Foot Ball Needs Reform

That is the Verdict of the Highest Authority in America.

A preliminary meeting of the Inter-collegiate Football Rules Committee was held on Saturday evening at the Hotel Bellevue-Stratford, Philadelphia, for the consideration of a number of radical changes in the rules for the season of 1906. No formal minutes of the meeting are being devoted to a general discussion of various plans for the reform of the game.

Walter Camp, Yale, presided at the meeting and the following resolution was passed: "Resolved, That this committee is in favor of action looking to the lessening of the game and the lessening of brutality; of the placing of the officials of football in a central body and regarding any evasion of the rules unprofitable."

The following were the more important suggestions presented by the various members of the committee: with the exception of Mr. Camp, who took no active part in the discussion. Mr. Camp declared that the views of the committee were in favor of action looking to the lessening of the game and the lessening of brutality; of the placing of the officials of football in a central body and regarding any evasion of the rules unprofitable.

Well, it passed as all things will, and at the close of the performance the entertainers stood about very patiently waiting for Mr. Rockefeller or his secretary to settle the financial part of the affair, but as no one came forward and interested, with the exception of Dr. Albert, who is also the secretary of the private charity and asked for his fee.

"We always settle our bills at the end of the month," was the reply.

"But I may be in California at the time," said Mr. Day, "and I wish you would send me an account."

"We can't do that," said Mr. Camp, "for the reason that the entertainment was given in your name." The entertainers then asked for about fifteen minutes to present their bill.

It was a very pleasant evening, to the fact that when Mr. Rockefeller, who occupied a chair in front of the audience, found there were no seats left, he got up, gave the point of a joke there was never a smile, but when he laughed, every soul in the room followed his lead with uproarious mirth.

Dr. Albert then held a hurried consultation with the great oil king himself—apparently over the advisability of copying a conclusion before the holiday.

It is here stated that the lecture will be in English. Room 202, Hall of Liberal Arts, 8 o'clock p.m. The public is invited.

REMEMBER THE DAYS TO NIGHT.

A STATE SANITARIUM.

Dr. Henry Albert delivered an interesting and instructive public lecture at Corning recently, under the auspices of the Wayne-Appalachian Medical society, upon the subject of "Tuberculosis." The speaker demonstrated various specimens of diseased lungs and exhibited charts showing the number of cases of and deaths from this disease annually in the state. Two thousand deaths, said Dr. Albert, occur annually in this state from consumptive diseases, and the best to the state is from three to ten million dollars a year. The plan favorited in the address was that of a state sanitarium for tuberculosis patients. Literature relative to the prevention of the disease was also given out to the audience.

Have Merry Times.

This was the entertainment of the Winnetka club with Mrs. F. L. Douglas at 9 East Market street. There was a good attendance and a jolly time. Each of the ladies was given a proper ice cream full of carpet roses and told that they write their names upon all of them. The bottom of the plates were found cards bearing this inscription: "Respectful greetings to all friends and unfriends alike."

Merry Christmas.

The Rock Island will sell excursion tickets to the Ball Park and the one-cent fare for the round trip. Tickets on sale December 22d, 23d, 24th, 25th, 26th, and January 1st and 2d. Call at ticket office in the particular.
