PROF. VEBLEN SPENDS SUMMER IN EUROPE

Collects Two Hundred Negatives
To be used in Illustrating Ancient Shipbuilding

Prof. Veblen of the Department of Physics during the summer visited the home of his ancestors in the Scandinavian Peninsula. While in Norway he gave much time to pursuing the life and conditions of the country people. Though many miles from home his patriotism did not wane. On July 4th a celebration was held in the customarily American fashion. The program consisted in singing "America," reading the Declaration of Independence in the Norwegian language and having the accompanying oration which was delivered by Prof. Veblen.

During this journey the professor secured some two hundred negatives of the majority of which are scenic, the others pertaining to shipbuilding. These in addition to some negatives here previously secured will greatly aid him in pursuing that subject. Before returning to America Prof. Veblen also visited the Universities of Christiansia and Upsala, the latter being the oldest university in Sweden.

MARRIAGE DARS FROM COLLEGE

Beloit Senior Breaks Odd Rule and is Punished by Faculty

Contrary to the regulations of the senior class of Beloit College, he will not be permitted to finish his courses this year because during the summer vacation he traveled to Europe. This is for this reason that he has not been barred from further study in the university. The laws of the college forbid students marrying while attending college, and Buck must pay this penalty for marrying Miss Della M. Simpson of Epsom, Iowa, on June 25.

Buck was a leader in athletic, musical and oratorical circles, and was a member of the college male quartet last year.

His claim is that he is so disposed to have him reinstated, but the faculty has refused to do so, saying the rule against marrying must stand.

Chess Club

The Hawkeye Chess Club will have a business meeting Tuesday at 6:00 P. M. in the General Assembly Hall. The business before this meeting will be the election of officers and the consideration of the report of the committees.\n
A NOTED ALUMNUS

PARK BARSTCH VISITS THE CITY

Is Collecting Geologic Specimens for the Smithsonian Institution

Paul Barstch a graduate of the liberal arts college of the class of 1893 left Saturday night for the east after having been a student in the Missouri geological formation. His work will be in the interest of the Smithsonian Institution of Washington, D. C., with which he is connected.

Barstch holds the chair of botany and geology and biology at Columbia University. He has also been connected with the Howard University. He is considered as one of the leading scientists in petroleum of the world.

The coral beds, across the Mississippi from Iowa, are scenery, the others pertain to river from the university, are good. Misses Sawyer and Colcord have been the librarian of the historical library. They hold Iowa for downs, however at the moment they are in rapid succession, the subject will be "Library Opportunities." He is well known in national library circles, and is a contributor to the leading magazines treating of library subjects. Other speakers at this convention will be Pres. Geo. E. MacLea., Dr. B. F. Shambaugh, who will read paper on the historical society and Miss E. A. Ahern, of the Rochester, editor of public libraries.

HAMILTON ORATION

Rules Governing the Contest

A new field of oratory is opened to students at the University of Washington by the Hamilton Club of Chicago. This organization offers a first and second prize of $25 each for the best oration on Hamilton or his contemporaries or the events with which he had to do.

The under graduates of the University of Illinois, University of Chicago, University of Indiana, Iowa, Michigan, and Wisconsin are under the northwestern university and Knox College are eligible to participate in this contest.

Every contestant will be allowed $25 to defray the expense of getting his oration printed. Fifteen copies of the oration must be sent to the chairman of the committee so that they will reach him before November 15. Eight of these must contain the name of the college and author and the other seven be sent without these names. The oration must be printed with brevier type on twenty-four pound folio writing paper. The pages should be four by six with one and one-half inch margin.

From all the orations received four will be selected to be delivered in the final contest held each year in Chicago on January 11, or the night preceding the 11th falls on Sunday.

At no time will the contestants be allowed a certain sum each by Mr. Adeline Hartley for their expenses. This allowance for an Iowa is $25.

As the field for selection of subjects is broad and often enervatingly dry, it is hoped that several Hawkeyes will enter the contest.

LIBRARIANS MEET

STATE ASSOCIATION TO BE HELD THIS WEEK

Several University People Will Take Part—Program will be Interesting

The annual convention of the Iowa Library Association will be held in Marshalltown Monday and Tuesday of this week.

The principal lecture of the meeting will be delivered by John Carter Dana, public librarian of Newark, N. J., considered to be one of the most progressive library men of the day. His subject will be "Libraries and the University." He is well known in national library circles, and is a contributor to the leading magazines treating of library subjects. Other speakers at this convention will be Pres. Geo. E. MacLea., Dr. B. F. Shambaugh, who will read paper on the historical society and Miss E. A. Ahern, of the Rochester, editor of public libraries.

Misses Sawyer and Colcord have been the librarian of the historical library. They hold Iowa for downs, however at the moment they are in rapid succession, the subject will be "Library Opportunities." He is well known in national library circles, and is a contributor to the leading magazines treating of library subjects. Other speakers at this convention will be Pres. Geo. E. MacLea., Dr. B. F. Shambaugh, who will read paper on the historical society and Miss E. A. Ahern, of the Rochester, editor of public libraries.

MISS DAVID D. SAWYER

Assistant librarian of the historicallibrary, eyre hold Iowa for downs, but are in rapid succession, the subject will be "Library Opportunities." He is well known in national library circles, and is a contributor to the leading magazines treating of library subjects. Other speakers at this convention will be Pres. Geo. E. MacLea., Dr. B. F. Shambaugh, who will read paper on the historical society and Miss E. A. Ahern, of the Rochester, editor of public libraries.

JONES IS THE STAR OF GAME

In spite of the heavy rain on Saturday afternoon, Iowa played the game scheduled with the State Normal team, and succeeded in running up the score of 29 to 0. The Hawkeyes played in all kinds of weather from brightest sunlight to heavy rain. The field and showers were very good being covered with a heavy growth of grass. This was greatly appreciated by the Iowa team, after playing the first two games in the rain.

Iowa started to play ball as soon as the whistle was blown, and by long end runs and fine line backing succeeded in scoring a touchdown after 9/4 minutes of actual play.

After this the touchdowns were made in rapid succession, and the ball was in Iowa's possession during almost the entire game. Once did the Normal boys hold Iowa for downs, but several times they secured the ball on fumbles. On the other hand, Iowa repeatedly held the Normal team for downs and forced them to kick. A greater part of the second half was played in a heavy downpour, and this did not seem to materially affect the playing of either team.

Of the six touchdowns made during the game, Jones made three, and Stewart is credited with each score one. Jones did fine work and kicked five out of the six goals. The touchdowns were rather unexpected, as he never secured the ball on a fumble and carried it thirty yards through the entire Normal team. All of the players did good, work and Jones and Griffiths were unusually good.

The Normal team depended mostly on the work of Straw and Stew and Tom Jones at full. All did fine work, and were in the game both on offense and defense.

The playing of the Iowa team was good, and with good weather this week there is no doubt that the team will be able to meet Drake next Saturday.

Customer orders and subscriptions taken at the Arcade Book Store, and at the Iowa Office.

Address all communications to the Daily Iowan, Iowa City, Iowa.

Every student will look in The Daily Iowan for official notices as all the official orders are published there. I would advise every student to subscribe for the Daily Iowan.

President G. E. MacLean.

The lack of spirit shown by the freshmen this year, in the cross country, runs stands out in sharp contrast with the record of last season when the class cup was won by "Liberal Arts '06.

Board Changes

The Iowa board wishes to announce the promotion of O. Longwell who has had considerable experience in newspaper work and will add strength to the board. He will for the present have charge of the athletic work, and we can assure our readers of some ably edited articles.

It is with the greatest regret that we are forced to accept the resignation of J. T. Knoa as associate editor. Mr. Knoa has been with the Iowan since the beginning and has been an able worker as well as a pleasant associate.

Monday Issue

Starting with today the Iowan will again make its appearance upon Monday. Since the Iowan was started two years ago, it has been the hope of the management to be able to issue six times a week instead of five. To do this means a heavy additional expense as well as more work for the editors. The management believes that it can be successfully done. They believe that a university like Iowa demands it. The question remains will Iowa support it? To do it we must have subscribers and advertisers. And aside from financial aid we must have the moral support of students, faculty and townpeople. It is only when we have such support that we can make a paper that will be a pleasure to you and a credit to the university.

A MONDAY ISSUE OF THE DAILY IOWAN

The Daily Iowan begins today the publication of a Monday issue. It was the intention of the founders of the Daily to issue on Mondays as soon as possible, making an issue for every work-day.

The continuance of the Monday issue throughout the year will depend largely upon the support given it by the university students, professors and alumni.

If all the students who do not now subscribe will send in their subscriptions, the manager of the Daily Iowan promises a Monday issue throughout the year. The Iowan is fairly entitled to hearty support from every student. It is the university newspaper published for the university, does a great deal for the university, and is just as good a paper as its university support permits it to be.

The way to support the Iowan is to subscribe for it. $2 anytime before January 1, or $2.50 after that date.

Roy A. Cook,
Manager Daily Iowan, Iowa City Iowa.

Dear Sir,—Please send me the Daily Iowan for the university year 1906-4.

Address: Daily Iowan, Iowa City Iowa.

My dear Son,—
I am glad to hear from you, and to know that you like Iowa City. I am sure as you know the situation, you will find some of the brightest spots in your life will be associated with your stay at Iowa.

Do not get discouraged. Emerson says, "He is only a well made man, who has had good determination."

I would not advise you to look for trouble. Some of the men who have dropped remarks for your benefit probably have recollections of their experiences. Use your best judgement. Do what you think is right.

As to the Fountain Pen. By all means buy a good one, and get a Parker "Lockey Curve." I have been using one for five years, and it has operated perfectly, while the Blank which Charlie has, smears his fingers so much that I do not want you to be so troubled, but buy the right kind. The Accident Policy you will get with the Parker will probably be worth, in the course of a year at least $1.00 to you. Let us know how you like the pen. Get the Parker No. 24.

Old Bill seems to miss you, as every time I walk in the stable, he whinnies and looks around much as to say, "Is that you, John?"

We will expect to hear from you at least once a week. Your sister Vivian sends her love.

Yours affectionately,
Olden H. Williams.
