KNOX IS THE WINNER

IN HAMILTON CONTEST

Marking For Hamilton Club Contest Are Given Out

By Prof. Gordon

Contrary to the manner of pro-

cedure of last year the Hamilton

Club sends out the marks on thought and composition as well

on delivery. Through the courtesy of the

department of public speaking we

are able to give our readers these

marks:

Marking of Judges on Thought and Composition. 26. annual Hamilton

Club contest in oratory, January 11,1905

Hamilltonian vs. Jeffersonian Democracy, Knox.

1 1 1 1 1

Alexander Hamilton the Patrician, Knox.

Dr. J. H. Phillips, Sup't Public Instruction, Birmingham, Alabama.

In the final contest the judges, are instructed to mark

on thought composition and delivery at the time of delivery.

The results of these marks are as follows:

FINAL CONTEST

Marking of Judges Second Annual Hamilton Club Contest in Oratory

January 11,1905.

Chabrier B. Terry, Chicago

Theodore Christianson, Minn.

Ralph E. Chase, Knox.

Professor Gordon was seen at

his office this morning asked to

give his impressions in the mat-

ter of this contest. He said in

substance that after a careful

study of the contest he had

recommended the best man had

won. A study of the marks reveals

the interesting fact that the southern

government would have to accept the

lowest mark. This was pre-

dicted on the strength of the fact

that the closing sentences (the

alleged plagiarism) gave a very

strong pro-northern flavor to the

whole oration. He was advised

to leave out that part that was

written two years running now Iowa

has stood well in thought and

composition. We have lost out in the

final. For the coming year enough

students ought to take hold and

early this contest can be

made of a man who shall

win out in the very end. To help

all who desire to try for this

honor the Department of public

speaking gives a special course,

three hours a week dur-

ing the second semester, at two

thirty p. m. A full bibliography

of the Hamilton material in the

library is available for profit.

Twenty students at least ought

to go in for this honor one of the

greatest of the year.

PRESENTATION OF TS

FOOTBALL MEN HONORED LAST EVENING

Professor Smith of Athletic Board Presents Sweaters

And I's Last Night

At the Phi Delta Phi fraternity

house on Thursday evening the

football stars who were awarded

"I's" and sweaters, by the athletic

board, some time ago, were

presented with tokens of apprecia-

tion. Professor Smith, presi-

dent of the board of control, pre-

sented the sweaters and "I's." Be-

fore the presentation Professor

Smith in a short speech said: that all of the men had well earned the "I's," that it was an honor to wear an "I" and to be given a worthy sweater. Continuing, he said that the athletic board had the same power to revoke an I as it had to grant it. In the athletic history of Iowa one has never been revoked and he hoped that one never would be.

The presentation was attended by the members of the athletic board of control and many football stars were present. Those awarded "I's" in past year's. The cere-

mony was followed by a smoker.

High School Frats

The current number of the School Review issued from Chi-

cago University contains an ex-

haustive report of the committee

on the influence of fraternities in

secondary schools, appointed by

President Harper last fall. As a

result of the report the commit-

tee has recommended that

secret societies in secondary schools were detri-

mental to the student and to the individual concerned.

The arguments advanced by the committee are:

They injure the school divid-

ing it into two classes, an inner

circle, which is interested in it,

and an outer circle, which is

indifferent. These inner circles

go into politics and bad morals;

They cause a decline in the

interest and in the preparation

of school work;

Unlike college fraternities they

are unnecessary as the students

are at home and are too young

to have any life outside of the

home;

They cause jealousy especially

among the younger students.

Their standards are different from those set up by the school

authorities and they often can

offer strong opposition to the

policy of the trustees.

While the tone of the article in

general is unfavorable to fra-

ternities it contains several argu-

ments in favor of them. There

are that secret organizations can

be made useful to the school at

large as well as to the individual

student that they can aid in a

special discipline if properly treated; that they foster friendships,

and literary and athletic enter-

tains and loyalty.

Tobacco is the largest university in the world, for not less than 85,000 young Japanese are studying in it. The favorite courses are law and civil and mechanical engineering.

The football management at Yale reports a profit of $70,000 for this season. The surplus for the past five years of this Harvard athletic association has been $25,000 a year.

The most important gifts to Yale during 1904 were as follows: $100,000 for a mining laboratory, $50,000 to the medical school, $40,000 to library funds and a bequest of $200,000 for the construction and maintenance of a building as a memorial to Dr. James Lindley.

IOWA NORTHWESTERN

After an interval of four years it is now practically assured that Iowa and Northwestern will again meet on the gridiron. Iowa has not played Northwestern since 1900 when the two teams played a night game at Rock Island—a game which was a dark spot in the football history of S. U. I. for that year at least. The Iowa team had lost every other team in sight that year including Chicago and Michigan and when the Hawkeyes met the North-westers it was only a question of the size of the score. However the score was a tie. Every man on the Iowa team was ill that day. Examination showed that they had been drugged.

Iowa will welcome the resumption of football relations with Northwestern. It is expected that the Iowa Northwestern game next fall will be played on Thanksgiving day.

No Baseball Team

Considerable anxiety has been aroused among the students at the University of Minnesota over the dreaded charity for the Rock Island last spring having a baseball team next year. Their view is that the present arrangement is one of the many novelties. One of the latter which is of striking interest to persons uninitiated behind the scenes of a theatre, is the setting of a stage in full view of the audience. It is actually a part of the action of the play. The scene represents the preparation of the stage of the Paragon Theatre in Chicago for the reception of a distinguished foreign singer.

AMUSEMENTS

"Peggy from Paris", a George Ade musical comedy which will be at the Opera House Friday evening is distinguished not alone for its wit but for its originality and its many novelties. One of the latter which is of striking interest to persons uninitiated behind the scenes of a theatre, is the setting of a stage in full view of the audience. It is actually a part of the action of the play. The scene represents the preparation of the stage of the Paragon Theatre in Chicago for the reception of a distinguished foreign singer.
