THE DAILY IOWA
OFFICIAL PAPER OF THE STATE UNIVERSITY OF IOWA
Vol. 4
IO\A CITY, IOWA, THURSDAY, FEBRUARY 16, 1905
No. 87
TO GIVE CHATAUQUA
ZETS PREPARING A SPECIAL PROGRAM

Will Be Given in the Society Hall—Noted Talent on The Program

The first annual meeting of the "Iowa City Chautauqua association" will be under the auspices of an "Iowa City Chautauqua" on the Zeta hall, Friday evening, March 3rd. The program will be in the nature of a burlesque on the Iowa City Chautauqua. The platform will be a forum where the great ideas and principles will be enthroned. Wit, humor and pathos will be in season and will riot with laughter and tears.

People from all departments of the university, of any degree of intellectual debasement, who are mental and moral stimuli and ministering spirits as this Chautauqua is.

The very best of talent has been engaged and all have given bond to appear on the date noted. Rosa bust tested, tried and competent talent appears on the program. The president has been over-run with appeals for places from men of mediocre ability but firmly held to the determination, that only the best was good enough for this challenge. The association wishes to put pride to its chautauqua talent. Heading the last comes a lecture by "Bill Nye," on society. Then "Theodore Thomas orchestra" will rival the mythical muses by playing their suckers or " evaluated chink talk. As a pleasing diversion the "Tennessee Warblers" will entertain with a few songs. Following a lecture by the famous Pandogentic "Prof. Hugo Fowler," the Chautauqua will be closed by an old settlers day program.

One of the noted old timers of Johnson County has been cordially invited for this occasion.

The price of admission places this entertainment within the reach of all as nothing will be charged for demanded or accepted attention and good order.

The Chautauqua has a national convention last year which was very successful in every detail and this special program will be just as interesting and amusing.

The Chautauqua will be given in the Zeta society hall and all are invited to attend.

Date Has Been Changed

The date for the Nebraska preview plan has been postponed on account of the opera house being engaged for that night. The debate will be held Monday evening, March 6th.

Polycon met Wednesday evening with Miss Lomax.

ATHLETIC BALL SOON
WILL BE GIVEN IN GYMNASIUM MARCH 22

First Annual Dance Given In Honor of Alpha Phi Delta Fraternity

The new gymnasmium and armory will be socially inaugurated next Wednesday night by the athletic board of control in honor of the members of the Alpha Phi Delta fraternity, the athletic fraternity of the University.

The coming party will differ from previous athletic parties in that it has been given by the Board of Control and is not an "athletic benefit." The entertainment is of the finest order and has been invited and the admission has been placed at one dollar. The Board of Control requires that all who wish to go may find it within their means. Whatever surplus is earned will be used mostly in furnishing the gymnasium.

The gymnasium will just have been completed and the floor will be in perfect condition. Monroe's orchestra consisting of twelve pieces will furnish the music. The patronesses for the occasion will be announced in a few days. Invitations have been sent to all the students through presidents of various classes.

Dancing will begin early as the stipulations by which the gymnasium and athletic ball are set require that they close at 1 a.m.

University Museums Increased

The various museums of the university have received some valuable additions lately through the largess of Mr. and Mrs. W. D. Patterson. Professor Dr. Rockwood has received specimens of chinese from China and also the various kinds of clay from which the chinises is manufactured. The museum also is in receipt of a large gyroscope stone and the substances manufactured from it such as grinding materials of all sorts, wall finishing materials and various kinds of plaster.

Professor C. C. Nutting has noticed receive twenty five crates of the longa and Argentine Republic exhibits at the St. Louis exhibition and they have been shipped to the university museum. Professor Patterson has also received a number of the scientific specimens contracted for at St. Louis such as cotton, dried fruits, grains from New Zealand. The Glucose works of Chicago have sent a diagram of the production of corn. Polygon met last evening with Miss Lomax.

SCHEDULE IS OUT
BOARD OF CONTROL APPROVES SCHEDULE

Iowa Will Have Several Home Tennis Tournaments—Men To Use New Gym

Interest in tennis in the university is on the increase and in view of this fact the Board of Athletic Control has approved a much larger schedule than has been played before.

The Board of Control has much material and the old ones are nearly all in the university and have signified their intention to play the coming season.

The following is the schedule that has been approved by the Athletic Board of Control:

Iowa vs. Minnesota at Minneapolis.
Iowa vs. Cornell, at Iowa City.
Iowa vs. Ames at Ames.
Iowa vs. State universities at Iowa City.

Iowa will also participate in the state championship tournament at Cedar Rapids and the western intercollegiate contest at Chicago, dual meets with Nebraska and Chicago are also contemplated. Undoubtedly a meet with Nebraska will be arranged in return for the one held last year.

It is expected that the players will get a chance to work out several weeks in the new gym.

Edda

Professor A. A. Velstein has invited a group of illustrators from before last semester to his "phrenology," on Sunday evening, February 16th, at 8:30 o'clock in the physical laboratory room. His subject will be "The Two Northern Cathedrals." The meeting is open to the public and everybody is invited.

Phil Kappa Phi held an informal dancing party in K. P. hall last night.

President William R. Harper of the University of Chicago is seriously ill with an intestinal disease and will have to submit to an operation.

G. A. Wilson a freshman law and member of the basketball team was called to the hospital where many of the Des Moines by the serious illness of his sister.

A very valuable addition has recently been added to the equipment of the medical college of the university. An aspirator machine has been purchased and installed and is now being used in the pathology and bacteriology department. The lenses and microscopes are so arranged as to throw on a screen any diseased portion given in microcosm.

There are but two other of these machines on this side of the Atlantic and an equipment of this kind was necessary to put the machines in operation.

DETAILS OF CHANGE
ADDITIONAL WORK REQUIRED TO ENTER

Juniors and Seniors Must Major in Sociology

Following the abolition of the degree of B. Ph. a change has been made in the requirements for admission to the university. The degree of B. S. will be retained and given to students in the civil and electrical engineering departments and those taking the combined course in medical and collegiate-dental courses.

The specific requirements for the combined course are the same as those formerly required for admission to all courses, namely, 4 credits in foreign languages, 4 of these in history and civics, 3 in algebra, and 2 in plane geometry. The requirements for taking the degree leading to the degree of B. A. are the same as for entering with the exception that four years of Latin will be required or four years of German. The requirements for the degree of B. S. received in engineering are the same as for the requirements for the combined course with the addition of one year of solid geometry.

Under the degree of B. A. 120 semester hours are required. In the freshman year candidates for this degree must carry two hours of English and four or five hours of French, German, Greek or Latin; in the sophomore year three hours of English are required. The three semesters are elective and the requirements in the sophomore years limited to 6 hours. In the junior year is one major study to the amount of four hours during each of the four semesters must be carried in one of the three large groups arranged as follows:

To this must be added to the extent of twelve semester hours must be completed in each of the two groups in which the major study does not fall.

Wm. McCallugh has given up his work in the university and is now at work in the Des Moines business colleges.

The Chicago Review, the new weekly which aims to give only the news worth the name, has been initiated and managed by two Iowa men, Arthur C. Delory, L. A. 78, and John J. Hamilton, L. A. 77.

course continues to be as popular as it has been in the past although the distinct

degree of B.A. cannot be ob-

ained without Greek.

At Other Colleges

The second cut of the baseball

squad of the university of Illinois was made a few days ago and

fifty six candidates were retained.

The squad is in charge of Jack Stahl, manager of the Washing-

ton American league team.

The basketball team of the university of Minnesota lost the first game on their eastern trip

to Columbia by the score of 27-16.

The graduates of the univer-

sity of Pennsylvania who reside

in Paris, France, have organized a "Pennsylvania Club."

It is rumored that Prof. Jere-

miah M. Jenks, head of the de-

partment of Economics at Cor-

tell University, is being consid-

ered for the position of presi-

dent of Northwestern University.

President James has recently

resigned from the presidency at

Northwestern to accept the

place at Illinois.

It is probable that Minnesota

will play Chicago during the coming football season. Minne-

sota has applied year after year

for a game but has not hereto-

fore been successful, as the lat-

ter has always had a very heavy

schedule.

P. R. Perrine of Burlington, L. A. '06 has re-entered the university. The Zeta and Hepes will hold a dancing party in the Kenyon Hall Monday evening. The meeting of the Baconian club on Friday evening will be devoted to voluntary reports.

C. P. Frost was confined to his room on account of sickness during examination week.

Wayne Morse, L. A. '06, has been compelled to leave the university on account of poor health.

While in Des Moines yesterday, Professor Bolton visited the West high school of that city giving special attention to the splendidly equipped manual training department. He secured many specimens of working drawings and the promise of much valuable material in the future to illustrate this sort of work.
