Coach Chalmers Issues Gym Curriculum

Chalmers to Stay

WILL NOW HAVE INCREASED FACILITIES

Delaney and Rule Will Take Class

Over Yank Brown

John G. Chalmers will prob-
ably succeed himself as athletic
director, a position which he has
occupied for the past two years.
At the last meeting of the Board
of Control he was re-elected to
the same position. The fact that
this amount of fifteen hundred dol-
ars is paid by the state and five
hours is devoted to the Athletic
Union's work by John Chalmers
is said that Chalmers desired
more than five hundred dollars
this year and that the board would
have liked to have given him the
advance, but they decided not do to so in view of the
increased expense incurred in
having a gymnasium director and
track coach. Chalmers has not suggested keeping the staff at the
same level as last year but it is probable that he will do so.

Since coming to Iowa this work
has met with great success from the material he has had to work with. He is popular
with the students and athletes of the
university and it is known that the authorities of the univer-
sity consider him a strong effec-
tive man. This spring he will
have a free hand to develop a
baseball team as the work of training the track men de-

The work in the Athletic Pavilion
has been a success with the
students and the authorities have
been impressed with the
quality of the athletes produced.
The university has incurred
a large amount of expense in
the construction of the
building and is desirous of
securing the continued patronage
of the students and visitors.

The board of the university
has decided to recommend the
work of the laboratory director
and the swimming instruction
to be continued. However, the
board has decided not to recom-
mend the construction of the
new building and the work of the
laboratory director to be discon-
tinued. The work of the
laboratory director has been
revised and the board has
recommended that the
work of the laboratory
director be continued only
with the understanding that
the work will be conducted
in accordance with the
new policy and the new spirit
which will soon make the athletic
work more effective.

The University of Iowa
has also decided to
recommend the
construction of
the new building
for the laboratory
director. The work
of the laboratory
director has been
revised and the board
has recommended
that the
work of the
laboratory
director be
continued only
with the understanding
that the work will be
conducted in accordance
with the new policy
and the new spirit
which will soon make
the athletic work
more effective.

The University of Iowa
has also decided to
recommend the
construction of
the new building
for the laboratory
director. The work
of the laboratory
director has been
revised and the board
has recommended
that the
work of the
laboratory
director be
continued only
with the understanding
that the work will be
conducted in accordance
with the new policy
and the new spirit
which will soon make
the athletic work
more effective.

The University of Iowa
has also decided to
recommend the
construction of
the new building
for the laboratory
director. The work
of the laboratory
director has been
revised and the board
has recommended
that the
work of the
laboratory
director be
continued only
with the understanding
that the work will be
conducted in accordance
with the new policy
and the new spirit
which will soon make
the athletic work
more effective.

The University of Iowa
has also decided to
recommend the
construction of
the new building
for the laboratory
director. The work
of the laboratory
director has been
revised and the board
has recommended
that the
work of the
laboratory
director be
continued only
with the understanding
that the work will be
conducted in accordance
with the new policy
and the new spirit

HATS

...ARE HERE...

The very latest ideas in Spring Fashions are ready for you, direct from the leading Hat houses of the world. The Golden Eagle is better equipped to supply your needs in headwear than anywhere else in the state. Buying in immense quantities for our many different stores enables us to always sell a better quality hat than you can possibly obtain elsewhere at the same price. Besides showing you the new novelties and styles you cannot find elsewhere...

COME IN AND SEE THEM.

The Golden Eagle

On Dress Occasions

We have recently received from New York some beautiful Jewelry intended to be worn on Formal Occasions.:

- Ladies Festoon Necklaces and Pendants. These are very new and pretty; some are quite elaborate. They are set with pearls, topazes, opals, sapphires, etc. No two are alike.
- Ladies Side and Back Combs. Some are plain and some have fancy stone settings with Roman gold mountings. White, greens and dark colored tortoise shell.
- Gentlemens Solid Gold Shirt Studs. Either plain, finished with the new Rose and Roman colors, or set with genuine Oriental Rubies, Pearls and Diamonds.

How to Start Work in the Athletic Pavilion in the Best Way

What does a Fellow need if he takes Gym work? Well he could use his old pants and shirt, but he would have all kinds of trouble, they would bind his arms and legs, so he would be hindered in everything he tried to do, and the man with a good fitting suit would be doing all kinds of stunts before he got started.

What will it cost me to get a fairly good outfit? Now you are talking. The fellows up at the Students' Supply House, have gone over this thing and have on hand just what you want, and Bobbie, or Tommie or Can will be glad to show you everything they have and fix you out. If you are going into the Gym, get ready and go in right. Now you want some kind of a shirt; a jersey is a good thing, in fact the only thing to have, you can get one with half sleeves or sleeveless for 60 cents and they are good to. Or they have a $2.00 jersey that is a mighty good thing. A good sweater is a nice thing to have but you can get along without that. However those fellows can supply you with anything you need in this line.

Pants—who said pants—Have you seen those Y. M. C. A. pants, finest thing out, they look swell and they fit so they and you know yourself that they don’t bother a man at all. They are flannel good quality $1.75 and $2.50 Knee Tights are nice for gym work and only cost you 50 cents or you can get a pair of running trunk, and use them later the season on the track, almost forgot to say that they sell for $2.00.

How about Shoes, “don’t get cold feet” but get a pair of good gym shoes. They have shoes or a slipper with an extra heavy rubber sole for 75 cents. But you might want a shoe with a tennis insole, a pouch for gym work, baseball or tennis, they costs little more but are worth it. How about running shoes, a man’s shoe speeds needs spikes. You want to see them—best kicks you ever saw.

Now those fellows will give you a complete outfit for $8.00 shoes, pants, shirt and everything. Did you say they can’t do it? Well, you just lay off there sometime between classes and see—they have what they advertise, and can deliver the groceries.

Suppose I need a pair of boxing gloves; a base ball bat, batel tennis rackets, tennis balls, hand balls, or anything of that kind, where will we get them? At the Students Supply House, of course. Where did you say this place is? 123 Iowa Avenue, up stairs, just across the street from Close Hall. You can’t miss it. The fellows want you to come up and see what they have any way. They are all students in the very class and you will treat them right.

The Boys carry the Spaulding Goods and you know yourself that they are the best made. 123 Iowa Avenue UP STAIRS

**FAMABELLA**

We don’t believe there’s a cigar on the market that has “taken hold” faster than the Tasmabella Havana Cigar. “The Perfection of Blends,” its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our trade. There has never been any “band wagon” advertising or gift enterprises connected with Tasmabella. They’ve won out strictly on merit and they’re making a bigger hit every day, at The Clinton Street Smoke House.
