NEW EQUIPMENT FOR THE BATTALION

GRAY UNIFORMS FOR THE CADET

The university battalion will present quite a different appearance this year, from that of last, in a number of particulars. One of the most important changes will be in uniforms. The new uniform is of cadet gray, with black trimmings, and cut in the same style as the officer's uniform. As the extras are to be made in gray, it will appear much nearer than formerly.

The caps, also, will be identical in shape with the officer's, but will have "Iowa" across the front. All students grilling this year for the first time will be required to get the new uniform. Those who have drilled before will not be required to get new uniforms; new fall everybody who wishes to use the gray. The new uniform will seem quite a saving to those who become commissioned officers; also, it will be necessary to have only shoulder straps and a number ornament instead of a complete new uniform as before.

Among other things this year the military department has purchased books, rifles, new awards and five trumpets for the use of the battalion. Herein the university's have requested the university's aid in furnishing everything of this sort and it may have been a hardship for some to do this. This purchase will supply enough swords for all the commissioned officers and non-officers of the corps and one for each trumpet.

Last spring it was announced that the military department, hoping to get new guns for the use of the battalion this year. It was announced that the new battalion will have fine model guns with their favorite pistol to drill with. This will be a great help to the battalion, as the old guns were a serious drawback to the progress of the drill.

Last weekend the company continued the Varsity Rifles this year.

The regiment who was successful last year will continue to serve in Civil and Engineering.
DEAN EVENTS HAS RESIGNED

NEW DEAN OF WOMEN. Mrs. Mable Volland, '06 Elected to Fill the Vacancy.

The successor of Dean Everts in this important position is Mrs. Mable Volland, who is so well known to Iowa readers that no introduction is necessary. The choice of Mrs. Volland was a natural one, for her qualifications for the position are outstanding. It is further reported that the new dean is not only a graduate of the University but also has teaching experience and attainments as well. The entire student body can confidently expect the best of service from this new dean.

Track (see exhibit D) 75.81
Tennis (see exhibit G) 17.19
Tickets Receivable 475.24
Athletic Union Dues, etc. 888.00

$4584.01

While the past football season was as profitable in receipts as the previous year, the expenses were much larger, as two teams were kept fully equipped, besides the many substitutes. The estimated value of equipment for all sports at hand at present is $900.00.

There is still due the Union our share of the Conference meet at Chicago, which last year amounted to $500.00. It is no doubt will be much larger this year. In order to reduce our expenses, no student was employed to compete, and the gross receipts were equal to the other dividend from the State meet in case we received as much as in previous years. These amounts harvested from total liabilities, leave the total indebtedness of the Union at this time about $500.00.

By way of explanation it may be said that I have endeavored to carry separate accounts with each spot, and as will be noticed in the following exhibit of the football account and all of the other accounts, the expenses here and the accounts at 5th and the accounts at baseball and track were divided equally between the two.

The books are accessible to anyone interested.

Yours truly,

WILLIAM H. DITCHIER.
