TENNIS TEAMS

DRAW PLACES

IOWA GETS BYE

Hawkeye Players Draw Bye in the Singles—Draw Cornell in the Doubles—All Teams Here

The rain today effectually forbade any and all out-of-door sport and nothing was done in the state tennis tournament.

The teams began coming in last evening, and by shortly after noon all were here, the last to arrive being State Normal. The last mentioned team together with the players from Penn College, Cornell College, and Grinnell are at the St. James. M. B. Holbrook and D. O. Tellier who will wield the racquet for Ames, are registered at the Burkley Imperial.

The Penn players are W. T. Thornburg and Chas. Howard. Cornell is represented by Birchard Brush and C. G. Yoran in the doubles and Joe Maxwell in the singles. Grinnell brought two men, Harry Belden and Alexander Blatherwick and it is not determined who of them will play the singles. Normal came in with three men shortly after noon. Her players are: singles, A. C. Joy; doubles, J. S. Shearer and Roy Hoats.

As six teams are entered in the tournament this year it was necessary to have a bye either in the preliminaries or semi-finals and of course the bye was allotted to the preliminaries. The drawing for the byes and for opponents in the first round of the tournament was held this morning and resulted in Iowa's getting a bye in the singles and being matched with the fast team from Cornell in the doubles. The results of the drawing:

Singles:—Penn plays Cornell; Grinnell plays Normal; Ames and Iowa drew byes. Doubles:—Iowa plays Cornell; Grinnell plays Ames; Normal and Penn drew byes.

The tournament will be started whenever the rain lets up as the tennis courts dry quickly.

No Ball Game

The varsity was ready to leave for Grinnell this morning to play a league game with the Iowa college team but Manager McClain got word from Grinnell not to come as the grounds were too wet to play on today. A game is scheduled with Drake University in Des Moines tomorrow, and another at Ames Saturday, the latter being a league game.

E. E. Hasner, L. '73, is a prominent attorney of Independence.

Ed Jones leaves today for Spokane, Wash. where he will engage in the real estate business.

The senior laws will have an examination in equity and equity pleading Saturday morning commencing at nine o'clock.

NEW PROFESSOR CHOSEN

Prof. Frank Wilder will Take Place of Dr. George

Prof. Frank Wilder, of the University of North Dakota will occupy the professorship in the department of geology of the university left vacant by the resignation of Russell D. George, professor of petrology and economic geology. Prof. Wilder will in addition act as the head of the new mining school which is being organized this year.

Prof. Wilder now occupies the professorship of geology in the University of North Dakota and is director of the state geological survey. Prof. and Mrs. Wilder will move to Iowa City in September.

Sound Words of Sense

The Iowa City State Press has the following to say of the policy of the state in compelling graduates of the university professional colleges to pass before state examining boards: A state institution ought to represent the maximum, but it is too bad that the state should make its laws on the basis of the minimum, and through certain examining boards injure its own schools; it is too bad that the graduates of its own schools should be compelled to take an examination designed to keep out incompetents. The sooner the state honors the diplomas conferred by itself and cuts loose from the miserable fee system of plucking the dollars from the holders of its own diplomas of proficiency, the better for the state. The state has kept its requirements at the very top notch, and yet for the sake of taking fees for some boards, it has made the diplomas of its own school of no greater value than those of the very schools it boasts superiority over. Some day there will be a board of regents, or a board of control, with spunk and pluck to take this matter into the legislature and make a fight for the honor and dignity of the state, even if it does cost the party a sheriff or a supervisor in some county, or lose a job to a doorkeeper or committee clerk."

Supt. Crane Speaks

Supt. Wm. I. Crane, of Marshalltown, spoke to the class in Shakespeare this afternoon at 2:30 the consideration of King Lear being postponed. Prof. Crane's topic was "The Interpretation of Literature." At three-thirty Prof. Crane addressed the students of the department of pedagogy in the pedagogy lecture room on "The Development of moral Selfhood."

Dr. John L. Klein, M. '97 is enjoying a lucrative practice at Muscatine.

Prof. Allen Johnson of Grinnell lectures tonight in the general lecture room before the graduate club.

MINSTRELS PLAY TO CROWDED HOUSE

SCORE COMPLETE SUCCESS

Good Chorus and Soloists—New Gags, Jokes and Local Hits—Will be Repeated this Evening

A crowded house greeted the University minstrels when the curtain rose at the opera house last night.

It was an enthusiastic audience too and round after round of applause was given the soloists and specialties. In the first part of the program solos were rendered by Messrs. Smith, Fordyce, Clark, Hull, Huff, Bailey, Hall and O'Brien. The work of Messrs. Bailey and Hall is to well and favorably known to need comment. Neither of them lost any of their reputation as bassos last evening. Mr. R. P. Clark rendered "Message of the Violets" in a beautiful strong baritone and his solo "The Bandelero" later in the entertainment was a genuine musical treat. The work of the chorus was good especially in "We're all Here."

Part two was mainly devoted to specialties. The first was a skirt dance by M'le Roulier (alias Doc. Owen) which was very funny. The next was Doc. Fordyce's Illustrated Spasm "Eva." In this the chorus appeared through holes in the curtain just large enough for a head and the whole effect brought down the house. Masters Gerber and Zimmerli, the tumble-bug twins, were no bigger than a minute but completely at home on the stage and fearless little acrobats. The famous O'Brien Brothers followed and gave an exhibition of mat gymnastics. The pyramids and groups formed were the best part of this work. Hull and Huff sang "Under the Bomboo Tree" in catchy style and gave some of their clever waltz, clog and buck and wing dancing. The funniest thing of the evening was Shorty's system of talking confidently to Molly by standing on a ladder propped against Molly's waist.

Part three was a genuine southern levee scene with the crap game going and the crowd dancing. Several clever clogs were executed by Denny, Thompson and Perrin and Hull and Huff. Parson Owen closed the evening's performance with his song "Tildy Ann" accompanied by the full chorus.

Owing to the great success accorded the show last evening and the fact that many who wished to attend could not obtain seats the performance will be repeated at the opera house this evening.

The university alumni of Denison in conjunction with all the graduates of other colleges resident there, will tender a banquet to President MacLean on Saturday evening, May 30, on the occasion of his visit to that town to deliver the baccalaureate sermon to the graduates of the Denison High School.

Democracy of our Colleges

Eugene H. Lehman of Colorado is the first American to have assigned to him one of the Cecil Rhodes scholarships. It is interesting to note the previous college career of this student who is thus singled out for his attainments, and has the eyes of the college world upon him. At the end of his high school course he found himself with an ambition to go to college but with no money. He went to the University of Colorado and waited table for the three years he was there, finding time in addition to make the football team, to win the Griffith prize for oratory, the Ten Eyck prize for oratory and to

take part in a contest debate. Entering Yale as a sophomore with only \$100 in his pocket, he waited on a table, wheeled an invalid in his chair at twenty-five cents an hour, bid for and prepared the programs of the athletic games, canvassed Massachusetts as a blackboard agent and tutored in Greek and Latin, never spending all of his \$100 original capital. While thus working his way he successfully managed the debating team in a contest with Harvard, received the Townsend prize for the best essay, the De Forest prize for the best oration, and was elected a member of Phi Beta Kappa.

That such a one should be honored among the 100,000 undergraduates of this country is a tribute to the democracy and worth of our colleges. In college life to the highest degree, is the American democratic spirit prevalent and everyone must rise or fall on his own merit and attainments. That Mr. Lehman should win his way to honor shows that neither wealth nor position are necessary for success in the college world.

THE CAPITAL CITY COMMERCIAL COLLEGE
 Y. M. C. A. Building, Des Moines, Iowa

IS the largest and most successful commercial school in the west. Nearly one thousand students attend it each year. There are sixteen members in the faculty. The school has a national reputation and is everywhere regarded as a leader among business training schools. It occupies a position among institutions of this character similar to that of Princeton, Harvard and Yale among the leading colleges and universities. It has become famous throughout the western states by reason of the thorough work it is doing in the way of fitting young men and women for active commercial pursuits. Hundreds of our graduates are today occupying responsible positions in the principal cities and towns of the west. Call for our elegant new catalogue. It contains detailed information relative to the work of the various departments. Address, W. H. McCauley, Pres., Des Moines, Ia.

All students in the college of liberal arts who find it necessary or desirable to shorten the time for completing their course in the interest of an entrance upon professional courses, or for other reasons, or who must do extra work to graduate with their class, are advised and strongly urged to take advantage of the summer session for this purpose. There is reason to believe that the faculty will in the future, more narrowly restrict the allowance of extra hours, especially in view of the opportunities offered by the summer session.
