DR. SHAFFNER BACK
LAbOR CONTRACT INVESTIGATED 1. CHICAGO

Says Public Opinion Has Changed In Regard to Collective Bargaining

Dr. Margaret A. Schaffer, instructor in Economics and Sociology in the university, has received from a six weeks trip which she has spent in an investigation of The Labor Contract with Reference to Collective Bargaining in the United States, 'a work he has been that entirely confined to the city of Chicago and has been under the direction of Prof. R. T. Elr, head of the Department of Economics of the University of Wisconsin, who has established a National Commission which in the next few years will prepare a text in Industrial History at the United States.

Dr. Schaffer's investigation consisted of interviews with all of the labor organizations in Chicago and obtaining from them all the literature of Collective Bargaining applied to the condition of labor.

The most notable change I have found," she declares, is in the present attitude of the employer and the public at large toward Collective Bargaining. While the change has been progressing during the past hundred years, Collective bargaining as a right demanded by the workman was not recognized. All practical men are practically so and the twentieth century employer not only recognizes the right of labor to combine in making with him a labor contract, but has come to accept the same views. While in Chicago I met with members of the International Union, Perkins and Stevens, of the cigarmakers, International Union and many other labor leaders who have during the past few years, shaped the policy of the western labor world. They all recognize the value of the change in public opinion which has taken place to work itself to the surface.

Dr. Schaffer's work next year will be in New York and Boston and at that time she expects to complete a study of Trade Autonomy in the northern states. It is a more or less extensive history of labor organizations in the United States.

Professor C. C. Nutting addressed the Ministerial Union at Case Hall yesterday afternoon in.

During the second semester a new class in statistics under Professor A. C. F. Hume, to which of which will tabulate the census returns for the state, will be offered in the university. Statistics is the statistical laboratory and will be used by the state.

DENTISTS TO ORATORY

CONDITIONS GOVERNING HAMILTON CONTEST

Includes Provision For Plagiarism—Preceding to be Held May 5

The Senate committee on Inter-collegiate Oratory and Debate has adopted the rules which will govern the preliminary to the next Hamilton Club contest. As will be noticed in section 6, provision has been made for cases of alleged plagiarism. The rules in service follow:

1. The preliminary takes place the last Friday in May (1905).

2. The president of the oratorical club will announce the names of the orations to be made in the hands of the Professor of Public Speaking, to be delivered on the preceding day from five o'clock to nine o'clock.

3. The rules must be prepared and placed upon the floor of the oratory on the morning of the contest.

4. On Saturday, April 26th a list of five judges will be submitted from which each contestant will be allowed to strike ten names. Those least cancelled will be invited to act as judges in the order of least cancellation.

5. The judges shall mark on a scale of 100 per cent. none less than 70 per cent. and no two alike.

6. The four orations receiving the highest rank will be the ones chosen to contest in the prelim.

7. As soon as the decision of the judges on thought and composition has been received a list of seven judges will be submitted for the purpose of receiving from which they may strike two and the least cancelled will be asked to serve as before.

8. Any case of alleged plagiarism shall be submitted to the executive committee of the college of liberal arts.

9. The contest will be held in the new gymnasium armory.

10. All other conditions governing the contest will be similar to those governing the final at Chicago. A copy of these may be seen at room 312 L.

W. F. Ackerman has been confirmed in his request that the last week was taken to the university hospital, where he was suffering from a threatened attack of pneumonia.

Professor C. C. Nutting has received a box of material from the Philippine educational exhibit at the St. Louis Fair. The box contains little oil of books and pictures illustrative of the life and character of the people and at the request of Prof. Hume and so a number of Philippine implements and decorations have been placed in the display department of the new library.

The last number of Science contains Dean Weald's report as secretary of section H of the American Association for the Advancement of Science. Dean Weald read a paper at the recent meeting of the association on "The determination of adjustment of the equatorial telescope."

Registrar.

Professor Veblen Returns

Professor A. A. Veblen has re-turn ed from a two weeks lecture tour throughout North Dakota, Minnesota, and Wisconsin. Professor Veblen lectured on various subjects, but his lecture of "Val-dria" was in most demand. He lectured at Glenwood, B a i r d , N o r a, F o l g a r d, M o o r e - head, Madison and St. Peter, Minnesota; Ch i p p e u r a and Portland, North Dakota; Ottawa and Chicago, Illinois.

Anthropologists Meet Feb. 11

The anthropological society will meet in the hall of liberal arts Saturday, February 11, to examine the specimens brought back from the Indian mounds near Okoboji. The meeting will be addressed by Professor Fred erick S t a r f the university of Chicago and Dr. Dorcas J. H. Ward who conducted the recent expedition.

Gansaulus Lecture Postponed

A telegram was received yester-day by the management of the university lecture course to the effect that Dr. Frank W. Gansaulus who was to have given the final lecture tomorrow night in the present series could not come to Iowa City on account of an attack of pneumonia. The lecture will probably be postponed till the thirteenth or fourteenth of March.

In California

Oranges are ripe and they are holding flower festivals—in the East it is snow and cold.

Why not visit the land of sunshine? Living is cheap, the cost of the trip is not excessive, and the Rock Island has established.

Two Fast Daily Trains

via El Paso and Southern Pacific through New Mexico—the warmest winter route.

Golden State Limited—sixty-eight hours. California Special—seventy-two hours.

We will send you our beautifully illustrated California book and full information as to train service on request.
