The Freshies

Iowa's Great First Year Team—A Husky Bunch—A Good Coach.

Iowa introduced outsiders to its first freshman team this year and it has been a wonder. The freshman squad's reputation for good playing has been such that it was impossible to get with games high schools over the state. The high schools that had with the freshmen cancelled them and so very few games have been played by the first year men this year.

The squad gave the Minnesota freshmen a hard tussle, the Gophers defeating them 6 to 0. The Iowa freshmen would have liked very much to have played the game over again.

Draus's scrubs were defeated last Saturday 3 to 0 and the Tipton and Iowa City high schools both suffered defeats at the hands of Iowa's freshmen.

Thanksgiving the Iowa freshmen will play the Ames's scrubs for the secondary "Big Four" championship of the state.

Coach Dwight Griffith has developed a strong bunch of football warriors and great praise is due his efforts. Next year the Iowa first year team is expected to get a chance to play all of the "Big Nine" freshman teams that the "varsity" has faced its teams. Below is a brief history of the freshmen and their former attainments:

Edward Elliott—No football experience; played his first two weeks ago in the Iowa City high school. Freshman game; left guard.

Evans McGrodes—Left tackle, full back at East high school. At Iowa, Iowa City.

L. Tinley—Harlan high school, guard and fullback at East. Iowa high school last year.

M. Brown—Half back; half back at Aurelia, Iowa, high school.

M. Moyer—Sub-guard, no football experience.

J. Brown—Brett, Iowa, captain and fullback at East. Iowa high school. G. McDowell—Half back, half back three or four years ago at Iowa Falls academy.

Will Carberry—Right end, captain and fullback at Guthrie Center high school. G. Bruggeman—Half and quarter back, quarter back at Davenport high school.

Owen Perris—Left end; guard at Burlington high school.

T. Brown—Captain and fullback at Waterloo high school.

G. Collins—Left half; half back on Hanover high school last year.

Glen Griffith—Quarter; quarterback on Iowa City high school team this year.

Carroll Kirk—Captain and fullback; captain and fullback on Marshalltown high school team last year.

P. LaCombe—Sub-end. Irvin Hastings—Center, Spencer, Iowa, his home; center at Crete Military Academy.

SOPHOMORE MEETING.

On yesterday the sophomores held a meeting in the Liberal Arts building. It was for the purpose of electing members of the Hawkeye board for 1908. It seems there were all kinds of tricks and combinations on foot. Not one particular faction, but the whole class seems to have been an uproar. This election seems to have been a little previous, as the annual should represent all the colleges in the University, and not one faction. The time has come when the Annual should be a University publication and a representative work, instead of a publication by one or two factions in the school. It seems to us that the meeting and the work at this time is a little premature. We would be glad to hear from representatives of the various schools. Write your opinion of this matter and hand them to the Iowan.

NOTICE.

There will be a meeting of the school board of the Daily Iowan on next Monday evening, November 27, at 7:30, at 215 Washington street. Let everyone be present.

DR. PAUL CARUS.

Dr. Paul Carus has today returned to Chicago. He has made a memorable visit, one which he and Iowa Citians will long remember. He arrived here on Friday night and has given seven addresses in less than five days, not to mention the six dinners and supper which have been given in his honor. His topics have been: The Philosophy of Montaigne. Truthward. Bible and Bible. The Nature and Use of Philosophy. The State. Occult Phenomena. Good and Bad Agnosticism. He has addressed a special gathering of faculty members, the public at large.

The Iowa Hawkeye

A Representative Publication to be Given.

The first meeting of the '97 annual board was held in Dean Currier's office Tuesday evening and plans for the coming Hawkeye were discussed in detail.

The prospects at the present time for a successful publication are most promising. A great deal of enthusiasm and eagerness to be at work was manifested by every member. Never before have the various departments been so adequately or so satisfactorily represented. The business department will be in the hands of a board of five members, one from each college, of which W. B. Bix has been chosen president. The remaining members are J. G. Balduan, L. A. J. Behlendorf, Law, L. A. Schiller, Medicine, and J. V. Hemingway, Dentistry. The personnel of the literary staff is H. E. Barnes, editor in chief; Ethel O'Brien, art editor; Carrie Watters, literary editor; W. F. Riker, humorous editor; Claude Cooke, athletic editor; Miss White, alumni editor; R. J. Rieder, civics editor; Earl Ryherd, military editor; Arthur Lee, department editor; M. A. Hemingway, subscription manager. The department editors are E. Nye, Dentistry; Worlds, medicine; Ray Files, law; Wm. Olson, applied science; Arthur Hopkins, pharmacy.

In the matter of dedication it was decided to canvass the entire university and every student signing for a copy of the Hawkeye will be given a coupon entitling him to a vote on whom he desires to have the Annual dedicated to. It is thought the rivalry thus incurred among the various colleges will increase the interest in the publication. The price of the book will be the same as last year, $1.50 per copy.

THE DAILY IOWAN

A KID STORY.

In Sunday's Cedar Rapids Republi
can was a story from Ames that makes everybody laugh. The story promises to be the facts about Kent and Iowa Athletes. It is so ridiculous that everybody ascribes it to some kid who knows not and knows not that he knows not.

He writes about the situation like a "kid," while he is reading the truth on the street corners. The writer talks about Kent and the Iowa investigation, and though there were no honest men inside the Ames campus, if he had taken a little time to see the facts he might have found that Kent's case was settled by A. A. Stowe, Chicago, Northwestern, and Sampson, Indians.

Then ignorance is further displayed in speaking of "Fairs" White. White has not been on the team this

No one here thinks for a moment that the story represents the Ames sentiment, or sanction, either of faculty or students.

The writer happens to know some few of both and knows they are gen
tlemen and believes they will see as much of a joke in the article as we do. The "kid" will probably learn as he grows older.
