Ting squads are the only workers 
books now. Weather conditions 
are right the hammer and disease 
squads will begin their games 
and settle down to hand with 
their fellow.

Coach Donley plans to have 
one-out-of-town work the last of 
next week and with this will come the 
real hard work of the year. The 
under track is well dried and if 
the games are played, the 
time the squad will have its first 
work under real racing condi-
tions.

So far there have been few de-
serts from the candidates and 
if the present squad continues 
to work and is increased by the 
old members of the team in col-
lege it is a certainty that Iowa's 
work in the meets with Ames, 
State Normal, and Northwestern 
will please its followers. "Iowa 
must win the state meet" is the 
track candidates' slogan, and the 
coaches are confident that red 
fire will be burned on the night 
of May 27.

Professor Shimek will read the 
paper before the Baccalaur Club 	onight on the subject, "Persus in 
the Desert." Illustrated.

Professor J. H. Tutte, head of 
the department of philosophy in 
the University of Chicago, will 
read the paper at the next meet-
ing of the philosophical club.

Volume IV of the University 
of Iowa Studies in Psychology, 
now in press, will appear in a 
series with the Harvard, 
Columbia, and Princeton studies.

The University of Iowa's Orator 
association does not lose its identity 
by going into this series, but gains 
much by the recognition of such 
good company and by the advan-
tages of an increased regular 
subscription list.

We don't believe there's a cigar on the market that has"made bold" faster than the Panama Havana Cigar."The Perfection of Blends." Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our business. We have taken advantage of all "band wagon" advertising or gift enterprises connected with Famabelas. They've won on merit and they're making a bigger hit every day, at The Clinton Street Hotel.

The faculty of Washington and Jefferson have refused to allow the formation of a varsity basketball team in the institution. They say one term out of three should be devoted entirely to class work, to study.

Columbia baseball candidates have a piece of training apparatus corresponding to a tackling dummy used in football. A baseball suspended from the top of the cage is hung before the batman, and with it he is taught how to stand and how to hit properly. Coach Lander introduced the device.
