The rain today effectually forbade any and all outdoor sport and nothing was done in the state tennis tournament. The teams began coming in last evening, and by shortly after noon all were here, the last to arrive being State Normal. The last mentioned team together with the players from Penn College, Cornell College, and Grinnell are at the St. James. M. B. Holbrook and D. T. Tall who will wield the racquet for Ames, are registered at the Burkleimer Imperial.

The Penn players are W. T. Thomas and Class. Howard. Cornell is represented by Birchard Brush and C. G. Voran in the doubles and Joe Maxwell in the singles. Grinnell brought two men, Harry Belden and Alexander Blatherwick, but it is not determined who of them will play the singles. Normal came in with three men shortly after noon. Her players are: singles, A. Donohue, J. S. Smith, and Roy Hoats.

As six teams are entered in the Tournament No. 1, it is not necessary to have a bye either in the preliminaries or semi-finals and of course the bye was allotted to the preliminaries. The drawing for the byes and for opponents in the first round of the tournament was held this morning and resulted in Iowa's getting a bye. The singles and being matched with the fast team from Cornell in the first round of the tourney.

The tournament will be started whenever the rain lets up as the tennis courts dry quickly.

take-part in a contest debate. Entering Yale as a sophomore with only 800 original capital. While thus working his way he successfully managed the debating team in a contest with Harvard, received the Townsend prize for the best essay, the De Forest prize for the best oration, and was elected a member of Phi Beta Kappa. That such a one should be honored among the 100,000 undergraduates of this country is a tribute to the democracy and worth of our colleges. In college life to the highest degree, is the American democratic spirit prevalent and everyone must rise or fall on his own merit and attainments. That Mr. Lehman should win his way to honor shows that neither wealth nor position are necessary for success in the college world.
