go to the meeting of the league as delegate from Iowa has been detained at the last minute by extra debating work. It is probable that Fred Albert who won fifth place in the contest on March 17 was selected this afternoon. The IOWAN has arranged for a special wire from Minneapolis after the contest and will give its readers a full account of the contest in Saturday's issue.

Congratulations

We congratulate the Athletic Union management of the State University on its success in raising the Athletic debt. And we congratulate the university on the spirit shown by friends and students generously contributing. Grinnell knows the troubles that comes with such a debt and the feeling of relief that results from payment. The energetic way in which the matter was taken up and the general interest taken by the students ought to be a sign of good support to spring athletics at the university. Any student body will support a winning team but when individuals have to go into their pockets to pay old debts and do it willingly and cheerfully, there is evidence of a healthier and more permanent loyalty to college interests.—Scarlet and Black.

Musical Assembly

The program at assembly today was a musical one. M. C. Roberts M. '06, gave a vocal solo "Tell Her I Love Her So" from DeFaye. Miss Remley '05 followed with an instrumental "The Butterfly" of Lavallee; and Fred Bailey M '04 closed the program with St. Quentin's "Conquered." Mr. Bailey was compelled to respond to an encore, giving part of the "Armorer's Song." The Iowa quartette, who were to have given a number were unable to be present.

Dr. Harriman is reported as considerably better today.

John Iles, M. '06, of Davenport is pledged to Phi Delta Theta.

Prof. Sims has been called to Denver by the serious illness of his brother.

Dr. Joe B. Fickes of Beatrice Nebraska an old S. U. I boy is visiting his parents in this city.

Dr. Eaton of Calamus, and Alden Wessels of Clinton were visiting old university friends yesterday.

The university closed the deal for the Englert property yesterday paying \$5,500.

Pres. Mac Lean has been invited to deliver the commencement address at Purdue University, June 10.

J. H. Lees, fellow in geology, has a fellowship at Chicago for next year.

President and Mrs. MacLean entertained the senior medics last night at their home.

C. R. Aurner '03 has been elected principal of the Tipton schools for next year.

Lee P. Sieg, fellow in physics has been offered a position at Carleton college for next year in the department of physics.

Supt. G. H. Mullin, who two years ago was taking elective work at the university, has been re-elected at Fort Dodge for the coming year at an increase of salary. He will now receive \$2,200.

The Alliance Francaise has sent to Prof. Van Steenderen two large bronze medals, beautifully designed and engraved which will be awarded to the two attaining the highest proficiency in French this year.

Hawkeye Out Tuesday

Manager John F. Kunz states that the 1904 Hawkeye will be placed on sale next Tuesday morning May 5 at 8 o'clock.

Northwestern is planning to establish a tri-weekly newspaper.

At the Inter-collegiate relay races at Philadelphia all the races were run around to the right instead of to the left as is usual.

Prof. Bolton's Second Offer

Prof. F. E. Bolton, who recently refused the very flattering offer of the presidency of the Normal school in Manila, P. I. has received a second letter from Prof. E. B. Bryan who is Government General Superintendent of Education in the Philippines urging him again to accept a position which carries a large increase of salary with it. Professor E. B. Bryan, who was formerly professor of pedagogy at the University of Indiana speaks highly of the climate and condition our insular possessions. The professor has not decided to whether to accept the offer or not.

Competitive Drill

Col. Burnett has announced May 29 as the date of the annual competitive drill. This year drill will be somewhat different from that of previous years. The battalion will be made into two companies. The chief drill will be in the platoon movements, and the markings will be upon the officers of the companies. An effort will be made to get the United States inspector here at the same time.

IRVINGS BEAT PHILOS

First of the Inter-Society Games a 4-2 Victory for Irving

The first baseball game in the literary society series which was played off yesterday afternoon resulted in a victory for the Irvings. The game was interesting and close from the very start and it was anybody's game until the last man was out in the ninth inning when the score card showed 4 to 2 with the odds against the Philomatheans. The game indicated that the forensics can play ball as well as debate, for in all there were only four errors marked up against both teams during the entire game. The battery work was not up to the fielding and many men struck out on both sides although this is accounted for by the fact that the pitching on both sides was good.

Stebbins Praises Varsity

Mayor Stebbins in his address yesterday said of the varsity:

"This is an Institution of which all Iowa is proud—an institution from which there is constantly going forth an influence that is penetrating not only Iowa but the entire northwest.

It is an institution that has done more to mold the destiny of Iowa than any other influence.

You will find in connection with the university, the museum of the State Historical society, filled with its many relics of pioneer Iowa.

There is also the university museum of natural history, containing specimens gathered at great expense from the entire world, and equaled by nothing in the west."

Proper Use of Athletics

President Roosevelt recently in an address before the University of Minnesota stated clearly the proper relation athletics should bear to student life.

He said, "I believe in athletics thoroughly. But let me add one proviso. I believe in them in their place. I don't want to see the boy nothing but an athlete; and when he has become a man I would like to use a much stronger expression than that. It is a first class thing to see a man of 20 who is a good halfback; but if at 40 all you can say of him is that 'once he was a good halfback,' then I am sorry for him. Good hard play is an admirable thing as long as you recollect that it is play. If you mistake it for work, if you

think it is the end better not play at all. If the boy who is a good man on his crew, a good man on his nine, a good man on the team; if when he leaves college treats that as partly an agreeable incident, partly a bit of preparation for the real work of life, which is not without its value, why then it is of service to him. But if he thinks he has struck what ought to be his main profession, then it is a misfortune to him.

To repeat what I said a few days ago, I want to see the young men of America, whether in or out of the universities, fine of body; I want still more to see them fine of mind, but most of all we must hope that they develop well that which counts for far more than body, far more than mind—character.

At the recent senior reception President MacLean and Professor Plum advocated a plan that should receive immediate attention; the forming of a permanent organization by this year's seniors. The object of this is to strengthen the alumni association. Aside from the mere increasing of the association's power, it will make stronger the bonds of fellowship among the members. The strongest supporters of any school are its alumni. Then let them systematically organize that the greatest good may result.

Yesterday the university gladly kept open house for the guests of Iowa City. To let the public overrun the university once in a while is good for both. It tends to counteract the garbled press reports that the public, ignorant of the real facts, read and believe. On the other hand, it teaches the student body to respect and to appreciate a phase of life different from theirs. The good natured spirit of a crowd is at bottom everywhere the same. The apparent difference is in the eye of the one watching.

Better write that invitation to your friend to come to commencement. It is true we will have no senior circus this year; but the star attraction will be the greatest commencement the university has ever known.

Fresh-Soph Meet

In the annual freshman sopho-
more field meet Saturday, the
sophs won by a score of 76 to 50.
This is the first time, since the
class dual meets have been held,
that the first year men have been
defeated. Last years freshmen
team was weak but the cross-
country runs and winter training
have brought out men who are
going to help the university win
the state meet. While Saturday's
records are not unusually good
still the contest has shown the
men what they can do in competi-
tion and has induced some to
train who would not try for the
home meet. The events with the
winners and records are as fol-
lows:—
