N. O. L. CONTEST

TO BE HELD AT OBERLIN IN
MAY

Cunningham Will Represent Iowa
in the Contest—The List of
Speakers

Orations to be given at Northern oratorical league contest to be held at Oberlin on May 4 have been submitted to C. B. Kuhlman, secretary of the league.

Fred Cunningham will represent Iowa.

Minnesota university will be represented by Miss Lucile Way, the only co-ed who will take part in the contest. Michigan sends a Japanese student who will speak on "The Mission of Japan."

The list of entries is as follows: Edward M. McMahon of Wisconsin, "The Message of the Lincoln-Douglas Debates;" Frank M. Reed of Northwestern, "War and Public Opinion;" Howard R. Driggs of Chicago, "The Inner Light of Americanism;" Fred Cunningham of Iowa, "Alexander Hamilton and the New Industrialism;" and Aubrey W. Goodenough of Oberlin on "Ruskin's Message to Our Age." Miss Lucile Way's oration is "The Passing of the Home."

Wisconsin captured first honor in the contest last year.

ATHLETICS

The University of Nebraska proposes that scholarship be made the only test of eligibility for athletes.

Michigan places great hope in Garrels, their crack all-round athlete, and expects him to enact wonders the coming season, in the discus throw. Last year in the Pennsylvania meet he did 135 feet with the platter, but the record was not allowed to stand, owing to a technicality concerning the shape of the discus. It is expected that he will break the world's record, 142 feet this season, and every precaution will be taken to have his discus approved in advance. "Bill" Coe, the shot-putter, is doing better than 45 feet regularly, and seemingly without much effort. He is expected to pass the 50 foot mark before the season comes to a close. The runners are working hard to get in shape for the four-mile relay team at Philadelphia.

The members of the base ball team left for a three day tour, during which they will play games at Decorah and Minneapolis. The first game will be played at Decorah today. The other two will be with Minnesota, Friday and Saturday.

WESTERN COLLEGES

REMARKABLE GROWTH

Frank Tracy of Boston Transcript, an Alumnus of the University of Iowa, Says Educational Empire is Moving Westward

The attendance at the state university today is 15 per cent larger than it was this time last year, a splendid showing when it is considered that the average increase of the twenty-seven largest colleges and universities in the country is but 8 per cent, while only two universities in the number, those of Texas and Kansas, have had a larger growth.

The Boston Transcript has supplemented the table which it published a fortnight ago, giving the gain per cent in a decade of the leading educational institutions of the country, by tables showing the increase over last year. As a result of its investigations the Transcript announces: "Nothing is more evident from these figures than that the seat of educational empire is moving to the middle west. It is not a rapid growth, but it is very sure. Take the twelve universities of this table west of the Alleghenies and east of the Rockies, and the average percentage of growth is twelve, while the average of the seven eastern universities is four."

The Transcript's figures place Iowa's attendance a year ago at 1447 and today at 1,361. In the ten years between 1894 and 1904 Iowa increased 28 per cent, while the average rate of growth for the twenty-seven institutions was 65 per cent. In the past year, however, Iowa's growth has been double the average.

It is interesting in this connection to note that a western university is the one which is forging to the front and promises in the near future to be the largest in America: the University of Michigan. In the ten years between 1894 and 1904 Harvard increased 28 per cent, while Columbia increased 108 per cent. This past year, both Harvard and Columbia have lost in attendance, Harvard over 3 per cent and Columbia 8 per cent.

PICKS ALL STAR TEAM

ALL WESTERN BASKET BALL FIVE CHOSEN

Wisconsin Man Selects Players
Who, in His Judgment, are the
Best Players

Manager Angell of Wisconsin, has selected an all star western basket ball team with which he says he would not be afraid of the best teams in the basketball world.

The members of the team and the number of baskets scored by and against them the past season follow:

Name	Baskets	Opp.
McKeag, Chicago, forward	37	9
McRae, Minn., forward	16	5
Schommer, Chicago, center	22	11
Brown, Minn., guard	20	14
Bush, Wis., guard	11	6
Luehring, Chicago, sub-guard	5	8
Rogers, Wis., subforward	28	3

In the decade mentioned Michigan grew 32 per cent, while in the past year it has increased 11 per cent, until today it has 4,049 students, with fully 4,500 anticipated before the collegiate year comes to a close. If this figure is reached Michigan will have passed both Harvard and Yale and will rank first.

The colleges of the middle west are growing twice as fast as those of the east, Iowa today has 200 more students than has Princeton, while Leland Stanford, Kansas, Indiana, Missouri, Colorado, Virginia, North Carolina, Georgia and Alabama all are below it in attendance rank. Pennsylvania makes the best showing of any of eastern universities, its percentage of increase being eleven, less by one, however, than the average of the twelve institutions between the Alleghenies and the Rockies.

Miss Marguerite Moore is suffering from the effects of a broken ankle.

Howard Brainerd has returned from Washington, D. C., where he attended the national convention of the Phi Kappa Psi fraternity.

BATTALION CAMP

DAVENPORT SEEMS TO BE
FAVORED PLACE

Indications are That it Will be Selected as Place for Cadet Encampment.

Although it has not been officially announced, it is very probable that the University battalion will encamp in Davenport before the end of the school year. For some time Colonel Weeks has had three places under consideration. These are Cedar Rapids, Mid-river Park and Davenport. The citizens of the latter city are desirous of having the cadets come to that place and the majority of the men are in favor of Davenport.

No place has yet been selected but all indications point toward the success of the Scott county metropolis, in securing the encampment. In case the battalion does go there, the tents will be pitched at McManus field or the mile track. McManus field is an ideal place for the building of a tented city and the holding of an encampment such as is planned for the members of the battalion. It is located in the western part of the city and the street car facilities for caring for the cadets and visitors are excellent. It is planned to have exhibition drills in the evening. The full University band of 40 pieces will accompany the battalion and give daily open air concerts.

June 8 to 11 has been selected for the encampment.

AT GREEK GAMES

Italians, French and Greek won the prizes in the rowing races of the Olympic games. The Italians won the four-oared gigs, six-oared navy and the whalers in slashing style, the French taking the second place in the four-oared gigs, and the Greeks finishing second in the six-oared race.

In the swimming events, Daniels of New York, won the first heat of the 100 meters in fine style.

Americans there are greatly elated over Daniel's fine performance, and express their confidence that he will win in the final heat. When he finished the heat he was quite fresh and in fine form.

American Minister Jackson was present throughout the swimming contest.

SHERIDAN WON DISCUSS

Martin J. Sheridan New York won the discuss at the Olympic games in Athens. He established a new world's record in that event.

CARNEGIE AIDS SIMPSON

Word has been received by President Charles Eldred Shelton of Simpson college of an additional gift of \$20,000 by Andrew Carnegie to the Simpson college endowment fund, on condition that the present indebtedness on the institution be paid, and an additional \$60,000 be subscribed. This makes a total of \$42,000 in all that has been given by Mr. Carnegie to Indianola and to Simpson college, \$12,000 being given to the city library and \$10,000 to the college library.

It has been announced that Leon De Tray and "Boa" Ivison, both well known backs on the Chicago football team, will play the coming season at the Midway. Both men are hard at work in their classes, and if they do not fall behind between now and the opening of the gridiron season, they will be eligible for the team next fall. Coach Staggs has returned from Florida.

A few Iowa students, possessing da aring frame of mind, attempted to break the the cribbing above the boathouse without being carried through. The swift current however drew their boat into the opening and they were forced to jump into the cool water. They were rescued by Edward Fitzgerald and it is said hurriedly made their way home without boasting of the success of their efforts.

Prof. Baker, who attended Oxford university when John Ruskin was a professor there, delivered the address at assembly Wednesday morning. He spoke of Dr. Rnskin's association with the students.

The members of the Graduate club are planning an outing to be held Saturday near Coralville.

WHO IS ELBERT HUBBARD

He is one of the formost literary men in America today. He wrote the "Message to Garcia," which was reprinted 9,000,000 times within a year, and over 25,000,000 times within six years.

He writes and publishes the "Philistine," a magazine with a circulation of over 100,000 per month. He writes "Little Journeys" a series of biographical sketches that have a circulation as large as that of the "Philistine." He is the founder of the "Roycroft" society of East Aurora, N. Y., an association that is epoch-making in the history of labor. The "Roycrofters" are the formost exemplars of the arts and crafts movement in America.

He is the author of many books and essays. His book on the "Man of Sorrows," a "Little Journey" to the home of Jesus, is called one of the finest and best treatments of the life and influence of Jesus that has ever been written.

His essay on the "Closed Shop" is one of the classics of labor literature, and the demand for reprints is greater than the supply. It is being scattered by scores of thousands.

Hubbard's audiences in Chicago and New York and other great cities tax the capacity of the largest lecture halls.

The University band will play at Cedar Rapids during the semi-centennial celebration.

A concert for the benefit of the California sufferers was given at the Coldren Wednesday night. The University band and the Euterpean Quartet contributed numbers to the program.

The freshman-sophomore class meet will be held on Iowa Field this afternoon.

Norman Baker, sophomore engineer, has gone to his home in Davenport. He is suffering from appendicitis and will be operated on before resuming his work in the University. Baker won the freshman medal in the competitive drill last June.

SENIOR "SWING OUT" AT MICHIGAN

The annual senior "Swing out" at the University of Michigan will occur May 1. This "swing out" occurs every year when the members of the senior classes appear for the first time in cap and gown. It is customary on this occasion for the seniors to meet by departments and march to the university hall, where a short program is given in their honor. The lower floor of the hall is reserved for the wearers of the caps and gowns, but members of the other classes occupy the gallery. After the the exercises the seniors march from the hall and make a circuit of the campus. Why can not this same thing be done here?

Professor Bohumil Shimek will be one of the principal speakers at a celebration of the Cedar Rapids Bohemians to be held in the near future.

On account of the destruction worked by the recent earthquake in California, the National Educational association will not hold its convention at San Francisco as originally planned. Portland will in all probability get the meeting.

Jones—"I have a brother that suffers terribly from the heat."

Smith—"Where does he live?"
"He isn't living!"—Somerset Idea.

HONESTLY now, wouldn't a girl of nineteen look like a fossil in the same dress that a woman of forty would wear? And isn't it just as logical for a boy of the same age to choose a suit meant for a man of forty? It's because no other clothier in town ever realized the ridiculous-

ness of having just one sort of clothes for men from the time they put on long pants, until the time they're through with 'em, that we've built up the largest young men's trade in town.

COLLEGE BRAND CLOTHES

are only meant for Collegy fellows alert and style-wise young men, with taste enough to appreciate extreme ideas, and individuality enough to wear them. College Brand styles are originated simultaneously with the smart creations of New York's Fifth Avenue tailors.

ANCIENT GAME

FOOTBALL—1938 YEARS AGO

Chinamen Claim They Knew all About it Centuries Ago

Football was played in China several centuries before Julius Caesar landed in Great Britain. The invention of the game has been ascribed to the mythical yellow emperor of the third millennium B. C. So writes H. A. Gilles, professor of Chinese at Cambridge, in the nineteenth century.

According to an ancient record, the Emperor's Ch'eng Li, B. C. 32-6, was very fond of football, but this officer represented to him that the game was both physically exhausting and also unsuitable to the Imperial dignity. His Majesty, however, refused to stop playing, and so his counsellors appealed to the Emperor. She suggested tiddle-de-winks for the emperor's amusement.

Following is a Chinaman's account of an actual game: "A goal was set up of over thirty feet in height, adorned with gaily colored silks, and having an opening of over a foot in diameter. The object of each side appears to have been to kick the ball through the opening, the players taking turns to kick, and points being scored accordingly. The winners were rewarded with flowers, fruit, wine and even silver bowls and brocades. The captain of the losing side was flogged and suffered other indignities.

Polo was also played by the Chinese at this time and was very popular. A maker of polo clubs, as duly recorded in the Book of Marvels, was taken up to heaven in broad daylight.—Ex.

1 CENT IS ALL IT WILL COST YOU to write for our big FREE BICYCLE catalogue showing the most complete line of high-grade BICYCLES, TIRES and SUNDRIES at PRICES BELOW any other manufacturer or dealer in the world.

DO NOT BUY A BICYCLE from anyone, or on any kind of terms, until you have received our complete Free Catalogues illustrating and describing every kind of high-grade and low-grade bicycles, old patterns and latest models, and learn of our remarkable LOW PRICES and wonderful new offers made possible by selling from factory direct to rider with no middlemen's profits.

WE SHIP ON APPROVAL without a cent deposit, Pay the Freight and allow 10 Days Free Trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a **Rider Agent** in every town and can offer an opportunity to make money to suitable young men who apply at once.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$8.50 per pair. To Introduce We Will Sell You a Sample Pair for Only \$4.80 (CASH WITH ORDER \$4.55) NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at O.R. expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

but write us a postal today. **DO NOT THINK OF BUYING A DO NOT WAIT** bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
