A GREAT SUCCESS

WILLIAM BRINGS GOOD TIME TO MANY

Now Interfaced With the Attendance—Cedar Rapids Could Not Come

Despite the falling snow and restless winter night the sophistication of the town was at its best. The patrons of the party satisfied the approval of the townsfolk by making the party an eventful one. The interior of the armory looked like the interior of a huge gymnasium. There was a big circle of white in the center of the floor and from this there were several smaller circles of white streamers of white and gold. Where the orchestra was seated was very pretty backed with small Christmas trees and streamers of crepe paper. About the entire hall were many corners covered in flowers.

There was much disappointment at the cessation of the party which was brought about by the closing of the gymnasium. About twenty Cedar Rapids people had made preparations to attend but because of the snow and the threatening attitude of the skies they did not come. The party was conducted in the same manner as the former parties which had been held. There were three Cedar Rapids people who braved the snow and the cold and found their way to the party. The contract for equipping the new Iowa gymnasium which will be completed about the middle of January was awarded to the Benjamin & Company of Providence, R.I. There will be 840 pieces in the equipment and the contract calls for the delivery and erection of each piece. The complete will be ready to use.

Some time ago, the plan was proposed in a meeting of the directors to erect a new building and the credit for establishing the new building was given entirely to the faculty.

Alpha Phi Delta Institute

Alpha Phi Delta, the honorary athletic fraternity, last night initiated its full membership. Fum White, Atkinson and Kettleson, Max Meyer was also taken in as a honorary member and Johnie Griffith, captain of the baseball team, was made an associate member. It was decided last night to extend the same number of invitations as had left school before the organization of the fraternity.

The Iowa chapter of Alpha Phi Delta is the only one of its kind at present in the state. There has been a great deal of student interest in the organization of the fraternity. The Iowa chapter of Alpha Phi Delta is already 19 members and among the Iowa students two years ago and the career of the organization has been very successful. The qualification for membership is taken strictly and an official G. E. MacLean, Emil McClain, L. G. Gilchrist, Williams Stanford, Alberta Talbot, Donald Miles, Sigrid Wilhelm, William Sanford, Phi Delta Theta, John Daily, Bappa Sigma; Claude Croy, Sigmund and Harold Veles, president of the sophomore class, and the president of the occasion, G. E. MacLean. Miss Helen Young of Burlington is the guest of Miss Sadie Holiday and attended the sophomore college.

SUMMER SCHOOL BOARD IS CHOSEN

Regular Faculty Men Are Reserved For the Summer Work This Year

The executive committee of the board of regents held an important meeting in the regents room of the old capitol building on Friday. The faculty for the summer session was appointed by the committee and the contract for equipping the new Iowa gymnasium was let.

Cheerfulness

Learn to laugh: a good laugh is better than medicine. Learn how to tell a story, a well told story is as welcome as a sunbeam in a sickroom.

Learn to keep your own trouble to yourself; the world is too busy to care for your grief and sufferings.

Learn to stop crying: if you cannot see any good to the world keep the bad to yourself.

Learn to hide your aches and pains under pleasant smiles; nobody cares to hear troubles.

Learn to hold your temper; if you are right you can afford to hold it, if you are wrong you cannot afford to lose it.

Learn to meet your friends with a smile: a good humored man or woman is always welcome.

Learn to buy your Cigars, Cigarettes and Pipes at the Clinton Street Store.

20 Clinton St.

Societies Scrap

The Zetagathian and Irving societies are at war over the point with each other. From time immemorial each of the two organizations has taken pleasure in stocking the hall of the rival society, and the old custom has been renewed this winter with fresh vigor.

Recently last week the Zetagathian hall was stocked presumably by Irvinis, but comparative oversight showed that damage was done.

The Zetas, however, would not stand for even this interference with their property and Thurs. day night the Irving hall was broken into and underwent a stacking. This time the carpet was torn up, tables were broken, and considerable other property was badly injured. This act the Irvingians ascribe to the Zetas, while the latter disclaim all knowledge of the affair.

It is probable that there will be no more stackings in the near future, because the two societies claim now to be even with each other; but jokes are making threats of law-suits to secure what they regard as their rights.

Freshmen Law Elect

The freshmen law students are meeting in the lecture room of the old capitol building on Thursday afternoon and elected the following officers, by unanimous vote:

Miss C. McCallum, vice president; L. H. Harding, secretary; J. F. Cronin, treasurer; G. C. Watson, sergeant.

J. N. Streit the president of the club was elected some time ago.

Edda will hold a special meeting this evening in the Physics Lecture Room.

The girls and boys of the high school will "spill down" at the high school building Monday night.

Professor W. C. Wilcox will occupy the pulpit of the Congregational Church tomorrow morning.

Amherst is to build a seventy foot swimming pool in a seventeen acre tract adjoining the gymnasium. This was made possible through the gift of two alumni.

Don't fail to see The Crystal Room at The Dresden.

Irving Elects

Irving Institute elected its officers last night for the winter term, as follows: E. K. Hutton- son, president; Jacob Vander Zoe vice president; O. V. Davidson, recording secretary; W. K. Royal, corresponding secretary. The Junior debating team, which will compete with a similar team from the Zetagathian society, was also chosen from the participants in the Junior special program last night; this team will consist of Hiram Price, Robert W. Stewans, and Wilbur Hiram Price, superintendent of the schools. In this evening in the leader, of the Junior team nearly all the junior men will compete with the Irving team. The Junior team will consist of Wilbur E. Coulier. At the close of the election the meeting adjourned to a nearby cafe.

(CONTINUED FROM PAGE 1)

superintendent of the schools of Woodbury and Plymouth counties.

The college presidents will be represented by their ranking leader, President W. F. King, of Cornell college, and the rank and file of the college teachers will be represented by a number of the men who won out their lives trying to find schools in the wilds of the state. In Rev. G. N. Fellows, the association will be addressed by a man who came to the state and commenced teaching almost fifty years ago, and has been an active and active participant in the affairs of the state ever since.

NEW BACTE LAB. IS.

Culture Stations Established 1

The Science Department of the University of Iowa is now in charge of the bacteriological laboratory of the college culture stations. All work on cultures has been transferred to this lab. It is the aim of the new lab to study the development of disease organisms in the human body and to study the relation of these organisms to the diseases which they cause.

The lab is equipped with the latest instruments and apparatus and is under the direction of Dr. S. W. McCollum, professor of bacteriology at the University of Iowa.

The lab is open to the public and all inquiries will be answered promptly.
