LARGEST SQUAD ON THE UNIVERSITY

The Pi Beta Phi sorority will open the pre-Lenten social season tonight with their formal bid-ball party and the first fraternity party of the year. The members of this sorority, along with their fraternity friends have been working steadily to cut down out of season for the past two days and a glimpse into the armory this afternoon is a brief of surpassing beauty. Not only will the men be there, but the entire class of the season but also one of the most elaborately decorated fraternity parties ever given at the university. In its present aspect the old armory is as unusual an address by the ingenuity of the girls as devices conceived and worked by the sorority girls many ages ago.

Iowa Zeta of Pi Beta Phi's is at present composed of nineteen active members whose friends in the university will join with them tonight in the pleasant hours of dancing and social festivity. Besides the home guests many out of town friends will be entertained. Among these are Bertha Alexander of Burlington and Sadie Kemmerer of Eldridge, both alumni of the local chapter. Gladys Whitley of Webster City, Lena Osborn and Lucy Tucker of Anamosa, Margaret Branston and Miss Gabrielson of Ames, Dorothy Brown of North Liberty, and Mittle Pine of Council Bluffs. A number of foreign men have also been invited and are expected to come to Iowa City to attend the event.

Myer's orchestra of Cedar Rapids will furnish the music and the postseason for the occasion are Pi Beta Phi alumnae including Mrs. Ball, Mrs. Shambaugh, and Mrs. Raymond of Iowa City and Mrs. S. D. Weld of Cedar Rapids.

Hurry Here Next Week

The students of the university are fortunate to again having an opportunity to patronize the Young Men's Christian Association for the middle weeks. The basketball team will visit February 25-27, after having made the trip to Missouri and in the last and semi-finals of the University of the upper Mississippi Valley. Mr. Henry has been here the opening of the university last fall and at that time made a very effective appeal for his sister professors. He listened to him then will be glad to know that a large number are going to be in attendance by the student body as usual.

Announcements will be made later concerning the address.

The Register and Leader has the following to say in regard to Professor E. F. Bolton's lecture there yesterday afternoon:

"The small boy who loves the old kitten may have a great deal of satisfaction in his kitten, but if there is a large number of kittens in the city, the satisfaction of the boy may be very great."

The lecture was given at the Iowa City Public School yesterday afternoon. The subject was "The Future of the City School System." The lecture was well attended, and the audience was greatly impressed with the ideas presented.

The lecture was given by Professor E. F. Bolton, the head of the Department of Education at the University of Iowa. He is a well-known authority on the subject of education, and his lectures are always well-received.

The lecture was well-received by the audience, and many questions were asked. The professor answered these questions in a clear and concise manner.

The lecture was given in the Iowa City High School auditorium, which was packed to capacity. The audience was greatly impressed with the ideas presented, and many of them plan to attend future lectures by Professor Bolton.
