A Famous Alumnus.

An Iowa Athlete, Orator and Statesman.

Honorable James J. Crossley was born upon a farm in Crawford township, Madison County, Iowa, on the 31st day of August, 1869.

His early education was received in the rural and village schools of Madison County. But the young man was not satisfied with a common school education and at the age of fifteen years he entered Des Moines College and worked for one year. Being obliged to depend upon his own resources he stopped to teach for a year and in connection with this work he farmed in the summer. Still his ambitions for an education spurred him on and in the autumn of 1887 he entered the State University and graduated four years later at the age of twenty-one years. He finished the classical course as one of the young-

est in his class and also one of the largest both intellectually and physically.

In 1891 he entered the law office of Honorable W. H. McHenry of Des Moines and studied until winter when he again became a teacher and taught in the village and graded schools until his work was recognized and he was elected county superintendent of schools in Madison County.

In this office he served four years and during his service he was known all over Iowa as a leading educator. The standard of schools was raised and Madison County has never had such a large institute before nor since.

During his term he continued his university work in absentia and in June, 1899, he received the degree of A. M. from the departments of Political Science and History.

Yale University was the next aim of Mr. Crossley and he soon entered the graduate department and worked in political science, diplomatic and constitutional history and law. In these departments he completed the work for his Ph. D. degree. After his two years work at Yale he came

back to Madison County at the urgent request of his friends and became a candidate for state senator from the 16th senatorial district of Iowa. He received the nomination and was elected by one of the largest majorities ever given a senator from the 16th district. The second nomination was accorded him without opposition and he is now serving his second term as senator. His term will expire in 1909. This term of service is longer than that ever given to any senator from the 16th district.

As senator he has been chairman of the committee on educational institutions and for the last two sessions was chairman of the committee on schools and has aided in much good legislation.

The senator is the author and champion of a primary election measure which has received much favorable comment from politicians over the country.

For five years he has been practicing law, having taken his L. L. B. degree from S. U. I. in 1900. His practice is lucrative and he has had several cases before the supreme court and before the federal courts.

Senator Crossley was a noted athlete both in Iowa and Yale. In "Iowa" he played left tackle on the football team and second base upon the baseball team. For one year he was president of the athletic association.

Mr. Crossley was an orator and won second place in the home contest and in 1891 he represented Iowa at a conference and secured her admission to the N. O. L.

As an athlete he had few superiors. He was a boxer, a high kicker, a walker and mile runner.

While he was an orator his achievements were louder than his words. He organized a company of national guards at Winterset and was their captain for three years. In October 1903, he had his company in the U. S. Army maneuvers at Ft. Riley, Kansas.

During all these years he has helped to care for his parents and when he was county superintendent of schools he furnished money to pay debts and buy more land in order to make them a comfortable home.

The senator is a scholar, an orator, and a gentleman respected and honored by those who know him best.

PRESIDENT MACLEAN INVITED.

On October 17 to 19 the university of Illinois installs a new president, and President MacLean has been invited to attend. He has also been invited to address the students of the university at that time. He has accepted the invitation and will give one of the principal addresses of the occasion.

Miss Gertrude Duff, a student in the summer school during 1903, is remaining at home with her parents in Winterset this year. Miss Duff is one of the most popular and efficient teachers in Iowa. She has earned her year's vacation.

PHILOSOPHICAL CLUB.

Last night in room 213, Liberal Arts, the Philosophical Club held its first meeting of the year. The club is entering upon its fifth year since organization, with prospects perhaps better than at any time in the past.

It is made up of faculty members and students from the upper classes and Graduate College, who are interested in questions of a philosophical or psychological nature. Regular meetings are held monthly. Formal papers or addresses are presented from time to time by thinkers from this or other schools, and are informally discussed.

The paper of last evening was read by Prof. J. D. Stoops, Professor of Philosophy at Iowa College. His theme was "The Christian Conception of Personality." The paper manifested considerable care of preparation, and somewhat profound thought. In several respects it followed lines laid down by G. Stanley Hall and other recent thinkers.

After the paper and discussion, a short business meeting of the club was held for the election of officers. The officers elected for the ensuing year are: President, Prof. C. E. Seashore; Secretary, Dr. J. Burt Miner; Member of Executive Committee Prof. F. E. Bolton.

Mass Meeting on Campus.

There will be a large mass meeting held on the University campus this evening at 7:30 o'clock to cheer the "Old Gold" gridiron men before they leave for the game with Chicago. Henry Walker, Prof. Thorne, formerly captain of a football eleven at Northwestern university and Coach Chalmers will address the gathering. It is hoped that it will be able to secure enough names to make out the necessary one hundred, so as to get a low rate to Chicago. Every student should be present.

CADETS MUST TURN OUT.

Lieutenant Weeks desires to call the attention of all male students in the freshman and sophomore classes of the college of liberal arts and applied science to the fact that they are required to turn out for military drill and that five unexcused absences therefrom will cause a student to be reported to the faculty for suspension from the university. Absences have been recorded at the last two drills, and those who were not present should see the commandant at once.

Dramatic club met in regular session Monday night and elected Sadie Jacobs to the office of president, made vacant by the absence of Frank Sangster. New members were proposed and a committee appointed to secure a play. The dramatic club expects to give a new play as soon as it can get properly prepared.

The Baconian club will devote its meeting tomorrow night to voluntary reports. The officers for the current year are Dr. G. L. Houser, president; Mr. C. L. Boysen, secretary-treasurer.

Varsity Makes Touchdown on Freshmen.

First Year Men Continue to Hold Varsity and to Make Good Gains.

The 'varsity kicked off to the first year men in the scrimmage last evening and Kirk, the freshman star full-back, returned the ball five yards. The freshmen made another long gain by the quarterback's running twenty yards on a fake. Kirk hurdled for one yard gain and Tinsley made a gain of five more. Two losses followed and Kirk punted to the 'varsity forty-five yards beyond the goal line where "Andy" Chalmers picked it up. Kent punted back and Kirk went through the 'varsity line for five yards gain. The freshmen were forced to punt and the 'varsity got the ball in the center of the field. The 'varsity failed to gain and Kent punted. The freshmen lost the ball in a fumble after several gains. 'Varsity's ball. Kent, Murphy, Streff, Moore, Chalmers, White, McGowan, Naum and Atkinson went out and Coach Chalmers substituted new men for them in the 'varsity line-up. Fritzall, Green, Scallon, Rhoads, Simons, "Germany" Schwinn, Tupper, Knapp and Albright took their places. Tinsley went out of the freshman line-up and a substitute went in.

The 'varsity went down the field, after taking a brace, and in five minutes pushed "Germany" over for a touchdown.

The 'varsity kicked off to the first year men and Kirk punted the ball back to the middle of the field 45 yards, where the 'varsity was downed with the ball. The ball changed hands several times and the scrimmage ended on the freshmen's 20 yard line.

The freshmen have been drilled well in the science of interference, and find or make a hole when they want to gain. The 'varsity worked exceedingly hard, but it was a stiff proposition all the time. The freshmen team is certainly competent to trim any minor college in the state and even make Ames or Drake go some to beat them.

There will be but little or no scrimmage work done by the 'varsity between now and the Chicago game as it is Iowa's aim to have all of the men in the best of condition when they play the Maroons.

Many Expect to Go.

Many are expected to attend the Chicago-Iowa game Saturday. If a hundred go a \$6.65 rate will be allowed, and if two hundred go probably a five dollar rate may be obtained. Names have been obtained all day today and the mass meeting tonight in the Liberal Arts auditorium will probably secure many more. A good crowd should follow the fortunes of "Old Gold" to Chicago.

Alumni are Coming.

Word has been received from several of the 1900 championship team, and when five are certain the game is a

Secondary schools and entrance examinations—Professors Calvin, Bolton, Shimek, Ensign, Wilder, Dorcas, Magowan.

Senate passed regulations forbidding all persons to spit on the floors or walls of the University buildings or upon the sidewalks of the University grounds.

The Board of Deans was authorized to draft regulations for a committee to audit accounts of certain student organizations and enterprises.

The committee on a coat of arms and a penant for the University was granted more time.

Prof. Macbride, who is director for the University extension work, called for copy for the announcement of new lectures.

The senate expressed hearty sympathy for the plans afoot for affording the privilege of personal advisors to students in all colleges.

WILL LET MANAGEMENT KNOW MONDAY.

Clyde Williams, who will probably be captain of the alumni aggregation, has consented to let the management know Monday whether he will play or not. When told that Morton, Warner,

Brockway, Ely, Edson and others were going to play he was very enthusiastic and will try to be here for the Varsity-Alumni game.

Will Take Twenty-Four Men.

The Iowa team will take twenty-four men with them, counting coach, assistants and all. They leave on the Rocky Mountain Limited which leaves Iowa City at 11:17 and reaches Chicago about 5 o'clock or thereabouts. The men will have a good night's rest in Chicago and will be out for signal practice on Marshall field the next morning probably.

go. Joe Warner will be here, Morrey Eby, "Buck" Morton, W. C. Edson, sure. Clyde Williams' answer is being awaited at present as the star quarter of the 1900 team is wished to engineer the alumni's play. "Bull" Little, the whirlwind guard of the "champion," was written yesterday and he will surely be here and play when he hears of the game. There will be enough other football stars of Iowa to fill out a good eleven with several substitutes. If the nineteen-hundreders and the other alumni are not too soft from lack of practice, a good fast game is expected. It would seem like the "good old days" to see Clyde Williams running down the field for a touchdown on a quarterback run.

R. O. Hutchinson has resigned the captaincy of Company "A" of the university battalion, and L. W. Lovell has been appointed to fill the vacancy.

HAZING AT ILLINOIS.

Each fall for the past four or five years has seen an outbreak of hazing at Illinois. This year has proved no exception to the rule. Men are forcibly taken from their rooms and subjected to all sorts of indignities, property is sometimes destroyed and a certain amount of injury done to the good name of the University.

Such conduct is peculiarly exasperating to the authorities coming just as it does before the Installation, when the eyes of the entire educational world are upon us. The members of the sophomore class doubtless thought but little of the consequences of their violations of both state and University laws and must now be prepared to pay the price.—The Illini.

The Graduate Club is in correspondence with some strong lecturers, purposing to bring to the University during the year some of America's best authorities in various lines of thought. Definite announcements relative to one or more lectures will be made soon. Prospects are good for a strong and active Graduate Club this year.

DEBASING FOOTBALL.

A Lincoln paper makes the unqualified statement that a representative of Chicago university, after watching the Nebraska football squad practice on the university campus, followed the star player,—a colored boy, by the way,—to his home and there made him a straight-and-out cash proposition to quit Nebraska for Chicago. "It was practically a repetition of the Borg deal of a year ago, when the veteran Nebraska center and captain of this year's team was offered a liberal sum in cold coin to transfer his affiliations to Chicago and play football under Stagg."

Luther Burbank, the greatest of plant evolutionists, was this evening elected to active membership in the Stanford chapter of the famous scientific honor fraternity, Sigma Xi. Membership in Sigma Xi is one of the greatest honors that can be accorded in the scientific world, and Mr. Burbank won it by his world-renowned discoveries along lines of plant culture. Mr. Burbank has been connected with Stanford university for the past two years as a lecturer on "Plant Evolution."—Daily Palo Alto.
