SENORS TO NEGACT "A RUSSIAN HONEYMOON"

Business Man

The committee appointed some time ago by the senior class to secure a play for the June exercises has reported. The play selected is a three act comedy entitled "A Russian Honeymoon" by Mr. W. H. Patterson, head of the commercial museum of the university, in which he will use his statistics classes for the purpose of teaching the students the manner of tabulating statistics.

The machine is used in making up the returns of the census in this and other countries, and can be worked by means of an electric current and permits forty facts to be registered in a single count by simply pressing a lever.

The inventor, Mr. Barnard Lefort, has steadfastly refused to sell the machine. They may, however, be rented for $1000 per year.

Fortunately for the university this weekend is the annual gathering of the senior class when a sufficient interest in the advancement of statistical knowledge to waive his usual fee and allow the classes in this subject to use it free of charge.

It is expected that other firms will later contribute their tabulating devices which if realized will soon give the university a well equipped statistical laboratory.

Basketball Games

The Cce Basketball team will meet the varsity in the gym Saturday night. Coo was defeated by Grinnell last Saturday by a score of 54 to 9: the next night our team will go to New York to meet the college championship. Of the two games played, Grinnell made a better showing. Coo lost by 18 and 22 and Iowa took second by a score of 24 to 17.

Polygam will give a dance and initiation tomorrow night at the A. O. H. ball. The initiates are Mary West, Clara Westbrook, Maurice Kent, Clarence Lusk, and William Hurlbut.

Mr. Fitzpatrick, L. 01, of the Buffalo Hospital, has been able to get back in shape. Following his address of alternate between the Philosophical Club will be given by Dr. Wilbert K. Clement, on "The Psychology of Adversity," in which he will discuss the role of the ball of liberal arts, next Monday night at 7:30. Dr. Clement is an expert authority who has pursued the study of this problem throughout this country and abroad, and is eminently qualified to speak upon the practice of this profession and the business. The lecture will be open to the public.

The attitude taken by the members of the junior law and medical classes toward the "junior annual" in refusing to have their pictures in the book has caused considerable comment. Heretofore it has been the custom of the members of the junior classes of all the colleges of the university to have their pictures in the annual.

This year the "junior media," a class of about seventy, established a new precedent by announcing their intentions of not being represented with their pictures in the book, a precedent which has caused considerable comment. Heretofore it has been the custom of the members of the junior classes of all the colleges of the university to have their pictures in the annual.

How to Start Work in the Athletic Pavilion in the Best Way

What does a Fellow need if he takes Gym work? Well he could use his old pants and shirt, but he would have all kinds of trouble, they would bind his arms and legs, so he would be hindered in every thing he tried to do, and the man with a good neat fitting suit would be doing all kinds of stunts before he got started.

What will it cost me to get a fairly good outfit? Now you are talking. The fellows up at the Students' Supply House, have gone over this thing and have on hand just what you want, and Bobbie, or Tommie or Can will be glad to show you everything they have and fix you out. If you are going into the Gym, get ready and go in right. Now you want some kind of a shirt, a jersey is a good thing, in fact the only thing to have, you can get one with half sleeves or sleeveless for 50 cents and they are good to. Or they have a $2.00 jersey that is a mighty good thing. A good sweater is a nice thing to have but you can get along without that. However those fellows can supply you with anything you need in this line. Pants—"Who said pants"—Have you seen those Y. M. C. A. pants, finest drill woolens in the city to choose from.

We don't believe there's a cigar on the market that has "taken hold" faster than the Famabella Havana Cigar. "The Perfection of Blends." Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our trade. There has never been any "band wagon" advertising or gift enterprises connected with Famabellas. They've won out strictly on merit and they're making a bigger hit every day, at The Clinton Green Smoke House.
