At The Opera House. Tonight. Home Contest of Northern Oratorical League

IOWA VS. AUGUSTANA

FIRST HOME GAME TO-MORROW AFTERNOON

McGregor Chosen to Lead Baseball Team

MORROW, IOWA, FRIDAY, FEBRUARY 3, 1905

The varity baseball team has in a" task before it a position in the lineup of the old gold will triumph in the first game of the season played on the home floor. The old men on the team are unassuming, true to their opinions. The best exhibition of baseball is the local field has been displayed there the past week.

In the final practice held yesterday afternoon the team worked on many of the mistakes of the season. Sangster, who has been practicing independently has done quite well.

The Iowa will be stronger this year than the past two years in the lineup. The new men who show a promise of making good, Nethockey, short stop, is said to have had considerable successes in inter-university debates. The various literary so-

CONTESTS TONIGHT

University Orators to Compete for Prize and Place

The N. O. L. preliminary contest will be held at the opera house tonight at eight o'clock. The trial tonight determines Iowa representative in the final contest held in Evanston same time in the spring. The victorious orator will receive a prize of fifty dollars given by the local literary society. While the winner in the final contest against all the larger universities in the west is rewarded with a prize of one hundred dollars given by Frank Lowden, an alumnus of the university of Iowa.

Most of the contests previously held had considerable experience in oratorical and debating and the honors of inter-university de-

To Make New Experiments

Dr. Winternitz, who holds the chair of chemistry in the university of Holland, has recently formulated a new chemical compound which it is thought will prove of great value to the medical profession. The compound is known as "Idipin," an organic iodine compound very useful for medical purposes.

Dr. Winternitz has asked Dr. Rockwood to prepare the sample and he has consented to do it. As soon as the sample arrives Dr. Rockwood will experiment with it in regard to its physiological and chemical uses. Dr. W. E. Bleier will determine its therapeutic effect and chemical aspects.
