No. 116

## DEBATE MAY BE OFF

### DISAGREEMENT OVER THE LOCATION

Neither Nebraska nor Iowa would stand the expense of the contest at Council Bluffs.

The discussion over the place for holding the Iowa-Nebraska debate this year may result in the calling off of the contest altogether. Nebraska does not want to hold the contest at Lincoln because of the financial drain upon the Nebraska debating treasury caused by the holding of two other contests there, and Iowa does not want to hold it at Iowa City because of the financial condition of the debating league under whose auspices the contest would have to be held. At a meeting of the debating league last night the matter of holding the debate away from either one of the university towns was talked of and the committee having the arrangement of the contest in charge was authorized to make an effort to have the debate pulled off at Council Bluffs or Sioux City. The former named place was preferred inasmuch as it is closer to both Iowa City and Lincoln and is also near to Omaha which naturally contains many Nebraska alumni.

If the debate is held in any of these places the two schools will stand their own expenses and depend upon the patronage to get their return. Nebraska's consent has not yet been received to this proposition.

The arrangements for the debate were already well completed. Irving and Zetagathia had both selected their preliminary teams and were almost ready to hold the preliminary contest. Nebraska had submitted a question and Iowa had announced her preference of sides.

It is expected that the doubt about the final contest will not interfere in any way with the preliminary contest between Irving and Zetagathia. This may be held on the evening of April 13. The two societies will debate the question that would have been debated with Nebraska.

### Concede Championship

Concerning the last basketball contest between Iowa and Grinnell the Scarlet and Black says: "This gives the university the undisputed title to the state championship, although their real superiority is not so obvious to those who have witnessed the contests. The final contest was thrillingly close throughout, their being but little to choose between the two teams. It is at least interesting to note the proportion of fouls called on the two teams—on Grinnell, 20; on Iowa 7. Griffith was easily the star performer for the old gold, while Fillmore did the best work for Grinnell.

## TO UNITE SCHOOLS

### RESOLUTION INTRODUCED IN THE HOUSE

Attempt to Prevent Duplication of Work at Ames and Iowa Limit Spheres.

A movement toward limiting the spheres of the school at Ames and the state university was started in the legislature yesterday when Representative Hambleton presented a resolution providing for a committee to make recommendation regarding a consolidation of the work of the two schools. The final clause in the resolution is as follows:

Resolved, By the house, the senate concurring, that a committee of four from the house and three from the senate be appointed to take into consideration the advisability of a consolidation and concentration of educational interests as to courses of study in the Iowa State university and the Iowa State Agricultural college and report with such recommendations, plans and outline of word after due consideration and advise, giving such information as may be for the better understanding and enlightenment of this assembly in the future success of our educational work.

### Irving Elects

Irving Institute held an election of officers at the business meeting which followed the regular literary program last night. Ed Rule was chosen president for the coming term and John F. Kunz vice president. VanDerZee was elected corresponding secretary. Following the election the customary feast was indulged in at the Bon Ton.

Irving also named two members of her preliminary debating team last night. The ones chosen were McFadden and Swaine. The third member will be chosen after the spring contests are held.

The Irving members were addressed last night by Dr. Rogers of Wapello. Dr. Rogers was a member of Irving fifteen years ago and he told the present members of the changes that had come about in the intervening time and complimented them upon the standard of work maintained by the Iowa literary organizations.

W. J. Doyle of Davenport of the class of '04 is calling on friends in the city.

Margaret Safley is visiting her sister Agnes Safley, M. '04 over Sunday.

There will be an election of Y. M. C. A. officers tomorrow afternoon at the close of the regular Sunday meeting.

H. C. Anderson has been elected as Junior orator to represent the Zetagathian society in the coming junior contest.

## PROTEST IS ENTERED

### ALUMNI ADOPT STRONG RESOLUTIONS

Will Look After University's Interests—Strong Campaign Is Inaugurated

Resolved, by this meeting of alumni of the State University, That we hereby declare our friendliness to all of the great state educational institutions of Iowa and our belief that each of them should be so generously supported that it shall continue to rank among the best of its kind and class in the country. We appeal to the legislature to pursue a broad and liberal policy toward these useful institutions; increasing their facilities as the growing wealth of the state shall make practicable. We are earnestly in favor of maintaining at the State University all of its present departments and all of its present departments that are maintained at other state universities of the land, including the engineering department, believing that Iowa—one of the greatest of states—should keep steadily in view the purpose to make its university the peer if not the superior of any other. To this end we ask that a liberal appropriation be made by the present general assembly.

John J. Hamilton  
J. J. McConnell  
W. Q. Finkbine  
Committee.

Nearly one hundred alumni of the state university assembled at an enthusiastic meeting at Des Moines last night. The meeting was called for the purpose of making a formal protest to the legislature for its cutting down the appropriation to the state university. Alumni from various parts of the state were present at the meeting and many made speeches. Among those of the out-of-town people who spoke were C. F. Kuehne of Denison, Judge Oliver of Onawa, ex-Senator Ball of Iowa City, Prof. J. J. McConnell of Cedar Rapids, C. H. VanLaw of Marshalltown, P. K. Holbrook of Onawa, A. E. Swisher of Iowa City and ex-Attorney General Milton Remley, also of Iowa City. Others were also there in a body from Iowa City to take part in the meeting.

The general plans of the alumni will be to systematically induce the legislature to treat the university more liberally than has been done. The resolutions which were passed will be presented to the senate by Senator Gilliland and an organized effort will be made to get Iowa's appropriation increased.

### Tennis at Minnesota

Interest in tennis at the university of Minnesota is running high as the following from the Minnesota Daily indicates:

The association has already received invitations for intercollegiate meets from Nebraska and Iowa, and word is expected daily from Michigan and Wisconsin.

The large influx of new members into the association this spring will greatly stimulate its finances so that it is probable two at least of these invitations will be accepted.

## YELLOWSTONE PARK

### PAPER AT BACONIAN BY PROFESSOR WILDER

Some of the Phenomena Found in This Interesting Region Picturesque Scenery

The paper at Baconian last night was by Prof. Frank Wilder on the interesting subject "The Yellowstone National Park." A synopsis of it follows:

The Yellowstone region has long been known. The reports of earlier visitors were not believed. In 1870 the United States Geological survey sent out an expedition to explore this country. The report was so striking and startling that this section was soon set aside by the Government as a National Park.

The range of phenomena here is not so very great. The Geysers and Hot Springs usually attract first notice. This is not the only Geyser and Hot Springs region, others being found in Iceland and New Zealand. The Terraces in connection with the Hot Springs are surprisingly picturesque being formed by the desposition of Siliceous matter by the water and the whole variously and beautifully colored.

Next in importance perhaps is the Grand Canyon, which while not so deep or extensive as the Colorado Canyon, surpasses in shades, tints and color effects.

There are two waterfalls in Yellowstone river. These are not great when compared with Niagara and yet the leaps of these falls are notable. The lower fall has a depth of 308 feet while the upper fall leaps downward some 100 feet.

The area of the Park is over 3,000, square miles, the elevation averaging 8,000 feet. The animals in the park are interesting. Deer are numerous, waterfowl of many kinds abound and buffalo are often seen. They are doing fairly well in perserving the buffalo by the infusion of fresh blood from herds in the south.

Bears are perhaps the most interesting, they come about the hotels every evening foraging for food. They are not dangerous unless one gets between them and their young.

There are weighty Geologic problems here but it is the poetic, the picturesque, the wierd and fantastic which the traveler sees.

The budget, which will set forth the results of the investigations of the committees on appropriation to the various state institutions, and their recommendations will be presented to the legislature on next Monday. Just what this schedule will contain is a much disputed and anxiously awaited question, and it is to be hoped that the recommendations will not be in entire accord with those already sent out.

The Nebraska Debate

Before making final decision about the holding of the Iowa-Nebraska debate away from the university towns, the Debating League should consider carefully. It must be taken in mind that much of the support that is given to debating nowadays comes as a result of personal interest in those composing the teams. When the debate is held in a university town this is naturally large. More than that, there is the society interest, and the still larger interest in the cause the the home team is upholding. Away from a university town this would be lacking. There would be only the interest of alumni members of the two institutions to draw from. To be sure the novelty of the contest would be greater in an outside town, but this could not be depended upon for financial support.

The debating league hesitates to bring the Nebraskans here this year and stand all of the expense, largely because it does not know whether or not it cares to debate with Nebraska next year. Iowa feels that it would be more advantageous to continue the annual contests with Wisconsin. Iowa should not hesitate to enter into a two year's compact with Nebraska. The westerners have made an enviable record on the rostrum and their debaters are worthy foes for the best. More than that, Iowa should feel under no obligations to Wisconsin after the shabby treatment she has been accorded by the Badgers this year in both basketball and debate.

EXCHANGE

A recent storm in California did a great deal of damage to the campus at Leland Stanford and the University of California. Many ornamental trees were blown down and bushes damaged.

Harvard University has inaugurated a new plan of maintaining the university hospital, Stillman Infirmary. Beginning next year, every incoming student will be charged a fee of four dollars. On the order of a physician, any student in case of sickness will be entitled to a bed in the infirmary, board and ordinary nursing at no further expense. Unmarried members of the faculty will be allowed the same privilege.

## AMUSEMENTS

"Weary Willie Walker" the big musical fun show which comes to the Opera House next Tuesday night has the benefit of capable stage direction in the person of Mr. Eugene Spofford who is responsible for the production of several of the well known musical comedy successes.

### Trouble at Brown.

Because President Faunce and the Faculty committee on athletics at Brown would not permit the Brown athletic board to carry into operation the rule it lately passed permitting professionals to play upon the Brown athletic teams, seven of the board, composing the majority have resigned. In an open letter "the majority" state that the new code of eligibility which they wished to introduce was drawn up in "absolute good faith, after mature consideration, and acting as we firmly believe, for the best interests of Brown," and as the faculty committee are opposed to it, they feel that they must resign.

All persons having claims against the Athletic Board are requested to present them at once to George R. Burnett, Chairman.

**Philo-Octave Special**

The Octave-Philo special program was given before a large audience in Philo hall last night. The program was begun with a cornet duet by Messrs Crause and Byrnes to which they also played an encore. Miss Kimple rendered in a pleasing manner one of Riley's selections. Mr. Resser followed with a well delivered oration on "The Passing of a Nation" a plea in behalf of the Boers. In the debate Miss Blum and Mr. MacLane convinced two judges that the action of the southern states in disfranchising the negro is justifiable. Mr. Banta concluded the literary numbers by a well rendered recitation. Miss Higley concluded the program by a vocal solo. She responded with an encore.

**Trouble at Grinnell**

Trouble is brewing at Grinnell college over a recent action of the athletic board. Some time during the year the class of 1904 selected pins having as a part of their make up the emblem known as the "honor G" of the school. The emblem, which consists of a black G on a scarlet maltese cross is that awarded to the successful athletes of the school for membership on the football team or for winning a certain number of points in the state meet. As an emblem for a sweater this had long been sacred to the use of the athletes.

The Illini: The grievance against Wisconsin which has been complained of by both Minnesota and Iowa, have provoked a decided denial on Wisconsin's part of unsportsmanlike conduct. The Daily Cardinal of March 14, after giving a column and a half to the matter, concludes by saying; "The trouble seems to be due to the fact that the Minnesota and Iowa managers do not know the meaning of the word contract. If they have any such signed agreements which were broken as described the Wisconsin managers would be pleased to know it. It is probable that the Minnesota management will be asked for an explanation in regard to the above statements."

The Baconian Club meets on Friday evening, March 25, at 7:30 in the Physics Lecture Room. The paper will be read by Professor Wilder on the subject: "Yellow Stone National Park."
