On to St. Louis!

Hawkeyes Leave to Win Their Last Battle.

The Hawkeye team, Coach Chalmers, and Manager Jones will leave this evening at 6:40 for St. Louis, arriving there at 8 or 9 o'clock tomorrow morning. The team will go through a practice in St. Louis Wednesday afternoon and get themselves in shape for a hard game.

Those of the team who will go are: McGovern, Streff, Murphy, White, Schwinn, Moore, Rockwood, Narum, Seidel, Washburn, Allen, Tupper, Davis, Chalmers, Kent, Knapp and Fritzell.

Team is in good shape. Several of the men got some hard bumps in the Ames game, and Chalmers' knee was wrenched, but every one will be in shape to play a hard game. "Andy" is walking around today just as spry as ever.

No Practice Last Night.

There was no practice last night on account of the rain, but today's warm sunshine will give the men a chance to go through a good signal practice. There will be no scrimmage, however.

Backing St. Louis Team.

St. Louis money has been put here already. Where it comes from is not known. This move, however, shows that St. Louis means to win. Iowa will no doubt upset her plans, however.

NEW FRENCH INSTRUCTOR COMING.

Mr. C. P. Huizinga, candidate for the doctor's degree, at Princeton university, next June, has been elected to the place left vacant by Miss Cipriani, in the French department. Mr. Huizinga, who comes well recommended, with experience here and abroad, will relieve Miss Prentiss, whose many labors in the sciences will not permit continuing her excellent work as a teacher of French in this department. Prof. LeDaum announces that Mr. Huizinga will be here by the middle of the week.

HAWKEYE MUST WIN.

St. Louis Game Means a Great Deal to Iowa.

The last Varsity game will be played at St. Louis Thursday, Thanksgiving day. Iowa meets a "dark horse" in football circles, St. Louis university. This southern team has defeated all of the teams in Missouri and Kansas, but the relative strength of these teams is not known here. The same team also held Illinois to a score of 12 to 6, and defeated Kentucky 82 to 0. If Iowa defeats St. Louis university by a good score, it will put her above Illinois, and Minnesota's overwhelming defeat of Northwestern, should put Iowa above that team. So much depends on the outcome of this game. It is the earnest prayer of the Iowa student body that the team be in good condition, and there be no slump in their play, when the team meets the "Show Me's."

AGGIES CHEERFUL.

Say They Were Fairly Whipped and No Kicks Coming.

Iowa won it. We have no kick coming. If luck favored Iowa, it was only one of the probable uncertainties of football. Our team did all we expected them to and we are proud of every man. For them it is a moral victory. They dispelled all doubts of their courage and tenacity of purpose. They outplayed Iowa in half the game and compelled her to use every effort in the second to make the touchdown without which her victory would have been an empty one. Iowa played Kent in the face of the evidence against him and the same team which put Grinnell and Drake clear to the bad found the hardest proposition of the season in a bunch of so-called quitters. The game was one of royal sport. It was clean in practically every play. The teams were fighting for blood and the occasional outcroppings of rough play were not indicative of a dirty spirit. The officials were impartial and the crowd was fair minded. Every partisan rooted to the end and was with his team in victory or defeat. Such a contest is sport of the highest type, calculated to bring out to the fullest extent the manliness of all engaged. To be defeated in such a contest is not disgrace and to have won is honor. We are proud of our team and we are proud that State field has been the scene of such a demonstration of true sportmanship. —I. S. C. Student.

RULING DOES NOT AFFECT UNIVERSITY.

The recent action of the Iowa State Board of Medical Examiners making four years of resident study in a college of medicine necessary for admission to practice medicine in Iowa will work no hardship on the college of medicine of the State University of Iowa, and at their last meeting the faculty of the College of Medicine adopted new regulations embodying the rule of the board. The new action will affect the University in that it will abrogate an established agreement between the University and Grinnell, Simpson, Augustana, Coe, Des Moines, and Western by virtue of which the University has heretofore given the graduates of certain so-called "pre-medical" courses advanced standing in the College of Medicine. A similar practice obtained with reference to the scientific students of the University's College of Liberal Arts until last year when the University established her new six year combined course making it necessary for all her students to spend four full years in the College of Medicine. The agreement with the smaller colleges was, however, kept until nullified by the Board of Examiners.

'VARSITY GLEE CLUB.

The Varsity Men's Glee club at a business meeting yesterday evening, elected John C. Parish business man-

ager for this year. It was also decided that the principal trip of the club would be taken during the spring vacation, instead of during the holiday recess, as had been planned. The club is working faithfully, and some excellent results are expected. A home concert will probably be given in January.

EDDA.

Saturday evening was the occasion of a very enjoyable social gathering of the members of Edda, the Scandinavian society of the University. Impromptu talks by Dr. Flom and Mr. Wilson, cards, music, and refreshments were the features enjoyed by all present.

DR. ALBERT AT BURLINGTON.

Dr. Henry Albert has just returned from a trip to Burlington and Chicago. At the latter place he met with a public health committee.

At Burlington he addressed the Southeastern Iowa Medical society on "The Relation of the Pathological and Biological Laboratory to the General Practitioner." His address was well received, and he was elected to honorary membership in the society.

WANT STATUE OF WAR GOVERNOR.

President McLean has had some correspondence regarding a statue of Governor Kirkwood. It seems that the movement started at an association of veterans in Nebraska county and the location proposed for the statue is at Iowa City. It is likely that the matter will be presented to the legislature by the member from Johnson county.

REV. LEAMER SPEAKS.

Rev. Leamer of the English Lutheran church gave an interesting address to young men at Close hall Sunday afternoon, on the subject, "The Value of Mission Study." Rev. Leamer said that too many helps are being used in the study of the Bible, and that a return to its simple, direct teachings must be made if we wish to have a sure guide for missionary work.

BRODERICK BECOMES MANAGER OF COLLEGE INN.

Saturday evening a change in management of the College Inn took place by which that popular "Place to Eat" will hereafter be under the sole management of Mr. Dick Broderick. Mr. Jones has retired and accepted a position with the Republican.

"London Films," William Dean Howell's new volume, is being brought out in England by the Harpers. It will be interesting to know how Londoners will regard the kindly comments of this keen-sighted American on characteristic phases of the life of their great city.

Ames-Iowa Again.

Ames Freshmen Will Strive to Retrieve Last Friday's Game.

The Aggie first year men will be on their mettle here Thanksgiving, and will play their hardest. It is up to them to get even for the defeat of Ames by Iowa, last Friday. There is no Iowan, however, that believes our freshmen will be beaten. The Ames team will not be all freshmen but part scrubs, and a good hard game is expected. Iowa's duty is to win both games on Turkey day, end the season in a triumphant manner and make both Aggies and Missourians bow the knee to the "Old Gold."

Football Notes.

"Andy" Chalmers' knee is in bad condition (the result of a severe wrench in the Ames game), and it is doubtful whether he will be able to play at St. Louis.

After the game Thursday the Varsity team will choose their captain for 1906. Schwinn and Streff are the two mentioned for this place. Schwinn graduates this year, but it is rumored that the big fellow would come back and take a post-graduate course, if elected captain. Streff has said on several occasions that he would not play next year, but it is hoped that next year will see him again in line. Either man would make a good captain and both are very popular.

The Iowa football fans feel that next year will be a year in football here. With "Germany" back, and the present heavy aggregation, together with the strong freshmen Iowa obtained this year and the promised new men coming in next semester, Iowa will be right in it. Iowa loses one of its best and hardest players in Captain McGowan, and it will be a hard job to fill "Mac's" place. Without a doubt, McGowan has been the most popular football player Iowa has had for many years. But when a good man steps out, there is always somebody to take his place. Kirk, the freshman fullback, will undoubtedly be the best man in McGowan's shoes, and Hastings will fill the place of Moore, Iowa's "all-Iowa" center. Watch Iowa in 1906. Iowa should be seventh in the "Big Nine" this year, but she will be higher next year.

QUARTETTE RECITAL.

Invitations are out for a recital-reception to be given by the Iowa Euterpean quartette at Close hall this evening in honor of Doctor and Mrs. M. L. Barlett, head of the conservatory of music of Des Moines college. The quartette, consisting of Messrs. Rogers, McDonald, Luce and Brown, is to be assisted by Miss Maud Griffith, reader, and Misses Ethel McKnight and Scofield and Mrs. Brown, pianists. A strong program has been prepared and those who have been fortunate enough to receive invitations will doubtless enjoy a real treat.

ASSIST THE PAPER.

Are you interested in a good college paper? One that will be a credit to your school and one that gives the news, one that keeps you posted and in touch with all the schols of the University? Then how much are you doing to help make that paper a reality? Are you a subscriber or do you borrow from some one in the house and let him come to the office and kick for an extra copy? Have you ever handed any news to the editor or told him where he could find some news that interests you and your friends? Then again, do you know that if you are a subscriber and have given news to the paper it could not exist on this alone? It is the advertisers, in our city, that enable a college paper to exist. And if you are interested in student enterprise and in a good paper patronize those firms that are helping to make this paper successful. Don't only go to their stores, but tell them you saw their ad in the Iowan. You little realize the amount of good you can do for the school paper and the men who assist students in this school if you only patronize the firms who help.

STATE HISTORICAL DEPARTMENT.

Curator Charles Aldrich of the state department of history has published his biennial report, the seventh of the department. He urges that a hall of archives be established in connection with the hall of history and that the state proceed immediately to the compilation and publication of a roster of the Iowa veterans of

the civil and Mexican wars. He calls attention to the status of the hall of history and suggests that the completion of the building will require about \$150,000 additional appropriation. There is now appropriated \$5,000 a year for the support of the historical department. Mr. Aldrich advises that this be increased to \$15,000 a year.

COST OF LIVING IS HIGH.

"With the cost of living what it is now a great many of the teachers in rural schools cannot provide the actual necessities of life with the salaries they receive."

This was the statement today of President H. H. Seerley of the state normal school of Cedar Falls. "I do not wish to take a pessimistic view," said Mr. Seerley, "because the condition I mention is not exactly the fault of the people. In the last few years school districts have been divided and re-divided until a great many of the schools are small. Of course, teachers of small schools cannot receive large salaries.

"The public pay as much as ever for the support of the schools but the cost of living is so high the teachers can't get along on what they could a few years ago."—Des Moines Daily News.
