The project of holding the Iowa-Minnesota football game in Cedar Rapids, Iowa, has been announced. Manager Reed of the Minnesota team says that his squad will not return to Minneapolis until after the game next Saturday at Evanston, Ill., when the University of Chicago is to play. Manager Reed of the Minnesota team says that the game will be the most important in the history of the Iowa-Minnesota series, and that only the weight of the game will be turned on when the two teams meet. Iowa has become a team in the field as any of the western universities.

Triumphs For Homeopathy
The friends of the state university college of homeopathy have been taken pleasant interest in the fact that Dr. E. H. Wyant of the college has been making a visit to the University of Illinois, and that the college of homeopathic vaccination recognized. They believe that it is possible that the University of Chicago, with its large student body, may be able to engage the services of Dr. Wyant. The college of homeopathy is located in the state of Iowa.

Coach Yost Replies

ANN ARBOR, Mich., Nov. 14.—Coach Yost does not take kindly to some reports that have gained circulation about Saturday’s game, and in particular is he at the statement that he was the one who caused Boone to be ruled out of the game for slagging.

“I was standing on the sideline in our referee ordered Boone out of the field,” he said, “and Boone asked to go. The official repeated his order, and finally called for a policeman to throw him out. I stepped on the field then and told him not to get a policeman that Boone would go without being forced. The official pushed me back on the sideline and asked me to stay there. That’s all I had to do with it.”

Yost says that the way Parry’s leg was broken was that he and Carter made a dive at the same time for a fumbled ball, and that Carter struck the Chippewa in such a way that his leg was inured.

Interesting Data

The university psychological laboratory is at the present time engaged in taking some very interesting tests of the senses, being mainly of sight, hearing and touch. The subject is Miss Bertha R. Wittern of Mingo, Iowa, who until two years ago was blind as the result of corneal cataracts. Since the removal of the cataracts the young woman has regained her sight and the laboratory here is testing also the methods of learning in the field of vision. The tests have been in progress something over a week and are proving very interesting.

Gophers Are Past

The Daily Cardinal of Wisconsin makes this confession: “The Gopher team played rings around Wisconsin and after the first three minutes of play it was only a question of how big the score would be. The Minnesota team wanted to score more than Yost’s machine had done, but the final score, 20 to 0, was exactly the same. It would have been larger had it not been for some fumbles which resulted unfavorably for Minnesota.”

World’s Fair
St. Louis
Closes Dec. 1.

Only a few weeks more and the great Fair will be a thing of the past.

Never in the history of the world have so many of its treasures been brought together. Can you afford to miss the opportunity?

If you have been once, wouldn’t it pay you to go again? You did not see it all. It isn’t far away.

The Rock Island train stops at main entrance to the World’s Fair.

Reduced rates daily. Ask about them.

THE

IT.ewia, Pre l,
The executive committee of the board of regents will hold a meeting in the library of President McChesney's office on Friday.

All students who expect to enter the home contest of the Northern Oratorical Association will please consult the head of the department of public speaking at the earliest possible moment. This is very important.

A meeting will be called later for those wishing to organize a singing quartet. Announcement of the same will appear in the Iowa.

PROF. VAN STERREDEREN, Chairman.

Graduate students intending to apply for candidates for advanced degrees in June, 1900, are requested to submit the titles of their proposed theses to the professors in charge of their major subjects. Such titles must be approved by the faculty not later than the second Friday in Dec.

Dean of the Graduate College.

There will be a meeting of Teddy's Hawkeyes in the auditorium of the hall of liberal arts tonight at 7 o'clock to adopt a plan which will make the organization permanent. The matter of choosing new officers will come up for consideration. It is generally conceded that President J. O. Johnson, will be retained in the office of president so as to count of the efficient work he has done for the society.

Robert Krebs, L. A. '08, in company with his mother and younger brothers, is enjoying visits and travel in the West. After a month in Wyoming they went to Los Angeles, Cal. where they will remain through the winter.

The address at Assembly this morning was delivered by Lieut. Yaeger. He spoke against the habits of the American people to read books too rapidly and not take time to digest the contents. The address was very interesting but brief.

The Y. M. C. A. throughout the world has for many years observed this second week in November as a week of prayer for young men. The local association is observing it by a half hour service each evening in close hall from 6:30 to 7:00. The meeting tonight will be lead by A.H. Bead and is open to every university man.

The contest for first literary society will be given at 7:30 p.m. on Friday. The meeting is to open at 8 p.m. and adjourn at 9 p.m.
