In the Saturday issue of the Blum City Tribune, appeared pictures of our South Dakota debaters and the three men from that institution who have been chosen to debate against Iowa.

The paper has the following to say concerning the South Dakota men:

"The three University of South Dakota young men who will debate with the team from the Iowa State university are Dr. L. Lyons, William Forte, and W. O. Knight. Lyons is a junior debater, having taken an active part in debating while attending Notre Dame, where he was recognized as a young man of demonstrated forensic ability. Forte has tried out before in preliminary debates, and as by no means an amateur in debating. Knight is a member of the second year class. He was formerly a student at the Prement, Nebraska, normal, and represented that institution in the state debating society.

These men were chosen after a general preliminary debate, open to the entire student body. They are considered a strong team, and are coming to Iowa City intending to win. They will demonstrate their good debating ability.

The question to be discussed is, as stated in the Iowa, "Resolved, That free election is the best available plan for an undergraduate course in a college of liberal arts; free election to be interpreted as being freedom from prescription of studies throughout the college course."

On this question the South Dakota boys are to have the negative side. The debate was set for the debate held on Friday, April 27, the same date as that of the Notre Dame Debate. The South Dakota team is to come to Iowa City this year.

BEAUCHAMP.

Laughing Philosopher Delights Audience With Pathos and Humor

Beauchamp closed the University lecture course last night with his lecture on "Humor." His audience was highly pleased.

Mr. Beauchamp is a surprise. He is very neat a beauty to look upon either as to form or carriage. His first act was a series of stories, some excellent, as was shown by the laughter of his hearers. About the time you thought it, was to be all done, he started off to a serious topic, the tendency toward crime in this country and gave as one of the causes the neglect of the Bible. He finished with an eloquent plea for the American home. Then he touched the story button and mixing came forth.

Mr. Atkinson is to be congratulated on the success of this year's course. It has been excellent and at a very low price. Preparations are under way for a stronger course next year.

LECTURES ON MOUNTAIN IN SECTS.

Wickham Explains the Reasons for Strange Mountain Species in Lost Lecture of Senior.

The geological period during the insects of the Artic south, and when the ice receded, the southern species reestablished itself in the Rocky Mountains and Alleghenies. This, says Prof. Wickham, is the reason that the insects which inhabit the northern part of the continent are found in isolated colonies in the mountain regions of the western states.

This is proved by the similarity of the different species in the two sections of the country and by the fact that former south, where the glacial flow did not reach, no such species are found. The insects which are said to have blown up the lower slopes in a continually rising current of air on arriving at the top of the mountain into these insects fall on the slopes at the top, and thus are an easy prey to thehardier conquerors. Luster slides exhibited the number of insects life showing the similarity of the Rocky Mountain and Alpine species. In some cases obtained by Prof. Wickham himself on a tour through Colorado.

MISS ROGERS AT ASSEMBLY.

Laures University Woman-Says She is Sane and Sensible.

"More men are driven to drink by the foolishness of foolish women than by any other cause," was the statement of Miss Rogers before the assembly this morning. She was telling what university life does for the individual and sensible woman.

In opening her talk, she spoke of the growth of the school since '95, saying that it is now three to take the place of every one that was in the school at that time.

She mentioned the great change in the status of women since fifty years ago when her mother showed the little village in Pennsylvania by delivering she was going to be some girl, to get an education. Her mother never gave her up.

Miss Rogers is herself a fine type of the university woman.

THE ALUMNI DEPARTMENT IN THE HAWKYE

The weekly board are very elated to announce in the columns of the Iowa something concerning the Alumni Department. The Alumni Manual, and in particular about the alumni organization, is to be printed. This department this year is under the immediate charge of Miss Gold White. Miss White has the assistance of a few prominent alumni, who have given her some very good information about the graduates. Miss Kate Rodgers of Burlington, has done much for the department, and it is certain that, when the Hawk ye comes out, this department will prove of much interest to hundreds of alumni.

The board this year has started the custom, which we hope will be continued hereafter, of calling upon some of the graduates for contributions.

Outside of the noted alumni who are helping Miss White along the literary lines, Mr. Mer Curly, '96, now of Red Oak, has contributed to the art of the Hawkeye, by drawing the title page for the department. Mr. Frank Sangster, another alumnus, has made several drawings which will add wonderfully to the department.

With the alumni department reorganized in this way, the board feels that it will be able to send a dignified issue.

The Hawkeye is expected out April 25.

BEASHORE FOR ALDERMAN.

At the second ward primary held on Monday night Dr. C. E. Beashore, who, in the department of philosophy, was nominated by the republicans as candidate for alderman in the municipal election which occurs next Monday, J. J. Hotz is the democratic nominee opposing Dr. Beashore.

Dr. Beashore is a man of absolute honesty and if elected will serve the best interests of Iowa City. Alderman Shimek is the only faculty member in recent years who has filled the position of Iowa City alderman.

FORENSIC FRANKEN

Tuesday evening a meeting was held for the purpose of organizing a forensic fraternity in the University in accordance with similar organizations in the leading universities of the middle west.

The fraternity, as a national organization, is to mean in debate and oratory, what Phi Beta Kappa means in academic scholarship. The purpose shall be to promote forensic work in the University, to develop a feeling of fraternity among the members of the organization and to secure for the University by every honorable means the attendance from high schools and elsewhere of students who have shown forensic ability.

Eligibility to membership shall be based primarily upon participation in interscholastic contests in debate and oratory.

The plan of the movement is that each university shall send a delegate to Oberlin at the time of the N. O. I. Convention in May, when the organization shall be completed and arrangements made for the installations of chapters.

Fred Cullingham, Iowa's orator at the N. O. I., will act as the delegate from the local organization.

Ray Flies, Mr. Brannon and Cates, Barnard were appointed executive committee to work out the details for the local chapter.

Adopted in Toto.

University Senate adopts recommen

University Senate recommends certain measures without modification.

Yesterday afternoon the University Senate met in special session to hear Prof Smith's report on the second Angel conference at Chicago on foot ball rules. The full recommendations of the conferences were adopted almost without discussion.

The principal modifications of the first conference recommendation were permitting the bench not a member of the faculty and putting the last game on the Saturday before Thanksgiving.

DRAKE DELIVERS TROPHY TO HAWKYE.

Thompson Drake's star distance runner visited Iowa Saturday and deivered the cup which Iowa won in the state track tournament last spring.

The cup is a large silver loving cup about a foot and a half high and it looks good in the trophy case. This is the first time this prize has come to Iowa as it is its second year. Drake won the last cup two years ago and this cup is for winning the next three years in succession. We must win this trophy in 1907.

MOCK CLINIC TONIGHT.

Great Drakes by the Medical at Zet Hall.

Instructions: Come early so as to find standing room.

Do not laugh during the program. Life and death will hang in the balance.

Bring your camphor and ammonia bottles (smelling salts) with you—precaution in case of emergency.

Children under twelve should be kept at the check room. Responsible sitters will be provided.

No subject, have your game at home.

Not half, eight o'clock sharp.

MR. HUISINGA SPEAKS ON PHILO

A. V. C. P. Huisinga addressed the members of the philosophical club and the students in Dr. Minor's class in philosophy last night on "Philosophy in its Modern Outlook." Because of the Beauchamp attraction and another lecture, the audience was not large. After giving an historical sketch of philosophy, Mr. Huisinga showed that the modern tendency of philosophy was toward the study of the individual and away from the study of man taken collectively. The speaker accounted for the present up popularity of philosophy by saying that many look upon it as a sort of "mental gymnastics."

Professor: "A fool can ask questions a wise man cannot answer."

Freshman: "That's why we all bunked."

THE DAILY IOWAN.

BOARD-

$2.60

appreciation and consistent mending; 'C Y quart et are both deserving of much built over their spring vacation tour,

This page will be put up on the club about May first. Willard opens a half week stand in Des Moines on Monday night in repetitio, playing the first again. A Pair of Spectacles, and The Man Who Was, Tuesday night The Professor's Love Story and again at afternoon matinees which performance he will be inspir-

ed by the dramatic club, and closing his engagement on Wednesday night with The Middleman. The popular-

ity of the play in question is shown by the two performances given this fall.

The club will leave about eight in the morning and return on Wednesday day night, leaving Des Moines at ten, tickets have been secured and any de-

siring to go should see the manager of the club.

OUR MUSICAL ORGANIZATIONS.

Along no line of University ad-

vancement has progress been made more

than in our musical or organiza-

tions. Only in few years ago it was

considered a decided musical triumph to have a band of twenty-five pieces that could play "Union Alley" on the

march. Glee clubs if successful (as they sometimes were) owed the fact in a fortunate combination of singers rather than successful training and directorship.

Last year, however, the glee club received a new impetus through the arrival of Dr. Brentan. His faithful and consistent work are apparent in this year's organization—a glee club of which the University, stu-

dents and professors are proud.

Other vocal musical clubs have al-

so reached a high degree of efficiency. The Dental Glee club and University quartet are both deserving of much appreciation and praise.

This year's band needs no recom-

mendation; every one who has heard

it knows that it recommends itself.

For the past few years we have been

fortunate in bands, but this year, under the direction of Mr. Van Doren, it has reached a degree of proficiency never before equalled in University history. A class of music is being

handled (and successfully handled) that has never before been attempted.

Besides an unusually large rep-

ertoire of marches and selections, a

large amount of standard music is being played.

Overtures by Stanford, Suppe and others are excellently presented by this amateur band. The fact that the boys are dined for concerts in all the largest cities of the state, during their spring vacation tour, proves that they have a good and growing reputation.

The band has just ordered four mellophones from New York, the ex-

pense of which will amount to about $300 and thirty dollars. Be-

sides they have to meet the ex-

pense of an advance agent for their tour, which will probably amount to another hundred dollars.

They deserve your patronage at their concert (advertised for the evening of the twenty-seventh) and should receive the encouragement of seeing you there and the benefit of your financial support.

DRAMATIC CLUB TO DES MOINES.

Will leave Next Wednesday to see Willard in The Professor's Love Story.

At a meeting this afternoon it was fully decided by the Dramatic club to go to Des Moines next Wednesday to see Willard, the great English actor, in "The Professor's Love Story." This play will be put on by the club about May first. Willard opens a half week stand in Des Moines on Monday night in repetitio, playing the first again.

A Pair of Spectacles, and The Man Who Was, Tuesday night The Professor's Love Story and again at afternoon matinees which performance he will be inspired by the dramatic club, and closing his engagement on Wednesday night with The Middleman. The popularity of the play in question is shown by the two performances given this fall.

The club will leave about eight in the morning and return on Wednesday day night, leaving Des Moines at ten, tickets have been secured and any desiring to go should see the manager of the club.

SIoux City Alumni Active.

Extensive arrangements are being

made by the Sioux City Iowa univer-
sity alumni association for the oppor-

tunity of Prof. T. H. Morrissey, who will speak there before the North-western Iowa teachers associ-

ation in the early part of April.

The members of the committee in charge of the affair are Miss Marie Lynch, Prof. W. H. Clarke, Prof. Paul Dace-

well, Perry Bond and Frank H. Wil-

son.

DAM TO BE BLOWN UP.

The executive committee of the board of regents has appropriated a sum of money to be used in blowing up the Terrill dam north of this city.

With the passing of this dam one of the oldest landmarks in this part of the state will be removed. It was built over 80 years ago, of wood and brush with rocks piled in it, and it is probably the oldest wooden dam in a good state of repair in the United States.

WANT COLUMN

All advertisements in this column must be

paid for in advance at the rate of one cent per word and insertion. No changes will be made after publication.

BOARD—$1.50 week. Short orders.

Miss Minnagh 238 H. Clinton.

FOR RENT—Five rooms completely furnished for householding. Require at 123 B South Clinton street.

ROOM FOR RENT—Modern and close in. Require at Iowa office, or phone 154, Johnson County phone.

FOR RENT—Dining room, school, a five room house, completely furnished for householding. Located within two blocks of campus. Address Mrs. P. L. Douglas, 9 B. Market street, Iowa City.

THE MIDLAND SCHOOLS TEACHERS AGENCY

152 Youngmann Building, Des Moines, Iowa.

ROLLER SKATE?

Girls, have you changed your old dresses since last November?

Rumor has it that University appropriations will be "cut to the bone by the legislature."

The crowds grow larger at the Merchant every day.

Miss Catherine Taylor, L. A. '97, is teaching Latin and history in Lyons high school. Lyons is Miss Taylor's home town, and she has been engaged in the schools there ever since leaving the University. She is meeting with decided success as a teacher and sends "kisses" greetings to friends in the University.

D. A. McMillan, L. A. '93, is minister in the First Presbyterian church of Lyons. Mr. McMillan's ministry is proving highly successful. Not only is the church growing in numbers and spiritual power but material progress is evidenced by a fine new church building now in process of erection.

Della P. Northey, L. A. '98, formerly of Dubuque, is now living in New Richmond, Wis., where she is engaged as teacher in the high school. Ex-student Senator Robert Boman, '96, has returned to the practice of law, and is located in his home town of Dubuque.

John W. Kluttinger, Law '97, is city attorney of Dubuque. He is just closing his first term and will succeed himself without opposition.

Albert H. Hurvitch, M. D., of Dubuque, Iowa, is spending the year in Germany, working and studying in the hospitals there.

John J. Brownson, M. '86, is surgeon in St. Joseph hospital at Dubuque. Dr. Brownson has a fine equipped room in the hospital, supplied with all the modern equipments and conveniences of surgery.

Will Schroeder, ex-'95, who will be remembered for his participation in the popular hall football giants of his day, is starting the practice of medicine in Dubuque.

First freshman: "Can you tell me whether there will be a nine tonight?"

Second freshman: "Don't know, I am a stranger here myself."

The University is well represented in Waterloo, the alumni list number ing well toward 75. The schools of Waterloo are in splendid condition this year and are manned in a very satisfactory degree by University people. On the east side, Henry H. Barlow, L. A. '79, is the very successful superintendent, and among his diocesan high school teachers are found Mag. Balfour Allard, '90, teacher of German; Florence L. Joy, '93, at the head of the work in English; Mary Morton, '98, has work in Latin and history. On the west side, A. T. Hook, M. A. '97, is the high school superintendent, and among his high school teachers are Lillian Waite, '90, and Eleanor Honefeld, '92.

Prof. W. C. Wilcox will deliver a lecture at Emlendorf Hall Friday night on "The Meaning of the War Between Russia and Japan."

Call on H. A. Bump & Co. for new spring suits, new spring jackets, shirt waists and separate suits.

Polygamy, held a "parody" program last evening. Some of the parodies were excellent and may find their way into the Hawkeye.

Miss Elia Ham will entertain Pi Beta Phi Thursday afternoon in honor of Julia E. Rogers and on Saturday Pi Beta Phi will entertain Miss Rogers. Miss Rogers was a Pi Phi of the class of '92.

Early spring millinery at H. A. Bump & Co.

The crowds grow larger at the Merchant every day.

Students of Illinois university express themselves as very well satisfied with the new football rules.

Chosky, '94, mason inspector for the Big Four Ry., in Southern Illinois, is in town for a temporary stay.

A movement has been started at Syracuse university to have student self-government. It is proposed to have a committee which shall have the power of settling all disputes between the members of the two lower classes, such as the arrangement of rooms and other matters of importance.

Iowa City State Bank, opposite Intermediate station—go there for the "square deal."

Continental restaurant is now open. Straight board or tickets cheap. Come and give us a trial. North Linden St.

Room for rent at E. Market.

Iowa's orator, who chances to win the N. O. L. contest this year, will find one of his rivals for ultimate honor, a Japanese. This young orator won the prize of one hundred dollars in gold offered by the University of Michigan and also won the Chicago alumni medal. He spoke on "The Mission of New Japan" and will use the same caution when he meets R. U. I.'s center in the final N. O. L. contest.

M. L. McKinley, a graduate of the law school of the University and now a prominent member of the Illinois legislature and a practicing attorney of Chicago, has recently decided to be a candidate for a third term in the legislature, alleging as his reason that a career in the legislature is ruining from a financial standpoint.

BACONIAN.

The regular meeting of the Baconian society will be held in the hall of physics Friday night at 7:30. The meeting will be given over to public recitation.
