## IOWA WINS 2-1

COBB PITCHES GOOD GAME

A Fast Game Was Won for Iowa by Two Doubles Coming at Opportune Times

The Davenport Three-I-League team lost the second game of the series by a score of 2 to 1 through an inability to connect with the ball at the right time. Their lone tally came in the seventh inning when Ruby got to first on an error, and reached third on Kennedy's safe hit and counted on a passed ball.

In the fifth and eighth inning Davenport came awfully near tying the score. Bases were full in the fifth with none out, but one run was cut at the plate and two were out on flies to center field. In the eighth, with one out and men on second and third, Parks made a phenomenal catch of a low fly, shot the ball to second catching Snooks, and the inning was closed.

Iowa's two scores came by the same method. In the first inning Kelley, who leads the Iowa batting list, walked and was brought in by Kent's screaming double to deep left. In the third inning Parks was passed and Kirk almost duplicated Kent's drive knocking the ball up by the gate bringing in Parks.

Cobb, who pitched his first game for Iowa, showed good speed and curves, keeping the hits well scattered. He succeeded in getting out of several difficult holes with men on bases.

The infield was rather prone to errors but tightened up at just the right times. Everybody in the infield made errors but Emmet Kelley at first, who knocked down some bad looking throws.

The batting showed a weakening from that of yesterday but altogether the outlook is encouraging.

With Kent, Cobb and some of the men who have not been tried out the team will have ample strength in the box, where there was supposed to be the greatest weakness.

Score:

Davenport	ab	r	h	o	a	e
Ruby, lf.....	3	1	0	0	0	0
Curtis, cf.....	4	0	1	0	0	0
Kennedy, 2b....	3	0	0	2	2	0

Miller, ss.....	3	0	0	3	0	1
Cobb, p.....	3	0	0	0	1	3
Totals.....	28	1	2	27	7	6

Summary.—Two base hits—Snooks, Kirk, Kent. Double plays—Parsons to Miller; Parsons to Kelly; Parks to Parsons; Kennedy to Snooks. Struck out—by Cobb 7, by Melsa 1, by Eul 4. Umpire—Thorpe.

### A NEW DEPARTURE

South Dakota Debate Will be Held in University Armory.

Owing to the fact that the opera house could not be secured on the desired night, and the assembly room in the hall of liberal arts being deemed too small, the South Dakota debate will be held in the University armory. The armory will be decorated and made as attractive as possible. While this is the first inter-collegiate debate to be held in a University building, it will not be the last by any means, for before another debating season is over, the auditorium in the new science building will doubtless be ready for use, and will be used for all University exercises of this nature.

It is planned to make the South Dakota debate an all-University affair, since it is the only debate here this year. This, with the Notre Dame debate, will close the season.

### DR. W. F. BUSHNELL WILL LOCATE HERE

Dr. W. F. Bushnell, who has spent the last three years in professional practice at Freeport, Ill., has decided to locate in this city. Since leaving the University Dr. Bushnell has been assistant surgeon to Dr. J. H. Firestone of Freeport, and was for some time on the staff of St. Francis hospital at that place. He was for six months in St. Joseph's hospital in Chicago, and also took post graduate work in Mayo's hospital at Rochester, Minn.

Prof. C. C. Nutting lectured before the Kansas University chapter of Sigma Xi last week. His subject was "The Cruise of the S. S. Albatross in Hawaiian Waters."

### SECOND ANNUAL FRESHMAN CONTEST MEETS FRIDAY

By the Representatives of Four Leading Forensic Societies of the University

Mr. O'Hern of the Forum, a society of the law college. Mr. Vestal of the Philamathian, Messrs Briggs and Cameron of the Irving Institute, Messrs Carberry and Jackson of the Zetaganthian society will participate in the contest on Friday night at the assembly room of the college of liberal arts. The orations are short and vigorous. The contest is for a prize of twenty dollars offered by former N. O. L. winners, Messrs Bracket, Walker, Brown and Shannahan. Mr. Henry Walker, the only member of this famous quartette now living in the city, will present the prize.

The judges are Profs. LeDaum and Ford and Principal Collins.

The president of the oratorical association of the University will preside and special music will be given.

### LIP BADLY HURT

Miss Jess Shrimplin Painfully Hurt at the Delta Gamma House—Fell in the Dark

Miss Jess Shrimplin of Mt. Ayr a junior student in S. U. I. was painfully injured by a fall last week in the Delta Gamma house, on account of which she sustained a cut on the lower lip and chin which will necessitate the wearing of a plaster of paris cast until it heals.

Miss Shrimplin was walking through one of the rooms in which there was no light, and stumbled and fell over a box which was on the floor. On account of the injury she will be unable to take part in "Alice in Wonderland" to be presented this week, in which she had an important part.

Col. George R. Burnett expects to spend several days in the city and in Iowa during the next week, before returning to the Bles military academy.

Miss Laura Moling has returned to Jewell, Iowa, after visiting relatives in this city during her spring vacation.

## PROM WEEK HERE

FESTIVITIES BEGIN TOMORROW NIGHT

Junior Prom Starts the Fun—Party Promises to Excel.

Prom week is here. The Mardi Gras of University social life opens tomorrow night at the University armory, with the junior lites as hosts. Already out of town guests are beginning to arrive, and with the arrivals of today and tomorrow, the campus will take on a foreign aspect. Iowa will hold open house to her friends and alumni.

"We are going to surpass all other parties and establish a precedent. Ours is the first junior prom to be given in the new armory, and we believe it should be a good one," so speaketh the committee.

Other committees have said the same thing, but no other committee, recently at least, has used the Easter vacation to hang-bunting. When classes were resumed last Tuesday the armory presented a new appearance. The girders and unsightly bars had been nidden. The decorations are more complete and elaborate than any attempted by any class, the colors being blue and white; while the electric effect is something original and extravagant.

The music will be by Mayers' Harp orchestra of Cedar Rapids. Dancing begins at 6:00; and the grand march will be held at 7:00. The patronesses are;

Mrs. A. B. Cummins  
Mrs. Geo. MacLean  
Mrs. Col. Dows of Cedar Rapids  
Mrs. Emlin McClain  
Mas. Thomas Macbride  
Mrs. Col. Meeks

The Prom committee is:

M. A. Hemsing, chairman,  
Beta Theta Pi  
Howard Brainerd, Phi Kappa Psi  
Charles Riemeke, Delta Tau Delta  
L. L. Williams, Phi Delta Theta  
R. A. Oliver, Sigma Chi  
W. F. Riley, Sigma Alpha Epsilon  
Remley Glass, Class representative

On account of illness, Prof. C. B. Wilson has not been able to meet his class. His friends all hope for his speedy recovery.

Miss Florence Odell has returned from a visit in Dennison and Churdan, Iowa.

Capt. Geo. Ball of the I. N. G., was a guest at the ball given by the Cedar Rapids National Guards, in that city last night.

HER KIND

The Knox Student recently issued a woman's number. One of the features was a symposium of fifty college women giving their estimate of the ideal college man. Had there been a prize, it should have gone to the one who said, "I admire the man who is respected by his friends and enemies alike."

This is a high ideal. A man may be loved by his friends, but not respected by them. On the other hand, the people who hate him may be compelled to respect him. To be respected by the people who wish to see his good qualities and also by those who are hunting for his faults, indicates that both sides of a man's character have been scanned and few serious flaws found.

CHILD LABOR LEGISLATION

Prof. Loos Tells Assembly About This Important Topic

At the regular assembly yesterday morning, Prof. Loos gave the address. He briefly discussed the origin and evolution of legislation concerning child labor.

The appreciation of the rights of children began in the period of race development when the importance of the relation of childhood to manhood was first recognized. The occasion for child labor legislation lies in modern machine production. In the commercial world, sentiment is largely forgotten. The child's value there is one of dollars and cents.

The first anti-child labor act in England was passed in 1802. It applied only to pauper children. In 1833 a general law was passed, giving nine years as the minimum age for employment of children in factories in England. Almost every civilized nation has followed the lead of England in most of the essential details of this act of 1833.

BRACELETS

WE BEG to announce that Bracelets are the most fashionable piece of jewelry to be worn this season and that we are prepared to show a line of the newest and most up-to-date patterns the market affords.

WE ARE also in receipt of our Easter stock of Hat Pins, which for style and beauty surpass anything ever shown in this city. They make ideal Easter gifts.

NEW GOODS are constantly arriving and we shall be pleased to have you call and see the newest creations in the goldsmith's art, selected for people of refined tastes.

Keith & McChesney

Reliable Jewelers

Exclusive representative

Pickard Hand Painted China.

The new child labor law just enacted by the legislature of Iowa is a good one. The bill is simple, straightforward, and easy of enforcement. By it children under 14 are prohibited from working in factories, workshops, or mercantile establishments employing eight or more persons. It very well fits the present needs in Iowa.

PROF. CALVIN AGAIN GEOLOGIST

Is Elected to Succeed Prof. F. A. Wilder as State Geologist

The resignation of Prof. F. A. Wilder from his position of director of the Iowa Geological survey, took place last Wednesday. The meeting of the survey was then in session at Des Moines and on motion of Pres. Storms of Ames, Prof. Samuel Calvin was elected to succeed Prof. Wilder. Prof. Wilder has held the position for two terms, and Prof. Calvin had held it previously since 1892, when the survey was first instituted. Hitherto the appropriation for the conduct of the work has been but \$5,000, but by act of the last general assembly this was increased to \$8,000, so that the department is now in very good shape to proceed.

Prof. Wilder is led to resign his post as state geologist on account of the work he will have to do this summer, and possibly the coming year, in connection with his gypsum interests in Virginia.

ELBERT HUBBARD.

Heart to Heart Talk With Philistines by the Pastor of His Flock at the Opera House Saturday Evening, April 28th, at 8 O'clock.

Prof. H. G. Plum attended the Iowa Christian Ministerial association at Des Moines last week.

Miss Gregory, sister of Dean C. N. Gregory of the law department, expects to spend the summer abroad.

For stylish millinery call at Strub's.

IOWA WOMEN'S CLUB

Entertain Male Relatives at a Spread—Compel Them to Work—Must Tell Stories—Sing Songs

On Monday evening the Iowa Women's Club entertained their male relatives at the residence of Mrs. F. L. Douglas on Market Street. This is the last occasion of the kind to be given by the ladies, and was, like all previous ones of the year, very enjoyable.

A one-act play was rendered, which was very amusing and was greatly enjoyed by guests and club members. Mrs. Burkheimer took the part of the mother of six marriageable daughters, the parts of the daughters being played by Mesdames, Parsons, Wildman, Murphy, Wilson, Smith and Carney. Mrs. Kiger did the Irish servant girl's part, and Aunt Babetta, with her old-fashioned country ways, was impersonated by Mrs. Hickenlooper with such success as to bring down the house repeatedly.

After the play a toothsome lunch was served, and then the men were told they must finish the program. Each must either tell a story, sing a song or make a speech. The penalty for failure was a fine, but the stories were forthcoming with such promptness that the society's exchequer gained nothing, but the stories were first-class.

The highest appreciation was felt for the work of the committee on refreshments, who on their parts, acknowledged the gift from Sueppel's grocery of the most excellent coffee they served and the napkins.

During the evening the guests expressed themselves as having gained great pleasure from the social gatherings made possible by the club.

**H**ONESTLY now, wouldn't a girl of nineteen look like a fossil in the same dress that a woman of forty would wear? And isn't it just as logical for a boy of the same age to choose a suit meant for a man of forty? It's because no other clothier in town ever realized the ridiculous-

ness of having just one sort of clothes for men from the time they put on long pants, until the time they're through with 'em, that we've built up the largest young men's trade in town.

## COLLEGE BRAND CLOTHES

are only meant for Collegy fellows alert and style-wise young men, with taste enough to appreciate extreme ideas, and individuality enough to wear them. College Brand styles are originated simultaneously with the smart creations of New York's Fifth Avenue tailors.

## COAST & SONS

THE AMERICAN CLOTHIERS

**1 CENT IS ALL IT WILL COST YOU** to write for our big **FREE BICYCLE** catalogue showing the most complete line of high-grade **BICYCLES, TIRES and SUNDRIES** at **PRICES BELOW** any other manufacturer or dealer in the world.

**DO NOT BUY A BICYCLE** from anyone, or on any kind of terms, until you have received our complete **Free Catalogue** illustrating and describing every kind of high-grade and low-grade bicycles, old patterns and latest models, and learn of our remarkable **LOW PRICES** and wonderful new offers made possible by selling from factory direct to rider with no middlemen's profits.

**WE SHIP ON APPROVAL** without a cent deposit. Pay the Freight and allow 10 Days Free Trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a **Rider Agent** in every town and can offer an opportunity to make money to suitable young men who apply at once.

**\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR**

Regular Price \$8.50 per pair.  
**To Introduce We Will Sell You a Sample Pair for Only \$4.80**  
 NAILS, TACKS OR GLASS WON'T LET OUT THE AIR  
 (CASH WITH ORDER \$4.55)  
**NO MORE TROUBLE FROM PUNCTURES.**

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

**DESCRIPTION:** Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

**COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line** are sold by us at half the usual prices charged by dealers and repair men. Write for our big **SUNDRY** catalogue.

**DO NOT WAIT** but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
