CAPTAIN TO RESIGN
GEORGE VAN DE STEEG LEAVES SCHOOL

Outlook Promising For Coming Season - Pitching Staff Strong

George H. Van de Steeg, captain of the varsity baseball team, has decided to leave school at the close of the first semester and expects the position of deputy city editor of the '09 Hawkeye, to succeed Frank Wilson who has left school. The second election will be dis- posed of as irregular by a part of the class and trouble is brew- ing among the sophomores.

Wilson headed the Irving frat combine and was legally elected to the leading position. Two days after he had left school the Zeta called a meeting and elected Barnes. The meeting was sprung as a surprise by the Zeta and the Irving faction was not represented.

A movement is on foot to protest the new election on the grounds of irregularity. It is claimed the resignation of Wilson has not yet been accepted by the class and that his resignation is out of order until such is done. The Zeta on the other hand assert that Wilson's leaving school constitues a resignation and they can not wait for the formal de- clARATION. They claim moreover that that election was made by a quorum of the class and the proceedings were legal, and the fact that Irving was caught nap- ping is that of a statement rather than an arrest.

Both factions are reconginizing the new election, and it is probable that we will experience a second dose of the famous Hawkeye election con- test.

Irving institution will give the second of its freshmen programs this evening, and as usual, the program will be a series of practice games with varsity, some time in April.

Prominent Alumnus Dies

Word was received at the un- iversity this morning of the death of J. A. Runkle of Cedar Rapids, a prominent alumnus of the uni-

versity. Mr. Runkle graduated from the law department in the class of 1888. He was a great and serviceable man; he was always ready to work for the best interests of the university. He was a man of great ability and a man of high moral character. He was a man of great ability and a man of high moral character.

At Other Schools
The Michigan track team will have eight meets in the coming spring.

The fraternities at Illinoi have organized an inter-fraternity bowling league.

Wisconsin sophomores have organized a new society known as the "Upper Gable." The club elects thirteen members from the freshman class each year, and is purely honorary.

The Daily Cardinal, Wisconsin's official publication, is handling the reconstituting of the wisconsin athletic union.

AMUSEMENTS
There is no class of theatrical entertainment that appeals to the amusement-loving public with greater force than melodramas; and of all the plays of this character there is none which possess the elements of success in a greater degree than that famous time-tried drama, "The World". It has been produced; wherever the English language is spoken, and has never failed to score a success. The beautiful scenic environment, the clear-cut, original, up-to-date comedy element, the intense human interest, all combine to make "The World" a play of unusual merit. It will be presented in this city on next Saturday by a specially organized company, under the direction of Mr. Earl Doan, manager who has earned a reputation for producing high class productions in a manner that cannot fail to please. Cribbing at Nebraska

The University of Nebraska is being affected with many cases of cribbing in the Historic department. Chancellor Andrews addressed the student body on the subject of plagiarism recently and cited instances of expunction at Nebraska for this offense.

In discussing the subject he said:

"Cribbing contains all the essential moral turpitude and baselessness of both stealing and lying. It is stealing because by means of a stolen credit which is a tangible commodity, a means whereby many positions are obtained as teachers or experts. It is lying because it is an attempt to make an instructor believe that work has been done which in reality has not."

"Plagiarism is a social fault, injuring the whole community. In a great University such as ours written work has to be depended upon almost entirely to show the progress and knowledge of the student, and if written work fails, the whole system fails. It would rather see the diameter of plagiarism, for the latter is the most serious crime that can be committed against the University.

Progress of Chess Games

This series of four chess games played between Iowa and South Dakota now stands 3 to 1 in favor of South Dakota with one game unfinished. Claude Coyle, Iowa's contestant is playing the game with Dr. A. Pell of South Dakota with the move in favor of Coyle. This game has been in progress since the organization of the chess club a year and a half ago. If Coyle wins the series will be a draw, and if he draws the game or loses, Dakota wins.
