Nebraska's First Trans-Missouri Game Will be on Iowa Field Saturday

IOWA CITY, IOWA, MONDAY, OCTOBER 26, 1903

Nebraska's first Trans-Missouri game this season will be played on Iowa field Saturday. No reliable comparison of Nebraska and Iowa can be obtained from the games the Cornhuskers and the Hawkeyes have played this year. The Nebraska coaches have defeated the University of Denver, the University of Colorado, and the Boulder Indians. Unfortunately, nothing is known of the strength of those teams, and hence Nebraska's strength will remain an unknown factor to Iowa until the game Saturday. Nebraska has most of her old team back this year, however, and the results are expected to be excellent.

TEST IS SET FOR FRIDAY AFTERNOON

Iowa has not played Nebraska in football since 1900, when the Huskies were defeated 31-0. The previous year Coach Yost of Nebraska, and A. L. Gordon of Iowa directed the Thanksgiving game with Nebraska 6-5.

Nebraska comes to Iowa field expecting victory. A large portion of this hope is due to Iowa's running against Minnesota.

A game between the Iowa second team and the high school team will be played as a curtain raiser to the Iowa-Nebraska game.

IOWA 17, GRINNELL 0

Grinnell, who has been on the Ward field Saturday, Grinnell played a good defensive game, however, and had numerous fumbles. Iowa's running was well handled, Coach Calhoun put his substitutes in for Capt. Couthard, and the game was not a material one to save them for the Nebraska game.

Gibbs scored the first touchdown on Iowa for center end and tackle backs and took the ball down field to Grinnell's goal line. The Iowa third touchdown was made in the second half by Griffith on a fifty-five yard run after picking the ball up from Capt. Van Lieu's fumble of a punt.

The Iowa backs showed improvement in running with the ball, but in running, in the interference in the plays, system of high school inspection had been followed.

The showing made by Knapp and Coyle, the substitute ends in the second half was a real surprise to the fans.

The demand for our graduates is excellent. The biennial report of the president and regents of the university goes to the governor this afternoon. The report is a long and exhaustive one. Every detail of the work of the university is carefully shown. The following is a brief synopsis of the report.

PRESIDENT'S REPORT

The outside relations of the university give proof that it is recognized as the representative institution. Our faculty and student members belong to numerous national and international societies of learning. Our Medical college is represented in the American Medical Association and the University as a charter member of the national association. The system of high school inspection and the calls for the Wisconsin extension work show our relation with the people of the state.

The demand for our graduates exceeds the supply. This is particularly true in the teaching professions to Accommodation college is one of the largest in the west with students actually in residence. It has received the informal endorsement of the standard colleges of the country.

REGENTS' REPORT

The people of Iowa do not like to be second. Adjacent states have already outclassed in products of farm or factory. Their financial and industrial enterprises are sound. There is thrift and comfort in every home, especially in public or private charities for the unfortunate. Our schools have received the highest marks. It is remarkable the state, the head of the system alone being hindered and handicapped by the lack of adequate support. At the end of forty years the university has received just $400,000 for the construction of its eight buildings. Adjacent states have far exceeded Iowa in the building equipment of their universities. Recent legislation has given us a one-fifth mill tax for building for the next four years. But other western universities have also increased their support fund, and are not only increasing the value of their work but are increasing it in equal or in excess of it. Illinois, Wisconsin, Minnesota, Nebraska, and Missouri, have been active in the same way. Ours is less by $240,000.

Miss Maie Wright, who teaches at Wilton, spent Sunday with her sister Lette Wright L. A. 96.
