**Band and Dance Concert**

A little misunderstanding has arisen concerning the announcement that the university band and dance concert would be of a formal nature. While it will be formal in that the usual invitations will be sent to all the fraternities and to all the women's clubs through their presidents, it will not be a formal dress affair. The evening will be given up largely to musical numbers with dancing interludes. Those wishing to dance will be given seventy-five cents and to enjoy the musical concert will cost half a dollar. St. Patrick's Day in the evening, the seventeenth of March, is the date set and the new annuity is the place.

Piano for Hospital

With the profits of the Medallion Ball held some time ago, a piano has been purchased and is now at the University Hospital, for the use of the nurses. Dr. Prentiss and the other members of the committee which had the task in charge deserve much credit for the efficient and profitable manner in which they handled the affair.

**FAMABELLA**

We don't believe there's a cigar on the market that has "taken hold" faster than the Famabella Havana Cigar.

**The Protection of Brands**

The success has been due solely and entirely to the quality of the cigar itself, and to our way of handling the trade. There has never been any "shand wagon" advertising, but an active and aggressive campaign connected with Famabelas. They've won out strictly on merit and they're making a bigger hit every day, at The Clinton Street Smoke House.
