Olympic games, similar to those at St. Louis last summer, will be held at the Lewis and Clark exposition.

It is said that President Roosevelt has fixed a disposition to accept an offer from Oregon to occupy the president's chair there in 1905.

Michigan has a training table for her debating team and has prescribed regular hours.

The couch of Chicago University is discouraging the use of school shoes. He believes that the men can run just as well with plain shoes when they get used to it.

The Harvard class of 1881, of which President Roosevelt is a member, will celebrate its twenty-fifth anniversary next June by making a gift, without restrictions, of $100,000 in cash. At Columbia University the students issue one daily, two weeklies, one semi-monthly, one paper published every three weeks, one semi-annual, and two annuals.

The smallest university in the world is the American Classical University of Athens. The whole student body consists of six men, of whom one is an American, who holds a fellowship from some American University. Harvard, Yale, Dartmouth, Smith, Wesleyan and M. I. T. are those represented.

University Calendar
March 20—Mary Wood Chase at the Congregational Church.
April 28—Junior Prom. May 3—Glee and Mandolin Concert.

Local and non-resident subscribers will confer a favor on the management by sending notice of irregular delivery.

Interest in the proposition to consolidate the forensic interests of the university is growing steadily as is evidenced by the action of one of the debating leagues in appointing a committee to formulate and present to the other leagues and societies a proposition to consolidate in the "Forensics League of S. T. T."

The plan which is given in an other column of today's paper was drawn up hurriedly and may be subject to considerable criticism. In the main, it shows that there is dissatisfaction over the present system of management and representation in Iowa's debates and oratorical contests. It may take considerable time to work out a plan which will be acceptable to all concerned and which will best serve the interests of the university. Dissatisfaction has been felt, the first attempt has been made to remedy matters, and in that lies the chief merit of the newly proposed plan.

Philos. Elect Officers
At their Friday night business meeting the Philomathian literary society elected their spring term officers. George Baeke was chosen president, Rowe vice-president, Kruse, treasurer, Laird, sergeant-at-arms, and Dow program committee.

We don't believe there's a cigar on the market that has "taken hold" faster than the Famabella Havana Cigar. "The Perfection of Blends." Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling it. "There has never been any "band wagon" advertising or gift enterprises connected with Famabelas. They've won out strictly on merit and they're making a bigger hit every day, at the Clinton Street Smoke House.
