CO-EDS THROW GOALS

PLAY BASKETBALL TONIGHT IN CLOSE HALL

Freshies and Sophas Again—Scrub Meet The High School Girls

One of the best things in the co-ed world of the university will take place at Close Hall tonight at 8 o’clock when the freshman and sophomore basketball teams of both will meet for the second and probably last game of the season. This season has a victory to their credit and it is now up to the freshmen to win or go down the record with a percentage of 50 or better. As the season’s leader, the freshman girls team will play the high school girls. This is the first game for either of these teams and it will probably be hard fought because of the rivalry existing between the freshmen and the high schoolers. There will be an admission fee of thirty-five cents charged. The officials are: referee, Miss Keasten; umpire, Miss Ashley; time-keeper, Miss DeZellern; score-keeper, Miss Lyon. The line-ups follow:

Freshman Goals: Thompson, Capt., Gittins, Capt., Drorsky, Braclew.

Maconb Guards: Herahiro Yarasov.

Haldemnn Guards: Watters

Pawelke Guards: Shawlayler.

Freshman Second Team:

Goal: High School Team:

Sherwood, bedding: Notting

Bowderson Guards: Mayer

Thropo Guards: Banke, Morrison

Sub-Miss J. Searlewood.

Prof. H. J. Frenites will attend a convention in Chicago on Friday and Saturday.

The Hesperians will entertain the Zetas at Close Hall this evening. The turnout of the entertainment is a secret but from the wise looks of the committee in charge it will be interesting.

At the university assembly this morning the University Glee Club gave several selections. The Rev. D. W. DeWitt Davenport gave a short address on courage. A talk of true courage and foolhardiness. As an illustration of the first, he gave the man who without help makes his way in the world, and of the second the man who attempted such a feat, had his head struck by a hammer in a barrel. "These men," he said "do the world no good, providing they aren’t killed.”

GIfts to Athletes

Sweaters and Jerseys given to ''1. Men

Large List of Men Receive Them

Basketball Players Are Voted The "I1"

On last Saturday night the men who have won their "I1"s will play against the "I"s of the athletic pavilion. These were promised last spring but owing to the condition of the treasury it was not possible to present them earlier. The Athletic Union hopes to make this presentation of sweaters and jerseys an annual event. On account of the condition of the treasury, the presentation will warrant it.

There were six baseball sweaters and three awarded based on the white "I1"s and made with "V" necks. White jerseys with gold borders and of old gold. Four cross country men received jerseys and sweaters the same as the track men. These jerseys having suffs and borders of old gold. There were also given a "I" jersey to a trackman today that was modeled the "I1"s with "I1" with "I" in the middle, standing for "Athletic Union.

If these make the regular team the lower letters will be removed. Those who received sweaters or jerseys are given below.

At a recent meeting of the board of Control the following basketball men were granted "I1"s: T. A. Dikes, Barton, Wilson and Morissay.

The Dramatic Club will hold a very important meeting tonight at 7 o’clock in room 314 of the College building.

The sophomores at a recent meeting decided to have a party in the near future. A committee, with Remley Glass as chairman, was appointed to have charge of the matter.

May Go to Chicago

Have Passes Through Many

Of the Large Iron and Steel Mills

A movement is an foot at the university to organize a party of engineering students to go to Chicago during the spring vacation. The object of the trip is to visit the Illinois industrial city, to inspect bridges, tunnels and other feats of engineering and to see the manufacture of the material parts which make up these structures. Passes have already been secured which give the party the privileges of passing through the Illinois Steel works, Chicago, Pizer-Chambers Iron works, and the Pullman Iron works. Special railroad and hotel rates have been secured so that the expense of the trip will not be very great. Any engineering student in the university is eligible to become a member of the party. Students desiring to avail themselves of the opportunity should see Prof. C. L. Bryan who will accompany the party and who has charge of the matter.

Freshman Laws Meet

The freshman laws met last year and last year's meeting was about the most interesting of the year. The freshmans met in the general lecture room of the old capital building to hear the report of a committee appointed last year to investigate the publication of junior and senior annuals this year. The committee, after careful study of the matter, reported that the members had looked into the matter and had hem the presidents of different classes in the professional college. They stated that the question, relative to representation of the different classes in the annual book, seemed to be whether the president of the student body should have a voice in the selection of all the board or only the editor-in-chief and the business manager.

After hearing the report, the class empowered the committee to draw up resolutions relative to representation on the next year's board and present them for approval as soon as possible. The members of the committee will decide between themselves as to how much of a voice the class is entitled to and will draw the resolutions accordingly.

It was also decided to organize a baseball team. J. N. Steffel was elected manager of the nine men of the class who are members of the class and this team will commence practice immediately.

Prof. C. C. Netting will spend tomorrow in Chicago.

The leading candidates for the 440-yard event are Davis, Miller, Typper, Wyland, Wilkinson, Parsons, McLeod, Benedict, Tupper, Yessler. The leading candidates for the 800-yard run, in this order, are Davis, Miller, Benedict, Holston, Ward, Shaw, and Whitaker.

The leading candidate in the field wide and high jump, with his distance, is Donelan, Hansen, Lautz, Thompson, Phillips, and Millar.

Dr. Plom will read the paper on "A Classification of the Scandinavian Languages, based on the Phonology of the Modern Dialects."
Our Great Spring Line is NOW COMPLETE

The clothes that fit you are here, they fit your body, your taste and your pocket-book. The Manufacturer guarantees them to you. They are all wool, the colors are fast, the patterns are identical with those seen in the best merchant tailor shops. They are made right and trimmed right. It is the clothing that pleases the particular and satisfies the economical. Prices range from $10 to $50 our Spring line of Hats, Shirts and furnishings are now complete. Come, and let us show you through.

THE GOLDEN EAGLE
WILLNER BROS.

On Dress Occasions

We have recently received from New York some beautiful new Jewelry intended to be worn on Formal Occasions.

Ladies' and Gentlemen's Necklaces and Earrings. These are very new and pretty; some are quite elaborate. They are set with pearls, topazes, opals, sapphires, etc. No two are alike.

Ladies Side and Back Combs. Some are plain and some have fancy stone settings with Roman gold mountings, White, greens and dark colored tortoise shell.

Gentlemen's Solid Gold Shirt Studs. Either plain, finished with the new Rose and Roman colors, or set with genuine Oriental Rubies, Pearls and Diamonds.

Drill Out-of-doors

Monday afternoon occurred the first out-of-door military drill that has been held since last fall. All four companies turned out, as usual, and the maneuvers took place directly east of the Armory. Although considerably handicapped by the uneven ground on which the day was held, and by the fact that the men had not taken part in out-of-doors formations for some time, the battalion presented a very creditable showing. Extended order drill was taken up for the first time, and considerable of a start was made in this formation.

Superintendent Ellsworth has put men to work clearing the ground where the military work will take place. The men, too, will be able to put up a much better appearance after a little practice, and Colonel Barnett expects to get the battalion into line shape before the end of the year.

Miss Long, La. St. 10, is enjoying a visit from Bertha Beauchamp of Bedford.

Notice

Miss Montgomery will give a dancing Assembly tonight.

mile and has as running mates Ramsey, Stanford, Shaw Gordon, Corwin, McMurtrie, Colvert and Dickson.

Capt. Barker leads the high jumpers and has with him, Bowis, Parsons, Chalmers, Mc
Murray, Royal and Simons. The running broad jump squad is made up of Barker, Parsons, Moones, Stanard, Wilkinson, Smith and Green.

Smith, Clark, Callin and Late are the chief vaulters trying for places. The weight events will be handled by Milan, Schwinn, MacMahan, Lawrence, Lorenzen, Atkinson, Allen, Flit, Rockwood White, Greco, Young, Royal, Chalmers, McGowan, Moore and Cathber.

The hurdlc squad is composed of Murpby, Brown, Stanard, Post, Parsons, Berlin, Holland, McDonald, Kent and Milan.

The French Advertiser

The French Advertisement

It has been the custom in years past for American students to go to Germany for advanced work.

In many instances the French schools offer better courses than the German. Not only this but students returning from Germany bring with them the German prejudice against the French.

To overcome this the University of Paris has organized an information bureau assisted by the government. The French Universities work through the L’Alliance Francaise.

A special service is organized at the Sorbonne, by the city of Paris and the University, in order to centralize and offer free of charge, for public use, all information concerning the means of study, lectures and museums existing in France.

The work in the United States is being carried on by Mr. Jas. H. Birds of New York and Mr. Thurber of Chicago.

Joanna Strange is attending classes again after a long siege of lumbago rheumatism.

The Physics department has received a Calendar machine from the Cambridge Scientific Instrument Company, of London, England. The machine is made to measure work but in addition to this it measures the heat generated.

LEWIS AND CLARK EXPOSITION

The first great exposition of the resources and the products of the Great Northwest will be held at Portland, Oregon, this summer. The gates will be opened in June, and it is uni
versally believed that this will be one of the greatest of world’s fairs. Portland is best reached via the

Chicago, Milwaukee & St. Paul Railway

Choice of routes is offered. Via St. Paul and Minneapolis—the route of The Pioneer Limited—via Omaha and Ogden, past the wonderful panoramas of Rocky Mountain scenery, it is a good time now to plan your trip.

FRESHMANS' DINNER

CO-EDS PLAY BASKETBALL

The Freshman team defeated a girls team in a packed gymnasium last evening. It was called at the second half stood 9 to 8 in favor of the boys.

The girls on the other hand showed their best work ever, and seven of their players other than those who did their best work were made up of both on the women's side.

The game was a match of both skill and excitement.

THE DAILY IOWAN

FAMABELLA

We don’t believe there’s a cigar on the market that has “taken hold” faster than the Famabella Havana Cigar.

“The Perfection of Blends.” Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our trade.

There has never been any “band wagon” advertising or gift enterprises connected with Famabellas. They’ve won out strictly on merit and they’re making a bigger hit every day, at The Clinton Street Smoke House.
