INTERCOLLEGIATE ATHLETIC RULES

New Regulations Adopted and Enforced by the Conference Colleges

Coach Chalmers has just received a copy of the new athletic rules which will hereafter be enforced by the conference colleges. The rules, as will be seen, relate almost exclusively to professionalism. Number 11, which is the proposed last June, is of special interest. The rules in full are as follows:

1. No one shall participate in any intercollegiate sport unless he be a bona fide student full time in college, or in any special course as defined in the curriculum of his college, and no person who has participated as a college student in any intercollegiate game as a member of any college team and who has not afterward obtained a college academic degree, shall be permitted to participate in any game as a member of any college team until he has obtained such degree, and may thereafter play only one season in any game, and only one game a season in each sport, for any three consecutive years the number of games played in any season not to exceed four games in track, four games in any other sport.

2. No person shall be admitted to any intercollegiate contest who receivs an honorarium for his services on the college team.

3. No student shall participate in any intercollegiate games, football and track meetings, if he has been more than four days late in to make practice, and any member of a college team who plays during any part of an intercollegiate game (or baseball game), does thereby participate in that sport for the year.

4. No student shall participate in any intercollegiate contests, when ever the effect of his knowledge and skill for gain is not dependent upon circumstances without the control of the individual, or on the grounds of the disposition to be made of the same. No person who receives an honorarium for his services rendered by way of regular instruction shall be allowed to play on any team.

5. No person shall be permitted to participate in any intercollegiate contests, if the rules with which he is acquainted are not in accord with those in force at the time he is present at the previous number of times previously adopted in the conference and all intercollegiate games shall be played under student or college management, and subject to the control of any corporation or association of private individuals.

6. The election of managers and captains of teams in each college shall be subject to the approval of its committee on athletics.

7. College football teams shall play only with teams representing educational institutions.

8. The selection of the executive committee of the athletic committees of the institutions concerned shall submit to each other a certified list of the players eligible under the rules adopted, and the participation in said contest shall be in the right of the captains of the respective teams and not of the individuals who are members of said teams.

9. All intercollegiate games shall be played on grounds owned either by, or under immediate control of one of the colleges participating in the contest and all intercollegiate games shall be played under student or college management, and subject to the control of any corporation or association of private individuals.

10. The orations were sent to the various oratorical societies, and the rules which have been handed to the schools are not given in the session on March 31st, respectively, in a week.

11. All orations are to be carried on by members of the athletic committees of the institutions concerned shall submit to each other a certified list of the players eligible under the rules adopted, and the participation in said contest shall be in the right of the captains of the respective teams and not of the individuals who are members of said teams.

12. Intercollegiate contests shall be played in grounds owned either by, or under immediate control of one of the colleges participating in the contest and all intercollegiate games shall be played under student or college management, and subject to the control of any corporation or association of private individuals.

13. A person who has played on a professional football team shall not be permitted to participate in any game as a member of any college team until he has obtained a college academic degree, and may thereafter play only three consecutive years in any game, and only one game a season in each sport, for any three consecutive years the number of games played in any season not to exceed four games in track, four games in any other sport.

14. Occasional games during vacation on teams which have no permanent or continuous written permission has been first secured and further provided that such permission be granted for one team only during any single vacation, and it is expressly understood that no permission will be given to play on a professional or semi-professional team.

15. In the opinion of the Rule it is expressly understood that no permanent professional team is one any member who receives remuneration for his services, and proof of this fact shall not deprive it on the part of the college giving the permission, but he may accept common report as a basis for action.

In addition to the rules that have been adopted, the following recommendations have been made to the various boards of control:

First, that Rule 1 be amended by inserting before "and in" the following:

Second, that the words "and who has not afterwards obtained his academic degree" be inserted before the words "in the session on March 31st, respectively, in a week.

Third, that Rule 3 be amended to read: "provided always that the first three of these recommendations in each session shall not count as participa-

tion."

The second and third recommendations have been adopted by the Board of all the nine colleges forming the Conference, and the first by all except the University of Iowa, which adopts the recommendation of its committee as recommended at the next meeting of the Conference and if reaffirmed at that meeting it will then be binding on all the colleges of the Oratorial Association.

PUBLnCAR MAN SPEAKS

Dr. GUNSAULUS LECTURES ON GLADSTONE

Address Enthusiastically Received in Edinburgh

On Course

The fourth and last number of the entertainment course given under the auspices of the Oratorial Association, occurred last night at the opera house. Dr. F. W. Gunsaulus, of Chicago, was the speaker, and the subject of his lecture was, "Gladstone." Dr. Gunsaulus treated his theme in a unique and entertaining manner, dealing with Gladstone's eminence in every line of political life. When Dr. Gunsaulus entered the house, the speaker, said the speaker, was truly great as a statesman, as a churchman, and as an orator. Dr. Gunsaulus emphasized in particular the liberal religious statesmanship of the great orator. The whole address was received with enthusiasm.

The audience at last evening's entertainment was considerably larger than any that has been, up till the present moment, in that Dr. Gunsaulus's lecture was held in the full house. It was present at the previous number of productions in this course, the sale of individual tickets for this lecture, in addition to the tickets for the entire course, being exceptionally large. The committee has not yet figured out the total profits, but it is believed that there will be a handsome margin left for the Oratorial Association. The whole address will be of very special consideration on the part of the students who comprise the organization, as has been done in the past.

It is probable, too, that, if this course is found to have been of any use, it may be decided to justify the plon of managing it, and additional tickets will be given each year by the Oratorial Association.

Will Hold Joint Meeting

There will be a joint meeting of the Y. M. C. A. and Y. W. C. A. tomorrow afternoon, at four o'clock. The general topic will be, "Various Aspects of Home Missions," and the discussion will be carried on by members of both societies. Miss Eva Weber will discuss "The Social Settlement Work," Miss Pearl Battles, "The Deaconess Work," and E. W. Watson, "Sunday School Missionary Work." This is the first meeting of the sort which has been given every year, and exceptionally large attendance is expected.

Professor B. F. Shanahan lectured last night before the Twentieth Century Club of Marquette, delivered, as the subject of his lecture, "Pearly Iowa." Dr. Brown, the university inspektor of schools, returned from a trip to Mt. Ayr, Loux, and Lamoni, where he inspected the schools.

President Harper of the Chicago University advocates abolition of Thanksgiving football games. He says: "The abolition of Thanksgiving football games in any kind of security college is recommended. It is with reluctance and regret that Thanksgiving as a day of home turning and family reunion is destroyed, and especially the attitude taken toward the matter by the colleges in destroying these characteristics. It is the last football game be held on Saturday preceding Thanksgiving, as at eastern colleges."

AMUSEMENTS

Richard Carle's performance of "Professor Pettibone" in "The Tenderfoot" is considered one of the brightest pieces of comedy character acting yet seen in this country. It ranks equally with the best achievements of Joseph Jefferson, Richard Mansfield or Lott C. Goodwin, the Colcord Opera House Saturday night.

Sororities Give Party
The four sororities of the university, Kappa Kappa Gamma, Pi Beta Phi, Delta Gamma, and Delta Delta Delta, are giving a final party at Smith’s Auditorium this evening in addition to the present sorority girls, the local alumnas are present, but men are so far as possible, tabooned, music, for dancing however, is being farmed by Mahan and Ogle, and it has been found impossible to exclude the junior, although too he of the male sex.

Joseph Netolicky, M. ’08, is seriously ill. Seminat and Pat will give an informal in the K. P. Halls next Thursday night.

According to the agreement with the University of Minnesota, Iowa will entice a list of judges for next year’s debate by April 12, 1903. We have taken up a steps toward securing a question for the debate, the securing of fair judges will be considered hampered.

In the Springtime

We don’t believe there’s a cigar on the market that has “taken hold” faster than the Famabella Havana Cigar. Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our trade. There has never been any “hand wagons” advertising or gift enterprises connected with Famabellas. They’ve won out strictly on merit and they’re making a bigger hit every day, at The Clinton Street Smoke House.
