An extra force of men has been put on to work on the Junior Annual by the University Press Co. and the book promises to be out by the second week in May. Although less time is left for publishing than usual, the book will be fully a third thicker than last year, containing 852 pages. Thirty of which will be of additions to the existing buildings, and other things of interest. There will also be a complete list of the officers.

The final contract for the engraving was recently made with the Star Engraving Co. of Des Moines. The time consumed in getting an engraving is not, astonishingly, as long as many people suppose. Pictures may be sent to Des Moines one day and the engravings will be returned the next. A large part of the work is done in the hands of the firm and others are being sent daily.

Word was received yesterday that the short stories in competition for the prizes by the management of the law firm had been read and adjudged by the committee to whom they were sent. There were ten stories entered for the two prizes of ten and five dollars, and five additional stories, all of which, it is stated, will be entered in an Annual competition. A. C. Gordon of the law firm, who gave a good production. Both stories were written for the third story which goes in without a prize attached has not been seen.

The drawings which have been submitted this year are many of a better quality than ever previously. There are five competitors and two of these secure the prizes which are twenty dollars for first and five dollars for second best.

The junior laws have reconsidered their decision not to have their picture in the book. At a meeting yesterday a motion to reconsider their previous action was carried. A representative of the managing board of the Annual was present and attempted to reach an agreement with them. The two main reasons for the laws for their action are first, that the price of the work and entrance fee of picture is too high, and second, that they are not adequately represented in the book. A proposition to the effect that a picture be taken of only one of the three managers is being considered by the Hawkeye board.

**SUMMER SESSION ANNOUNCEMENT OUT**

Heads of Departments Will Predominate in the Administration of the New School Year

Professor F. E. Bolton, director of the summer session of the university, has prepared and has issued the announcement of this session, which will be held from June 19 to July 28 of this year. Copies of this bulletin are now ready for distribution.

The announcement is issued in accordance with the usual form of the summer bulletins, but as an additional feature a frontispiece of the map of the university, showing the location of both existing buildings and those proposed. The hours of meeting of the faculty and literary societies have been stated, and the bulletin of the summer school foretells an extensive program.

The summer session, as stated in the announcement, is designed for all classes of students, but is especially intended for teachers and students who wish to shorten the time of their courses by this means. Many of the latter class are thus enabled to graduate in three years. Every department of the university will be open equal in every way to that given during the rest of the year, and in most instances the heads of the departments will give personal attention to the students.

The coming summer session has been made possible with the aid of a number of distinguished men, by means of the annual budget, and the number of it is inquiries that are coming in expected that the coming session will open the avenue for the students of the university, and the number of it is inquiries that are coming in expected that the coming session will open the avenue for the students of the university.

**NEXT YEAR'S BUDGET**

The meeting of the Board of Regents will be held on May 4, 5, and 6, is the regular time for making up the University budget for 1909, the time when all the salaries are determined upon, as well as the amount proper to be appropriated for equipment and supplies for the coming school year.

**DANCE AND CONCERT IN ARMORY FRIDAY**

Affair Will Be Strictly Informal

Program

On Friday evening of this week will occur the first university band concert in the new Armory FRIDAY. The function will be of a dual nature since one may either dance or listen to the music, or if he so chooses, do both.

The university band, composed of thirty pieces and under the direction of Mr. Montague, shows marked improvement this year as will all remember he attended the first concert in the new building. It is safe to say that the musical treat Friday evening will be the best ever given in Iowa City by an amateur band.

The dance will be strictly informal as the seventy-five cent fee indicates. Invitations have been sent to all the fraternities, sororities, faculty, and the professors of various classes through their presidents. The musical concert will start at eight and last until ten at which time the dancing will begin. It is promised that the dancing hours will be lengthened out.

As the Armory has been provided with several thousand dollars, it is certain that one who attends the concert numbers need stand. The band is also to be given on the stage a section for the faculty. The musical will cost fifty cents. The band is daily practicing their numbers and lovers of music and dancing are not likely to be disappointed at treat Friday evening. It will cost one but fifty or seventy-five cents and will win the band another new friend. The band is self-supporting and takes this occasion to give the university a chance to show its loyalty and generosity.

**Pass Oxford Exams**

Vander Zee of Iowa and Hardeity, Drake

Ross or Vander Zee to Rep- resent Iowa in Contest with Drake

Word has been received from Oxford University, England that two men from the State of Iowa have successfully passed the examinations. They are Jacob Vander Zee of Iowa, University and Shortridge Hardey of Drake, and both are seniors in their re- spective colleges. The two young men who competed but failed to make use, Carl W. Maynard of Moravia and Charles A. Simons of Upper Iowa, Earl W. Sinclair of Drake and William Barnes of Council Bluffs who is a senior at Princeton. Mr. Barnes elected to take the Iowa examination rather than the one at Princeton probably in the expectation of having less competition here.

The contest for the prize has now narrowed down to three men, Van der Zee and Ross of Iowa, and Hardey of Drake. Van der Zee has successfully passed the examinations last year and consequently was not entered in the armory this year. The next step in the elimi- nating candidates will be for the Princeton to be held which Van der Zee or Ross, she will send before the board of college presi- dents to compete with Hardey in athletic and other tests. How these two men are to be determined.

W. F. Zerker, of Orange City, Iowa, is a senior in the college of liberal arts. He is a mem- ber of the symphony orchestra and has been prominent in the work of the university, both in Greek and Mathematics and has an excellent scholastic record. While he has done some work on the track and is a member of the Cross Country Club. He is pop- ular with faculty and students and there are many in the univer- sity who would be glad to see him chosen.

Carl Wesley Ross, is also a senior. He is a member of Irr- vana, the best looking and orderly fraternity, and Sigeh Chi. At present he is acting editor-in- chief of the Daily Iowan, al- though he is now confined to the hospital. He has previously made a good scholastic record and two years ago received a prize in English in Princeton. He played end on the 1908 football team and was captain of the 1909 basketball team. He now holds the home record in the broad jump, and is a member of the university in the society in the university who would like to see him get the prize. The contest will probably be won by which of the two shall represent Iowa?

FAMABELLA

We don't believe there's a cigar on the market that has "taken hold" faster than the Fama Bella Havana Cigar. "The Perfection of Blends." Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our trade. There has never been any "band wagon" advertising or false entries, nothing connected with Fama Bellas. They've won out strictly on merit and they're making a bigger hit every day, at The Clinton Drug House.
