SECONe GAME SATURDAY
AMES GAME COUNTS FOR SILVER BAT
Brown, Ames' Twirler, Has a Grand Record.

At spring meet at Grinnell, Iowa's second game in the contest for the silver bat will be played. With Ames on Iowa field, Saturday morning at 10 o'clock, Brown, Ames' twirler, has a reputation for pitching which extends beyond the college world and a close game is expected. You will pitch for Iowa.

THE DUAL MEET

The dual meet with Grinnell will be held on Iowa field Saturday afternoon.
The Grinnell Scarlet and Black faces the Incarnate.

Next Saturday afternoon, Grinnell will meet the University on Iowa Field in a dual track meet. A fast contest is expected. Little is known of the real merits of the university team except that the trainer and men have been "sawing wood" for weeks. All that can be learned is that Grinnell has a fightingleaf on its side. Friday afternoon, the predicted winner of Saturday, though rumors of dark horses on the Iowa City team may be well founded and surprises no doubt be plentiful.

This week, Snavr, McCoy and Anderson go to the Iowa meet and if White runs he will certainly be a point winner. In the distances, little is known of the Iowa runners as no records have been given out and the home meet last Saturday was stopped by rain before the two mile was run off.

The weights and pole vault must be conceded to the Iowa team. Though if the hammer throw record of 45 feet, given out at the home meet, is correct, Grinnell must be well behind on that event. Weinrich, the Burlington high school pole vaulter, is said to be doing 47 feet. In the broad jump, Ross should win, as he has a record of 22 feet, 3 in. and in the high jump, Ross may well be 22 feet this year. Barker has done live feet, 9 inches in the high jump and should win that event. In the hurdles, Anderson should win both, with Bair second, and third a possibility for either school.

Elect Officers

The annual election of officers of the society was held last evening and resulted in the election of Guy P. Linnelle, consel; Mer­ritt Brackett, pro-consel; Charles E. Stuart, secretary; W. Karl Herr­ick, historian; and F. J. Cole, librarian.

Philosophy ballroom is being battled this afternoon on the diamond against the Hammond agreg. The home is the fifth in the inter-society series and will practically determine the order to be held down last place.

S. H. Clegg, L. '93, will deliver the Decoration day oration at Ainsworth, Iowa.

FREW NOT CONSIDERED

Rumor that Dr. J. W. Frew had received an offer from Iowa without Foundation

Dr. James W. Frew, athletic director of the Milwaukee Athletic club, was the subject of a "special" from Milwaukee published in Iowa newspapers this morning. The news purported to the effect that he has received an offer from Iowa to accept the physical directorship and that he was inclined to accept the position.

NOTHING IN STORY

It is stated at the university that no offer of any kind has been made to Dr. Frew in connection with the physical directorship. Furthermore, he is not being considered for the position.

RECEPTION COMMITTEE

Prominent Persons Will Assist in Receiving
at Military Ball

The reception at the Military Ball will be held at nine o'clock. Dancing will commence at nine thirty.

It is announced by the man­agement committee that there will in all probability be no grand march at the ball. A detailed program will be written for the occasion a week or so and will constitute the first dance.

The reception committee as at­tached to the Governor and Mrs. A. B. Cammons, President and Mrs. G. E. MacLean, the Governor's Staff, Wm. and Mrs. A. N. Car­rier, Judge and Mrs. Emlin Mc­Clain, Dean C. N., Gregory, and Miss Gregory, Dean Alice Young, Congress man and Mrs. Wade, Secretary and Mrs. Geo. W. Burnett, Representative and Mrs. George W. Knoutz, Captain and Mrs. R. G. H. Fletcher, L. A. '04, will receive an offer from Iowa to Washington. A badly planned the grand march would not be doubt­ful. in the high jump and should win that event. The cleanliness of our town must involve the improvement of our city. The most glorious ancient city is not the ideal of our modern city. Our city beautiful shall not lack art, beauty and sanitation. The city beautiful must be a clean city.

The ideal city must be artistic. Two factors will be dominant in its attainment; first a plan and then color. From an artistic point of view the only city in the United States which has been properly planned is the city of Washington. A badly planned town can never become beautiful. The city beautiful will have parks, natural ones and broad ones.

"It will be a beautiful city in fact and a happy one. A decent living is possible and there is work here for every honest and industrious family. Whitewater and gerani­ums would transform the factory world."

What is Success?
When so many are discussing whether a college education is an aid to success or not it might not be unprofitable to consider for a moment what such success is really is. Is it the amassing of a great sum of money? Is it the attaining of a political honors? Is it that successful which brings pleasure? Perhaps the last is more nearly success than either of the preceding: It is as old as the bible that neither riches nor power in themselves constitute success. What right then has anyone to set up a standard of money by which to judge of the benefits of a college education? That it stands such a test without losing shows the breadth and strength of our collegiate system, for the obtaining of money is only one of its incidental objects. Success might be said to consist in doing something worth while and doing it well. The greater the thing done and the more perfection in its execution, the greater the success of the doer. To such success, a college education is the best preparation and most efficient aid.

Needs Financial Support
From the colleges comes the news that May festival's music are being held at Yale, Illinois, California, Drake University, Cornell College, and Grinnell. The program which will be given at the armory Saturday is the peer of that of any other institution. Iowans show they appreciate their opportunities in the line of music and turn out in masses to the festival. Like all other things the festival needs financial support and if a failure from this standpoint, will have to be abandoned in future. While the selection of date is unfortunate, with the military hall the evening before and track meet and baseball game the same day, yet it is to be hoped the armory can be packed for both afternoon and evening concerts.

Grinnell's track team has in the past always been an apponant worthy of our best. In contesting with the wearers of the mantle cross, Iowa is assured of meeting a "game" team and one composed of thorough sportsmen.

While speaking of the needs of the university, a conservatory of music such as is maintained at the University of Michigan, Minnesota and others is greatly needed, if demand among the students is any criterion.

THE Burlington Route has just issued two publications of great interest to homeseekers.
"Nebraska" is the title of a 48-page book descriptive of the agricultural resources of the state, profusely illustrated with farm scenes and supplemented with an accurate sectional map. "Big Horn Basin" is an illustrated folder telling all about the rich and undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains wonderful openings for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws. Both publications will be sent to any address on receipt of two cents in stamps. Address J. FRANCIS, General Passenger Agent, Burlington Route, Omaha.
