IOWA UNIVERSITY FOOTBALL TEAM TO PLAY OFF FOR CONFERENCE CHAMPIONSHIP WITH ILLINOIS UNIVERSITY AT NEW AFTERNOON GAME

CLASSES AT WORK

WOMEN GET BUSY IN THE GYMNASIUM

Much New Apparatus For The Use Of Women's Physical Education Room

The athletic courses for women under the direction of Miss Kastman met for the first time yesterday in the newly equipped gymnasium in Class Hall, which is to be the exclusive use of the ladies of the university. This is the first time adequate provision has been made along this line, but the new equipment is of the very best.

The gymnasium has been almost entirely remodeled; a new ceiling has been built, a floor put in. Some two hundred new lockers have been added, new apparatus for swimming baths has been installed. There is also connection with the university powerhouse (from which a flow of warm drinking water is guaranteed), a comfortable room in winter as well as a warm summer room. In putting these things in place, however, the material equipment has by no means been neglected. Apparatus for tennis drill, such as Indian clubs, tambourine and medicine balls, is almost complete, as well as material for individual work. Among the latter class are single bars, flying rings, chest weights, stockings bags and numerous other athletic supplies.

The classes which have registered for physical training this year are much larger than ever before, and there is great interest among the women in work in this sort. It is expected, with Miss Kastman in charge, that by tomorrow morning the warm season will be taken up in the regular class work.

Where Iowa and Normal Meet

The gulf which separates Iowa and the State Normal is not wide; one brief sentence: "The Iowa town. We spare no pains to have a fine town. We are sure to be the finest, cleanest, and fitting, serving us and others like to measure us by" Anderson, in his program for building up the university.

The Iowa athletic program will feature a year-end game this year, and that will be held at the University field for the exclusive use of students. The Iowa football team is to be the exclusive use of This is the first regular game the teams have played this year, and the fans are waiting the outcome of the game with a great deal of interest. It is expected that they will have little trouble in winning out by a good sized score.

Charles R. Tupper is captain of the second team which is at Charles City today. The arrangement of the game resulted in placing on the part of the management to reward the scrubs in some manner for the hard work which they go through daily in bucking up the regulars.

The scrubs will line up today as follows: Westman, e; Kent, f; Pollard, g; Columbus, r; Neum., r; Simms, j; Brown, r; Tupper, rh; Wilkinson, i; Fritzel, q; Green, f; Sula, Rivera, Ro, Neugard and Williams.

With the Societies

The program of Irving Institute this evening will consist of a debate on the fifteenth amendment to the constitution: Peace and Gordon will support the affirmative. This seems probable, although the hard battles that Iowa has already been through have done enough to push the other side in condition to meet Hawley's characteristic speech with an answer. At the Zetetics program, the Phi Delta. The Philomathian program in addition to music and oration, will be the night's entertainment. The Nebraska has already been through has done enough to push the other side in condition to meet Hawley's characteristic speech with an answer. At the Zetetics program, the Psi Delta.

The executive committee of Phi Delta is in session today. Routine business is being transacted.

Charles F. Lemnitz has been secured to lecture before the Archaeological club Dec. 7, on the subject "alchemical Museum of the Southwest, illustrated by phonograph records of Indian and Old Spanish Songs." Mr. Lemnitz is one of the most able scholars in these subjects in America and is regarded by many as the most distinguished man of letters in the West.

Satisfaction is the keynote of this session today. Routine business is being transacted.

Iowa and Illinois will meet to

morrow afternoon at Champaign. The Iowa men in every contest heretofore this year have shown themselves to possess all kinds of grit and courage and there is no reason to believe that they will not display it tomorrow. The team will enter the game in the best shape in which it has played for weeks and Iowans should be hopeful. Let us lend our best wishes for success at any rate.

The graduate club has undertaken the entertainment of the visiting graduate students in a genuinely hospitable manner. With such enterprise behind the meeting with which Iowa has been honored this year there is no reason to fear for the success of the affair. It is the first time the graduate students have met so far west and it is up to Iowa to establish a precedent in the matter of western hospitality.

Iowa Underrated

The Illini of the university of Illinois says:

"The men were not given hard practice yesterday evening, but more strenuous work is mapped out for them in the future. The practice from now on until Friday will be hard. The men are expecting a hard game with Iowa. It has been underrated this year and it is likely to be a few surprises to spring Saturday."

Suits and Overcoats

The cut, the cloth, the finish, the style are the features in which our clothing excels all others. The clothing we handle is the highest class ready to wear clothing in this country, and when you stop to consider that you pay us more than you pay elsewhere for inferior makes you can readily see why it is the most economical to buy. Buying in immense quantities for our many different stores enables us to offer better values than you can obtain elsewhere, but don't take our word for it, come and see for yourself.

**NOTICES**

Students and faculty members are requested to send all notices to The Daily Iowan for publication in this issue by 2:30 p.m. on Monday.

All students, who are acquainted with High School teachers, that will, visit the University the day after Thanksgiving are strongly requested to notify the faculty that they will be present.

All students who expect to enter the home contest of the North Central Oratorical Association will please consult the head of the department of public speaking at the earliest possible moment. This is very important.

Graduate students intending to secure candidates for advanced degrees in June, 1905, are requested to submit the titles of their proposed theses to the professors in charge of their major subjects. Such titles must be approved by the faculty not later than the second Friday in Dec.

L. G. Ward
Dean of the Graduate College.

**Law Practice Court**

The groupings for the practice court in which the junior and senior law groups will take part, have been prepared by Professor Byers.

There are 35 groupings but additional ones will be made upon applications of men omitted or who require an additional case to remove a condition or who desire to take a second case voluntarily.

Statements of the facts of a number of the cases will be given out on Monday to be copied. Three appointments have been made for the court of C. P. Dickson and F. P. Malmborg who have been selected to act as associate judges and S. R. Standfield as sheriff.

**Y. M. C. A.**

The week of prayer for all colleges which is being observed by the university Y. M. C. A. is being more largely attended by the students than ever before. This is most gratifying to the association men and most interested in the religious life of the university, as it indicates that the spiritual side of the institution is not being neglected.

Only two more meetings remain with good prospects for continued interest. J. N. Baird is the leader tonight.

Wisconsin is reported as negotiating for a football game the Monday after Christmas, either at Columbia or Stanford, to be played in San Francisco.

Cheerfulness

Lears to laugh; a good laugh is better than medicine.

Learn how to tell a story; a well told story is as welcome as a sunbeam in a sickroom.

Learn to keep your own trouble to yourself; the world is too busy to care for your life and sorrows.

Learn to keep your composure; if you cannot see any good in the world keep the bad to yourself.

Learn to hide your ashes and pains under pleasant smiles; nobody cares to hear your troubles.

Learn to hold your temper; if you are right you can afford to hold it; if you are wrong you cannot afford to lose it.

Learn to meet your friends with a smile; a good humored man or woman is worth a thousand words.

Learn to buy your cigarettes, cigars and pipes at the Clinton Street Smoke House.
