H. S. ATHLETES EXPECTED TODAY

EXCURSIONS RUN FROM SEVERAL CITIES.

Ida Grove and West High of Des Moines Expected to be Strongest Competitors.

The high school athletic teams in the most near future are expected to arrive today, headed by the crack team from Ida Grove. A special excursion tomorrow will be run from Des Moines with a crowd of from 100 to 200 high school students and athletes. Preliminary dope gives Ida Grove and West High, which took first and second in the last meet last year, about an equal chance for first honors this year. Both schools have most of their old stars back and with their new men will carry off a large share of the honors. The Nichols is only the probable winner of next year's team last to Ida Grove.

All preparations at this place have been made by the board of control. The silver loving cup which will go to the team at the end of the season is on exhibition in Morrison's window. It was selected by the board as one of the most competitive bidding by the local jewelry stores. It is the perfect model ever seen here.

The medals, which were purchased through the Killian company, are emblazoned with an entirely new label, and are shown holding out a laurel wreath.

NOTICE

THE STATE UNIVERSITY OF IOWA.

Cadet Battalion.

May 16, 1906.

Orders No. 26.

1. Friday, May 18th, being a holiday occasion of the High School Track meet, drill for that day is hereby suspended.

2. The inspection of cadets is again called to the fact that on Monday, May 21st, there will be a general government inspection of Ida battalion. If you have the equipment clean and will see that his personal appearance is as good as he can make it. In the inspection a committee of this department is made with all other military schools and departments in the United States, and it is the desire of the Commandant of cadets to make as creditable appearance as is possible. The hour of will be published tomorrow and Monday on the University bulletin boards.

3. As the above inspection on next Monday, the usual inspection of the companies will be held. Each member present in the winning company will receive from the commandant of cadets, a silver badge to be worn on the uniform and which will be worn by the men in all occasions. In this regard and in view of the fact that this is the last regular drill before competitive drill it is hoped that cadets will indicate the uses of their companies to come out in an extra drill or two before next Monday afternoon.

By order of Lieutenant Wink, Captain and Adjutant.

Delta Delta Delta initiated Miss May Brown at the home of Mabel Coburn on Monday evening. The Tri-Delta will go tail-to-tail Friday evening.

CATLIN IS RETAINED

HAWKEYE INSTITUTION TO RE-
TAIN MARSHON STAR.

Will Be Physical Director and General Manager of Intercollegiate Track-- Coach Next Year Probably.

J. G. Chalmers, physical director of B. U., has resigned, and More Catlin, the eastern Chicago university, captain, has been elected physical director in his stead.

That was the biggest piece of athletic news issued from the office of the board of regents, last night.

Ed. A. Ruben, the efficient instructor in physical training, and athlet.

ics was retained for 1906-07. He is a fine man for the job.

Mr. Catlin will have the general management of athletics in B. U., also, his election meaning the abolition of the student management of athletics at Iowa. He will coach the baseball and track men in the coming season.

In the fall, he will resume his great work, but the coaching of the football team will still be Mr. Chal-

mer's duty until the close of the

November battles.

It is probable that Mr. Catlin will coach the footballists, too, beginning with the fall of '06. Thus will determine that. It is understood in universi-
ty circles that, if his work is satisfactory for the coming year, his election to the post of football coach is assured. Notably does he that he will "make good" in all fields of athletic

ness here, as he has demonstrated in each department.

Personally, his character and con-

duct are eminently well and regularly to spon-

sor that splendid problem, John Q. Chalmers.

Mr. Chalmers' present plans contemplate the formation of a law part-

ership with Prof. Clarence M. Thorpe, of the department of mech-

Engineering. These two popular gentle-

men will practice in Des Moines, begin-

ning in July. At sessions of the sum-

mer, Mr. Chalmers will come back to Iowa City to serve for a few months, as above indicated. In the fall he will

visit Iowa City frequently—and certain-

ly he has a number of classes generally charac-

terized by one of the thousand

(Continued on page 5)

ANDY CHALMERS LEAVES SCHOOL

CRACK HAMMER THROWER MAY QUIT.

A rumor is abroad that Andy Chalmers, our crack weight man, has ac-

cepted a job in Des Moines, and will not be back. He has been in there oftentimes, at your. pool, nothing definite can be announced, but in case he does not return, track prospects will be much weaker.

Chalmers was a sure point winner in the state meet this year. In all probability he would have won the hammer and place in the discus.

PHI DELTA TAKES ANOTHER.

Easily Defeat Sigma Chi 18 to 5 in a Little League Game Filled With Errors.

— W. L. Pet.

Phi Delta Theta ............ 4 1 800 Sigma Alpha Epilson .......... 2 1 260
Kappa Sigma ............. 4 1 847 Sigma Nu .......... 2 1 400
Phi Kappa Psi .......... 2 1 300 Phi Kappa Psi .......... 2 1 260
Sigma Chi ............ 1 1 260 Beta Theta Phi .......... 1 1 225
Delta Tau Delta ........ 1 1 125

The Phi Delta fraternity themselves two games in the lead today before defeating the Sigma Chi 16 to 6. The game was safe for the Phi Delta at all stadi-

es and they put runs across almost at will. While Oliver played a good game for the first part of the contest he did down and passed a number of men, and his wildness resulted in sev-

eral errors.

This is the second game this week for the Phi Delta and their pitcher showed the effects of their hard struggle with the Sigma Nus, but nevertheless pitched a good game, keeping the hits well scattered.

VARIETY WINS

FROM COE 10-1

COBS ALMOST BLANKS PRESY-
TERIANS.

Iowa Took Another of the Games in the State Championship by

Defeating Coe 19 to 5.

Coe Rapids, May 16.—[Special]—Iowa defeated Coe here today easily by a score of 19 to 1. Cobb pitched an excellent game, almost whitewash-

ing the Continent.

Kibbick and Hill ran the first time up to bat, and Kent depleted it later in the game. The game won from the first, partly due to Coe's numerous errors.

IOWA OFFICIALS LIKE E. U. 1'8

Praises for Regents, Secretary Mc-

Cheaney, and Staff, and Treas-

urer Lovell Straight.

The board of control has made a report to the University, in which in-

struction's management—by way of the formal avenues, the governor and legislature—until the printed document has come.

It declares the regents of E. U. to be patheenaking and faithful in the discharge of their official duties, and the best interests of the university have received their most careful atten-

tion.

A few buildings, the report says, the need of which were made "after full and fair competi-

tion, to the lowest bidders."

The books of the treasurer's office and the accounts thereof were audi-

ced, and the control board says the showing made by Lovell Straight: "All were well kept.

The hearing of funds of the uni-

versity, management and control

ship fund, etc., on Johnson county and adjoining county lands, the board of control says: "We commend the practices. These lands are easily 

managed, and their value can be read-

tily determined."

The board of control concludes with a declaration that "we recommend the improved methods of keeping such books, and our friend, Secretary McCheaney, has, as it has made possible saving of time and more satisfactory investigation thereof."

FUNDAMENT IN WILLIAMSBURG.

The services were held in the Pres-
byterian church, conducted by Rev. 
W. C. McFarland, assisted by Rev. 
Stock, formerly his pastor. Rev. 
Cobb, of the Congregational church, 
Rev. Dillen of the M. E. church.

There was a wonderful profusion of flowers sent by the University so-

cieties and friends, and by societies in 

Williamsburg with which all had been identified, among them the Mas-

ters Star and the Progress Club. All 

business houses were open. The con-

vent at the church included nearly all of the Williamsburg population.

FIRST OPEN AIR CONCERTS.

The first open air concert of the year will be given tonight by the University band on the main campus. The full band of 36 pieces will take part in the program, which will be practically the same as was re-

peated at the concert given at the campus some weeks ago. The program will commence at 1:00 o'clock.
Six days ago William Thornburg and Elizabeth Ogden were with us in all the joy of life and health; today they are but a memory. Their virtues have been borne in upon us by the sadness of their taking away. We are admonished of the uncertainty of life and the certainty of death. This is well for us, yet we are the losers.

A young man full of energy and life, well prepared by education, is a valuable asset in this world's affairs. So is a young woman of the same sort. They are too valuable to lose.

This is a question of the past as far as these two people are concerned. The work they should have done must forever be left undone. The loss is irreparable. But retrospection is of little value, save for its influence upon the future. We have sorrowed for them. It was all we could do. But how shall this be of benefit to the future?

Young people of proper spirit will gob eating on the Iowa as long as there is opportunity for heating. Shall it be made safe as possible for them?

The old dam is partly destroyed. Willing hands have stopped the breakwater. But the obstruction is only temporary. The first high water will carry it away. It will be an easy matter to make it permanent if action is immediate. If it breaks the death trap will be re-opened.

Either this breakwater should be thoroughly repaired and the old dam blown out entirely or the breakwater should be blown out and river permitted to take the short cut, which is the nature of the stream. There should be no temporizing in this matter; it should be done thoroughly and at once.

NOTICE

Vacancies in Editorial Staff

For various reasons the announcement of vacancies to be filled in the Iowa staff failed to appear in two issues, and it is desired to advertise this opportunity thoroughly before considering applications. Accordingly, further applications will be received at the Iowa office up to May 25. These shall state qualifications for the work, and give the writer's city address.
