DUAL MEET

THIS ATERNOON

GRINNELL AND IOWA MEET ON TRACK

Field Meet Being Held on Iowa Field—Grinnell Athletes Confident From "Jack" Watson's Training.

The dual meet with Grinnell college is being held on Iowa field this afternoon.

"Jack" Watson, Grinnell's trainer, brought with him a snappy bunch of athletes and has them nicely trained for the meet.

Grinnell looks to the sprints, the distance runs and the jumps to bring her the victory, should she be successful in the meet.

The confidence of the Grinnell athletes in their clever Scotch trainer. "Jack" Watson is as great as it ever was and they went into the meet full of the hope of victory.

THE GAME WITH AMES.

The phenomenal pitching of the old league twirler Brown and a few badly bunched errors allowed the state college to win over Iowa today. With the exception of the first two innings Iowa played a better fielding game than Ames, but had hard luck at the bat. For six innings the varsity did not get a hit, yet got eight men to bases, in the fourth filling the bases, only to lose all chances of scoring by inability to hit safe.

Brown struck out ten men and allowed only three hits, scattered so as to be harmless. On the other hand, Ames bunched her hits, when the bases were well filled.

In the first innings Whistler went out from Vos to Hampson. Evans was hit in the side by the ball and secured second on a bad throw by Adams. Paine went to first on Hampson's error. Deshler made a sacrifice, scoring Evans, Cotton went down on four balls. Parsons made a pretty three base hit between Dye and White, scoring Paine and Cotton. Smith retired the side with a pop-up to Coad. For Iowa Dye was thrown out at first. Hampson went to first on Whistler's error but was caught at second on Adam's hit. Burns went to first on four balls. The chances seemed favorable for a score but McGregor struck out at the critical moment.

In the second Corrier walked to Vos, who threw Corrier out at third. Evans was hit again filling the bases. Paine hit to Hampson who fielded too slowly to cut off the score but touched Paine. Deshler hit a long foul to left, just outside the flag, which if fair, would have allowed him three bases. On returning to the bat however he struck out, retiring the side.

For Iowa, Van de Stieg and Coad could not hit the ball. White went down on Parson's error and to second on Deshler's. Vos unfortunately hit down the

base line to first, an easy out.

In the third. Cotton hit safe, Parsons went out at first, Smith hit safe. Cotton scored on a high throw by Coad, Corrier going to first. Smith tried to come home when Vos threw to second to head off Corrier but was neatly put out on a clean throw by Van de Steeg. Brown struck out.

Hampson was the only Iowan to see first that inning. Dye, Adams and Burns going out easily.

In the fourth, Whistler hit safe, the last hit for Ames, but was cut off at second. The others went out rapidly. In this inning Iowa had the best chance to score. McGregor went to first on Whistler's error. Van de Stieg and Coad both walked filling the bases. White struck out, with two fouls and one of the St. Joe leaguer's hot ones. Vos came up and hit a swift liner to Brown who threw third, catching McGregor off base and making a double play. So hot was the hit that every Iowa runner was half way to the next base, never thinking the pitcher would do more than stop it at the most.

For the rest of the game Ames went out without a hit or getting a man to second.

Coad secured the first hit for Iowa, a clean two bagger in the seventh inning. The next three were quickly retired. In the eighth Hampson and Adams both hit safe only to have the following men retired one, two, three. It was the same story in the ninth and the game was all over.

Scores by innings:
Ames 3 1 1 0 0 0 0 0 0—5
Iowa 0 0 0 0 0 0 0 0 0—0

The University of Pennsylvania is to have a new engineering building with a floor space of 127,800 feet. It is now expected that the building will be completed by the fall of 1904.

Beginning with next year's freshmen class no art students at Cornell will be allowed to take more than 16 hours a term. This measure has been objected to by some of the students.

Dr. F. E. Bolton goes to West Liberty today to lecture before the Muscatine county teachers' association. His address will be on the subject: "The best things which education can give the Child."

A series of English-made, colored views will be used at All Souls' church on Sunday evening to illustrate Bunyan's Pilgrim's Progress. Many of them were poised from life models. This greatest of allegories is of world-wide celebrity, and is perhaps the most popular of English classics.

The Chicago papers today report the end of the strike at the Bedford quarries in Indiana. This news will assure an end of all fear of delay in the construction of the new medical buildings.

BATTALION BALL

MILITARY PARTY POPULAR

Second Annual Military Party Very Successful—Great Many Guests Present—Gov. Cummins Unable to Attend

The second Annual Military party given by the battalion last night at Smith's armory proved itself quite up to the high standard set by the first one last year. The party although of only two year's standing has become, perhaps the most popular of the university parties as was evidenced by the great many guests present to participate in the happy event. More than one hundred couples were to be counted in the grand march, which took place at nine o'clock, led by Col. and Mrs. Geo. R. Burnett commandant of the battalion. The music for the march was entitled "Col. Burnett" and was sprung as a surprise by the orchestra.

The decorations of the evening were made up of the patriotic red, white and blue bunting which was arranged in such a way as to produce a very pretty effect under the many electric lights of the same colors. Overhead in the center was hung a large university emblem studded with small electric lights. The plan for the stage at the south end of the armory was much the same as that used at the beautiful Delta Tau Delta party two weeks ago except the color effect. Steps led up to a balcony which overlooked the floor. At the north end the orchestra was placed. Flags were in abundance everywhere.

The dance program consisted of twenty-four numbers and six extras, which were made up largely of military music. Refreshments were served at the north gallery during the evening. A number of out of town guests were present.

In the receiving line were: Pres. and Mrs. George E. MacLean, Mrs. A. N. Currier, Dean and Miss Gregory, Miss Young, Captain and Mrs. Howell, Colonel and Mrs. Walter M. Davis and Col. and Mrs. George R. Burnett. Gov. A. B. Cummins who was expected to be here until a few days ago, was detained in Sioux City where he was being initiated into the Shriners.

The management committee of the party was composed of the commandant and staff of the battalion. They are Col. George R. Burnett, Majors R. M. Anderson, and H. E. Hadley, Lieutenants A. K. Hess, J. F. Kirby and Will Baughn.

At the annual freshmen-sophomore contest of the Philomathean society the freshmen represented by H. E. Dow and G. A. Banta won the oration and declamation and the sophomores through their representatives C. M. Miiler and P. J. Kruse secured the debate.

Senior Play

The senior class play which will be put on at the opera house on Monday night of commencement week has been meeting several drawbacks and hindrances but it is now on a good working basis and is being rehearsed five times a week now.

The first drawback was given to the play a month ago when George Hill owing to a great amount of extra work was forced to withdraw from the caste. His vacancy being filled things were running along smoothly until last week, Mr. Carleson a senior engineer was offered a very good position with the Rock Island road and withdrew from the caste to accept it.

Freshies Play Cornell

Manager H. E. Kelty of the freshman baseball team is negotiating with the manager of the Cornell college inter-class league to play the winner of their series a game at Mt. Vernon.

A game for the freshmen with Grinnell's second team at Grinnell is also in prospect.

R. D. Marsh, '02, is working in the city engineering department at Des Moines.

James Rule, ex. '03 has returned to his home in Des Moines after four weeks travel in California.

Erodelphian farce, Monday night, St. Brendan's hall, 8 o'clock "The Detective in Petticoats." Price 15c.

The concreting for the fire roofing in the new medical buildings has been completed on the third floors.

The sixth game of the Forensic League series was played yesterday by the Forum and Zet nines. The laws won the decision with a score of 11 to 3.

A photographer has been taking pictures of the university grounds and buildings this week in the interest of the Iowa State Atlas Co., of Davenport.

Of the six honor men who were selected to speak on commencement day at the University of Wisconsin, four have been on inter-collegiate debating teams and one is a pitcher on the Badger baseball team.

Ed. Rule, ex. '02 now director of the Des Moines Y. M. C. A. gymnasium is visiting friends about the university. Mr. Rule will have charge of the Y. M. C. A. gymnasium here next year.

Tom McLachlin, the university carpenter, has returned from a week's stay in Sioux City, where he attended the state convention of the A. O. U. W., as delegate from the local lodge of that order.

Just a Beginning

The university year of 1902-1903 is rapidly drawing to a close and the various classes of '03 will soon lay aside the garb of university student as they put on that of a fighter in the worlds battles. The years spent by these seniors in the university have been wonderful ones. They have preformed marvelous things. They have, with a great majority of departing saniors, worked transformation.

Take the average senior as he stood four years ago and compare him with what he is now and the change will almost seem incredible. The university indeed, has taught him many lessons. It has taken off a rough edge

here and a sharp corner there. It has shown him the mistakes of his folly in many instances. It has shown him, often, where he was erring and how to avoid doing so. In short, the four years of university training have given him a view point which enables him to see over obstacles which at first loomed up before him as impossible barriers. If he has taken advantage of all the phrases of the opportunity for advancement conscientiously and diligently he now can see and do things which before would have been to him among the impossibilities.

Yes the university has wrought wonders but after all it is but the beginning, just a small start. The real fight is just commencing. If the university has done much for the departing senior the years before him in life's university will do much more. The true old man is one who has kept on developing year after year. He is one who always struggled for advancement, who constantly had a higher aim in view. As he attained one goal he strove for another.

The point is, to the man who has improved his opportunities here the university will indeed be an "Alma Mater" but after all it only furnishes a foundation and just prepares him for the real fight. A senior, while he stands a wonder in comparison with his verdont freshmen days yet has only a small inkling of the things he must know before he can bring home success.

The Minnesota Daily in an article setting forth a new editorial policy for that paper has the following to-the-point statement on a university daily's policy in general:

"A University Daily, in our opinion, has a wider and larger sphere than simply to collect and print the news as it comes to hand. It should stand for some settled principles and it should advocate and maintain those principles in an honest and fearless manner, using its influence for the betterment and improvement of the University which it represents."

The Cardinal says the Badger team appears to be, not too gentlemanly but "too ladylike, even perhaps, too old-woman-like."

All students in the college of liberal arts who find it necessary or desirable to shorten the time for completing their course in the interest of an entrance upon professional courses, or for other reasons, or who must do extra work to graduate with their class, are advised and strongly urged to take advantage of the summer session for this purpose. There is reason to believe that the faculty will in the future, more narrowly restrict the allowance of extra hours, especially in view of the opportunities offered by the summer session.
