## Freshmen Fight Fiercely.

Go Down in Glorious Defeat with Small Score Against Them.

If signs do not fail Iowa will have another whirlwind team when the "freshies" grow up. It was generally conceded that they would be whipped, but they made their opponents pay dearly for the victory.

Long live the "fresh!" May their shadow never grow smaller. May they live to defeat Minnesota by a score double the size of what they today suffer when they become the Varsity.

The story is briefly told in the telegram of Mr. Carrell, our sporting editor:

Minneapolis, Minn., Oct. 21.—Cold day. Fair crowd, freshmen teams played close game. First half, nothing to nothing. Score of game: Minnesota, 6; Iowa, 0. Joe Warner, umpire; Force, referee. It was a hard fought game. Kirk played fine game.

## PAN HELENIC BALL.

Fair Frat Girls Make Merry This Afternoon.

This afternoon at Majestic hall occurred one of the brilliant events of the season. Upon this array of brilliancy no male creature was permitted to cast his eye for fear, forsooth, no future array might seem worth looking at.

The clock in the tower was striking two. The freshman on the steps of the Y. M. C. A. building looked across the street and began to take interest in life. The street began to grow lively to him. Soon he perceived that his attention was irresistibly being drawn to the doorway beyond the butcher shop. Then he realized that there was a double file of handsome girls—from freshman to alumna—going up the stairway leading to the hall. "Say," said he to the senior law who chanced along, "do you know I don't understand this. Is this a female football game going on upstairs or what? Sere, they're wearin' white shirt waists and black skirts—some of 'em. Don't see how they can play football in that rig, do you?" With pitying kindness the future minion of the law (I think minion is the word) took him by the shoulder and said, "Hush, child! those in black skirts act as men at the sorority ball up there."

The freshman looked longingly upon the unresponsive wall above the sordid stores. Then, shaking his head sadly, he regretfully betook himself to where Carrell's telegrams showed in the windows of the Iowan office the Varsity's downfall.

And no man knoweth the glories of that ball unto this day save by the workings of his inner consciousness.

## RECITAL A SUCCESS.

Miss Everts gave her recital to a crowded and delighted house last night. The society boys brought their girls and listened with delight vowing that they were doubly glad that they had cut out their meetings. In fact the audience was unanimous in praise. But this was what all expected that knew Miss Everts.

The Y. W. C. A. girls are especially appreciative, since they not only enjoyed the program as much as other people, but their treasury is replenished by something like thirty-five dollars by this generous act of Miss Everts.

## PROF. FAIRBANKS WILL SPEAK.

Tomorrow afternoon at two o'clock Prof. Arthur Fairbanks will address University men at Close Hall. The subject has not been announced, but it will be one of interest and profit to every man in the school.

## EXCITEMENT AT MOUNT VERNON

Cornell College Faculty Have Time of Their Lives.

Mount Vernon, Oct. 20.—The annual banquet of the Freshman class of Cornell was held last night. Contrary to the usual custom, it was held under the care and jurisdiction of the faculty.

Members of the faculty went to the home of the president of the class and escorted him in safety to the hall. They were followed by a hooting mob of sophomores who did not dare attack the president, however, as his bodyguard declared that the first one who laid hands on them would be expelled. After the faculty had their proteges safely housed, they took up the burden of acting as police, and patrolled the walks around the hall. The sophomores were there in a body and were enraged at the idea of thus being kept away from their enemies. Several fre-for-all fights occurred between the sophomores and the faculty. Professors Kelley and Betts mixing with their students in a fierce bout. The students were victorious over their professors and drove them to cover under the porch of the hall. The faculty forces were strengthened by the addition of Vice President Harlan and Dean Freer, and several others. From this vantage point they, in company with the college janitors, rebuked the sophomores, who with loud hoots and yells, proceeded to answer with eggs, mud and rocks. Finally the banquet came to an end, and the president of the class, Mr. Leslie Putnam, was escorted home by Vice President Harlan.

The town and student body are greatly aroused over the affair and are inclined to look upon the proceeding as a great lack of dignity on the part of the faculty.—Register and Leader.

Diploma—A non-transferable ticket required to get out of a university, secured only on credit system.

## WILL BE SURPRISED.

The Y. W. C. A. will feel like strangers in their own home when they meet Sunday afternoon. During the past week the rooms have gone through a cleaning such as they have seldom had, and there is bright, new paper on the walls. Every woman in school should visit the rooms and see the improvement.

The meeting Sunday afternoon will be in charge of the finance committee, Miss Gertrude Gittins, leader. The subject is "Christlike Giving—Sharing." The association, like any other organization, must attend to its finances in order to maintain its existence, and this is a time for all to respond liberally.

## GREAT GAIN IN ENGINEERING DEPARTMENT.

Iowa's engineering department has passed the experimental stage. It has become a distinct department in the University. The new building will soon be completed and ready for occupancy. The enrollment has increased 50 per cent over last year, and the freshman class alone is as large as the entire department was two years ago. We now have the students, the equipment and strong men in the department. Last year every qualified man who wished a place secured employment.

## FORENSIC SOCIETIES.

On account of the recital given by Miss Katharine Jewell Everts at the Presbyterian church last evening, the Irvings and Zets did not give their regular weekly programs. The Philos will give a joint program together with the Octave Thanets this evening. A special program has been arranged, which promises to be the best given this year in the Philo hall.

There will be music, as the first number, followed by a recitation, "The Speeding of King's Spite," by Bess Vandenberg. Eva Weber will give a paper entitled, "Thomas Bailey Aldrich." Then follows a reading, "The Difference of an Egg," by Effie Blum.

The Philos will be represented by Rorick, Butterworth, Conoway and Fousch, who will debate the question, "Resolved, That an education in a college of liberal arts is best promoted by a system of free election." The program will conclude with another musical number.

## Erodelphians.

The Erodelphians will give the following program this evening:

Piano Solo.

Oration—Emma Kurz.

Declamation—Alma Wyland.

Violin Solo—Mr. DeBey.

Debate: "Resolved, That Latin or Greek should not be required in college." Affirmative, Carrie Watters, Margaret Hanson; negative, Frances Carroll, Alice Mueller.

Oration—Fannie Hayes.

Vocal Solo—Mr. MacDonald.

## Minnesota Too Much.

Varsity Cannot Cope With Gophers—The Telegrams Will Tell All We Know.

Minneapolis, Minn., October 21.—

At three o'clock this afternoon the Varsity entered the field and began signal practice. Allen playing left half in Chalmer's place Kent kicked off to Minnesota. McGowan made 10 yards. Germany hurdled five yards. Cutting made touch down for Minnesota. Minnesota 6, Iowa 0.

Kent hurt. Fritzell went in. McGowan returned ball 25 yards. Minnesota's ball. Iowa's ball on fumble. Touchdown, Minnesota 11, Iowa 0.

Chalmers in for Murphy. Chalmers kicked off. Minnesota lost ball. Schwinn made good gains. McGowan gained three yards and Allen three. Minnesota 17, Iowa 0.

End of first half: Minnesota 22, Iowa 0.

Final score: Minnesota 39, Iowa 0.

## GRADUATE CLUBS.

There will be a meeting of the Graduate Club Monday evening at seven o'clock in room 220 Liberal Arts. A large attendance is desired, as business of importance is to be transacted. Meeting will be called to order promptly at seven o'clock.

CROSS COUNTRY.

In this number will be found a statement from the committee having in charge the cross country work. It is urged upon all freshmen that they take part in this practice. It is said to be one of the best forms of athletics, and it looks reasonable that it should be.

The freshmen should not be led by the amount of space and attention given to athletics by the papers, to the conclusion that the chief end of a college man is to be an athlete. However, the great danger is that too few men will engage in athletics, and that few will be, or seem to be, "the whole thing." The primary purpose of athletics at Iowa is, and must always be, to develop all the boys into men—men with strong minds and strong bodies.

It would seem that cross country work is eminently a sport for a large number to engage in.

SEATS FOR LECTURE COURSE.

The committee in charge of the lecture course announces the following plan for the reservation of seats: All those holding season tickets may have them reserved at Wieneke's two days before each entertainment.

Seats for single admission tickets will be reserved one day before each entertainment. As the number of season tickets will be limited, all season ticket holders will be sure of getting good seats. Prices for reserving seats will be 15 cents in dress circle and parquet, and 10 cents in balcony. Single admission to each number, 50 cents.

On account of the first two numbers coming so close together, it has been decided to reserve for them at the same time. Therefore season ticket

holders may have seats reserved for the Hahn Festival orchestra and for Hamlin Gerland's lecture on and after Thursday Oct. 26, at 8 a. m. at Wieneke's.

CROSS COUNTRY RUNS.

While the football season is still at its height, the track men are looking forward to the prospects of indoor meets in the armory during the coming winter, and the long distance men have been quietly preparing for the future through the practice runs that are held every Tuesday and Thursday afternoon and Saturday morning. It is probable that the board of control will continue its policy of last year in awarding jerseys to the three men making the best scores in the competition runs which will be held later in the fall. A jersey will also be given to the freshman of any college in the university making the next best score. It has not yet been settled definitely whether the banner for the best team score will be assigned to the best class team or to the best college team. The points will probably count as in the past; the first man in counts 20 points for his team and for his individual score, the second man scores 19, the third scores 18, and so on, so that the twentieth man will count one point for his team.

Last year the Liberal Arts freshmen upset traditions by winning the team prize, and are hoping to repeat the feat this fall, but the freshmen of this year should make a strong showing. Cook, who for the past two years was state champion in the mile, will be in with the leaders, and with anything like the support that the present sophomore class gave its fast runners last year the freshmen may win the team banner.

The only requisites for cross country running are a sound constitution and perseverance, and there is no branch of athletics in which persistent effort is so likely to be crowned with success. Any man without physical defects can make a fair distance runner of himself, and many record breakers in this sport have been men who thought they could not run. In the University, we have seen men like Riley, Jeffers and Crossan win their "T", who started in with cross country running. Schutt, the great distance man of Cornell university, now at Oxford, was able to defeat some of the best men in England, and in our own state the best distance runners at the other institutions are the cross country men.
