In the days pleased everybody immensely and the Lecture Bureau is making plans to secure ideas for the next week.

Last night at the Coliseum, the third number of the University lecture Bureau course was given by the carolxen, Miss Day and Wren T. Tricot. Both, all of whom demonstrated their ability as high class entertainers. The audience was large and gave the very best of attention to the many well-researched parts, although, as suggested by Mr. Day, it takes two "Days" to give it, yet there is no doubt that the program would have been enjoyed to the end if still longer than it was.

Mr. Day, in agreement with his contract with the bureau which has charge of his work, to make his entertainments a little instructive, said he always attempted to make it just as little instructive as possible. However, there can be no question that the evening was not only of entertainment but of instruction at well. Mr. Day first gave an explication of the art of story telling, illustrating with some well-chosen selections.

Mr. and Mrs. Day then gave a little bit of advice which they thought would be daily interesting to the ladies, as it gave some pointers as to how to avoid the blame sometimes now for. It was very much enjoyed by all.

But Mrs. Day showed her great ability in her impersonation of the household wey, who having far out, in love with his Sunday school teacher, becomes dependent upon hearing that the lady is to be married.

Mr. Day seemed more entertaining every time he appeared. His impersonation of the southern gentlemens, which he began in about one minute with the help of his wig and a few touches of paint, was, especially fine. It would be well if Mr. Day could give this in every town in the north, as it gives a view of southern life often too little understood by us northerners.

Any one who has ever watched an inexperienced person at a telephone, certainly would declare Mr. Day's last number as nearly perfect as could be imagined. The entertainment of the last night was a good continuation of the high order of the course as established by the first two numbers.

MRS EVANS AWAYS NEXT WEEK.

Mrs. Evans, dean of women, will be away the first of next week attending a conference of deans of women at the University of Iowa in the final session. This promise to be an interesting debate. Both sides are confident, and the discussion will be spirited throughout.

The judges chosen are Dean Greg- sor, Profs. Householder and R. B. Bonn. President Rinder of the De- leon. The debate will not start until 8:30 on account of the basketball game, which will take place at 7 o'clock.

GREAT SUCCESS.

BE CHEERFUL.
The I. S. C. Student devotes two columns to a warm discussion of the
Clarin's wittiness of the Iowa-AMES game. The editor may be, to some extent, justified for a feeling of
whimsicalness, and has, on the whole, maintained quite a reasonable attitude.
As he is entitled to the "you're another" argument in one or two cases.
This kind of discussion is never profitable and oes not prove anything.

To begin with, the Clarin is not a publication in any way connected with Iowa University or its student body. We believe that the I. S. C. people themselves consider what was said in the Iowan regarding the matter as quite reasonable. If we recall correctly, the Iowa City Republi-
