GUNSAULUS FRIDAYS

ON FRIDAY EVENING OF THIS WEEK WILL OCCUR THE GUNSAULUS LECTURE, "GLADSTONE," AT THE CREMORNE OPERA HOUSE. THE LECTURE WAS TO HAVE BEEN GIVEN SOME TIME AGO BUT WAS POSTPONED ON ACCOUNT OF THE ILLNESS OF THE SPEAKER.

DR. GUNSAULUS IS PROBABLY ONE OF THE BEST KNOWN SPEAKERS IN PUBLIC LIFE TODAY.

HE WENT TO THE OHIO WESLEYAN FOR HIS EDUCATION, AND WAS GRADUATED AT THE EXTREMELY EARLY AGE OF NINETEEN. IN THE YEAR OF HIS GRADUATION HE MARRIED AND BEGAN PREACHING IN THE M.E. CHURCH IN COLUMBUS, OHIO, AND LATER OCCUPIED THE HIGH STREET CHURCH PASTORAL PULPIT OF THE SAME CITY. IN 1901 BREAKING DOWN IN HEALTH HE LATER ACCEPTED A CALL TO NEWTON, IOWA.

THE COMPETITIONS

The open outdoor athletic meet will be held at the St. Leo Alai building St. Louis, Saturday night, at which Coach Delaney officiated as starter. The meet proved to be the greatest event of the kind ever in the West. The competitions included all the collegiate and club stars contesting in open events representing private schools and clubs against each other in relay races.

Coach Delaney, arrived from the meet in time for practice yesterday and was quite enthusiastic over the racing. In his opinion the arrangements for the contest were beyond criticism. A track that has ever been in the West. The track events were on a finely constructed 12 lap track, 9 feet wide with raised corners. The hurdles and sprints were on a straightaway running outside the track. The pole vault and high jump were under indoor conditions while Ralph Rose was given an opportunity to establish a 16 lb. shot record under conditions similar to outdoor work.

For the first time in an indoor meet in the west the contestants in the dashes and hurdles were cor-

nected to start from the floor in

stead of from raised starting

blocks. Indeed one of the

athletes liked the

new out, and sees whether they would

create a new indoor meeting where

use can be made of the

new indoor track.

The special feature of the

St. Louis meet was the defeat of

the University of Illinois

track team by the team from the

University of Indiana. Illinois

was expected to make a clean

sweep in the collegiate events be-

cause of its two defeats of Chi-

cago, but Cornhuskers and Illini

had a fine team and scored many

points in hurdles and sprints and

finished by outstripping Illi-

nois in a special relay race.

Coach Delaney was especially pleased with Murray of St. Louis university who equaled the university's world record of 10.6 high jump.

The meet was won by a

delaying vote by L. Sams of In-

diana, and the win of the 100-yard

special by George Phair of Mar-

queste college.

nearly twelve years when at the

urgent solicitation of the Board of Trustees of Central

Church, he accepted the call to the

vacant pulpit of Prof. Swing, and since 1890 has held that presi-

date.

In 1892 Mr. Armour built the

Armour Institute and placed Dr.

Gunsaulus at its head as "Presi-

dent, which office he still holds in connection with the work at

Central Church.

In 1897 the degree of D. D. was

conferred upon Dr. Gunsau-

lus by De Paul College, Wis. In

1900 he was made Divinity Lec-

turer at Yale University, and in

1908 Professorial Lecturer at the University of Chicago, which

court he still holds.

Dr. Gunsaulus is perhaps the most widely

known alumnus of Ohio Wes-

leyan.

The lecture is under the au-

thority of S.T.I. Lecture Bureau.

There is a Register and

Lecturer who appears and delivers a lecture on

the alma mater system of

football. After playing tribute to the alumni and their sys-
tem, the speaker goes on to say

that there is much too much work for

one man to do in coaching forty

men and too much expense in

hiring the necessary assistants. Also that the coaching system has

doubtless many positions and would it

be practically for the school?

The question of whether the

western universities have a system

in which Iowa is known as an

example. The interview says:

"One of the most important questions is whether the western

universities have a system of

coaching. It is nearly impossible to

say that they have a system of coaching.

If not, when will the time come when

they can say that they have such a system?

"Let us take the university of

Ohio and review the system that

has been in vogue there. For

five years in succession coaches

were employed from the Univer-

sity of Pennsylvania, and for

the last two years from Ia-

fayette. The first coach was a

coaching system in each case.

and for the next three years one

who had played in every position in the

in the Iowahawk. The

next coach has played at both
tackle and center positions.

If in this time a set of coaches

teaching the same style of play

but having the same system of

play, it is almost time to go back to

the beginning and start over.

Let us look at some of the foot-

ball men that Iowa has turned out, and see whether they would

be able to stand the test as

coaches in their positions who

would help in turning out a team

of which any university would

be proud. I may name such men

as Hobbs, Williams, Griffith, Eby

Edson, Jones and Myers to take

charge. The five of these men are

all of whom

have displayed

ability as a coach.

Again I would suggest

Verlon and Ely to take care of

Center, William, St. Louis, and Little,

guards: Stanton, Liegthon and

Warner, tackles. Then, again we

could have Walders, Fred

Williams and Couthard to look

after the backfield. These are

some of the men who might go

out and play against any one of

these men has played display

ability as a coach.

With this abundance of men.

Hull-Hagler Wedding

Monday afternoon at one o’clock at the Methodist church occurred the marriage of Miss Pearl Hull, daughter of C.C. Hull of this city and a graduate of the university with the class of 1905, to E.M. Hagler of Corydon, a graduate of the engineering department here in 1908. Rev. Nathaniel Pye performed the ceremony. Miss Jessie Rider played the wedding march. Mrs. Hull, a brother of the bride, acted as best man, and Zoe Brinton, a cousin of the bride, was her bridesmaid. The bride wore a suit of white sweet peas and lilies of the valley. Following the ceremony a luncheon was served at the Berkeley Imperial. They left yesterday evening for Maplewood, Missouri, a suburb of St. Louis, where they will reside. The best wishes of their many friends go with them.

AMUSEMENTS
Tim Murphy is no stranger to play-goers for it will be remembered that this comedian leaned to fame as the Hon. Maverick Bannister, the politician and cattle raiser in "A Texas Steer." Then he presented that lovable old optimist of Washington Square in "Old Innocence." This was followed by a notable characterisation of the Governor of Mississippi in Opie Reed's southern reconstruction comedy "The Carpet-Bagger." Again, and for the first time since his first play, he moved into Washington for his charming and endearing persoonlisation of Joel Gay in Paul Wiltsch's "A Capitol Comedy," and native to the core was his cowboy in E. H. Rosse's "A Man from Missouri." Mr. Murphy will give "When a Man Marries" at the Colleen Opera House, Tuesday, March 1.

.. FAMABELLA...

We don't believe there's a cigar on the market that has "taken hold" faster than the Famabella Havana Cigar. The Perfexion of Blends." Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our trade. There has never been any "band wagon" advertising or gift enterprises connected with Famabella. They've won out strictly on merit and they're making a bigger hit every day. who have been coached on the same system and have also studied other systems, what more could any college ask? The only two western institutions which have adopted the alumni system of coaching are Wisconsin and Illinois. Although these teams did not make a wonderful record, they were certainly as strong as in previous years under the other system. One of the greatest things that can be said of the alumni system aside from the fact that it provides a large number of coaches, is that it assures us an increase of college spirit an enthusiasm among alumni. Some may say that the introduction of this system would simply be a bad experiment. Well, it might be, but it can safely be said that it would not harm some of the western universities to experiment.
