President to be elected

Athletic union will soon call special election

Andy Chauniers and Eddie Barrie vacate offices of president and assistant treasurer.

VARSITY BULLETIN

The Varsity rifle club held their first meeting last evening at 7:00 o'clock in the University armory. There was purely a business one, the bills being taken up with the election of officers for the coming year.

The organization is a civil as well as a military one. The civil officers were elected with little discussion.

The following men were chosen to serve the first semester:

President: Louis, W. P.
Vice-President: C. M. Alexander
Secretary: R. P. Paine
Treasurer: F. R. Arnold

Things changed, however, when it came to the question of choosing the financial officers. The association reached an agreement on the first ballot and the following men were elected:

Finance managers: Louis, W. P.; John Jordan, Jr.; W. W. Pay; Ral. B.; H. K.; Knauer

The non-commissioned officers will be appointed by the commissioned officers and will be announced in a week or two.

A large number of old men were present at the meeting and the great interest already shown by the freshmen in the organization, the Varsity rifle club, is very promising.

The Greeks.

A meeting of the Pan-Hellenic association held the first of this week, at the Alpha house, for plans for Inter-fraternity wrestling, a league and a party discussion. Committee of three was also appointed by President John Jordan to discuss the baseball problem.

The fraternities were represented by the following men: John Jordan, Delta; Tom Dun; Robert Miller, Beta Theta Pi; Harvey Law, Phi Kappa Phi; James Burton, Sigma Nu; Herbert Wood, Phi Delta Theta; Charles E. S. Bennett, Kappa Sigma; George Bonds, Sigma Chi; and J. E. Dukart; also Jimmy Smoak.

The meeting was the first one of the year, and plans were made to meet again the following week to consider the organization begun last year when the Pan-Hellenic had ball league organized.

The association is now a permanent fixture of the University and will have supervision of all inter-fraternity athletics.

Owing to the success of the while league held three years ago, it is believed that a similar league will be launched in the association after Christmas vacation.

Mr. Rule has arranged for schedule

Mr. Rule has arranged the schedule so as to accommodate the largest number with the least conflict. Students who are not required to attend "yarn" classes regularly, but who want to take special work, can do so by arranging for it with the physical director before the close of next week. Key staff entering a special class will be obliged to stay with that class through one quarter.

The following classes are offered in special work in Physical Training, Wrestling, Measur., Corse and French. Hours not set.

Tumbling-Dr. Fred Bailey, Tuesday, Thursday, 7:30 a.m.

Practicing-Mr. Roderiguez, Bartons, 11:30 a.m.

Assistance, horse, parallel bars, horizontal bar (three sections)-Mr. Rode, Fittaya, at 4th. Saturdays at 1:30 p.m., and Saturdays at 5:15 p.m.

Indian Clubs- Mr. Rule, Thursdays, 7:30 p.m.

Flying Rings-Mr. Rule, Saturdays, 11:30 a.m.

General basket ball classes will be organized and will be open to all students. The preferable time for starting the work is at the beginning of the year. It is hard to introduce new men into the classes after organization.

The locks are furnished with a padlock, key and towel. Clean lockers are always cheerfully exchanged, for dirty ones by the janitor of the building. anyone can obtain a key by giving the janitor at the gymnasium the receipt from the treasurer stating that the locker fee has been paid.

All men desiring further detail in regard to gymnastic work should consult the physical director, Mr. Rule, at the armory.

For the Honor Scholars.

"Recognition Day" at Assembly Tuesday-Honor Students attend in a body.

The President's address at assembly yesterday was principally for the new honor scholars. About seven of them now attend the University, thirty-nine boys and thirty-nine women. They assembled in Dean Curtis' rooms, and came in a body to the assembly.

The President explained the new system as something new. The honor scholarships are not to be confused with the Whittier Gar scholarships, nor with the university scholarships, which were established for the benefit of students in need of pecuniary aid.

The new scholarships are an honorary recognition of capable work in high school, and of good promise in the individual for future attainment. Each fully accredited high school in the state is entitled to send one student, who is selected out of the first-four of the graduating class having the highest marks. In addition to his school record and his desire for self improvement, the moral character of the student is considered, so that an appointment under the new system is a recommendation upon which the scholar may well pride himself.

TODAY'S BULLETIN

3:00 p.m.-Iowa Women's Club meets with Mrs. Retta Emley, 827 East Market.

3:30 p.m.-Meeting of all girls interested in Glee Club work with Miss Profitt at University School of Music.

7:30 p.m.-Regular basketball practice.

8:00 p.m.-Midwinter Society meets at Cleve Hall.

8:00 p.m.-Annual Edna Social, in Irving Hall.

ANOHER FRESHMEN CLASS ELECTION

Laws of '08 have political complications

Lorenzo, the Dark Horse, Wins the Race-Juniors are Put to Rout.

The meeting of the Prohibition Law class was called to order at 3:30 yesterday by Randall, unanimously chosen as temporary chairman. D. V. Mikelson was selected as temporary secretary to record the important business of the day.

Mr. Randall briefly stated the purpose of the meeting and announced that nominations for president were in order. Mr. Welch moved that the first vote be informal. The latter motion was carried, the names of two men were then nominated for the office. A motion was made to vote on the highest candidates, and was carried, Lorenzo, Williams and Mikelson become the only candidates. Mr. Lorenzo was duly elected. The members invited to the last meeting of the Law class '08 were again suggested that a committee be appointed to secure ammunition from Buster Brown. This was done, and a box of ammunition was put under bonds and entitied with 2,500 dollars. A second wave of three minutes the class decided that ammunition was not yet received, and hastened to the Old Capitol door, where they beheld a scrimmage on Clinton street, after a word was spoken. The whole class rushed to the scene and screened the committee from the hungry bunch of Junior Law men. Mr. McLean, the hero of the scene, delivered the precise speech to his classmates.

The following men were then unananimously elected to office: Vice-President, J. T. Kelsey; Captain- A. J. Kelsey; Treasurer, R. J. Martin; class delegates, Mr. McCoy and Mr. Blank.

By this time the excitement had subsided, but when some one suggested that the hopes of the politicians declared the seats of the chairman. After a few words campaign Williams and Geitler were finally elected to the office.

TRANSFIT WIDELY READ.

Abstract from Our Engineering Annual in Several Leading Periodicals.

A very gratifying sign of the high rank our Engineering publication takes is the number of journals in the technical world. Professor Stillson contributed an article on "Wood Preservation" to the last number. The Electrical Review abstracted the author's work, and the American Wood Preserving company has received a letter from the notice of a London wood preserving company. They have forwarded a letter in regard to the work that will be published under the next issue of the Transit.

Mr. Ed. Blank, Law '96, is resident in the city.
Dr. Albert Makes Report.

State Board of Health in Session Today—Report to Be Rendered from Laboratory Here.

Dr. Henry Albert went to Des Moines yesterday, where he is to sit with the majority of the board which will make his regular quarterly re- port of Health Hygiene Laboratory. The report as a whole will be a document making interesting reading, and is expected below to show the wide scope of this important work carried on by the laboratory.

Much Work for Humanity.

During the past quarter, 1,225 examinations have been made, of which 247 were for diphtheria, 160 for typhoid fever, 160 for scarlet fever, and 160 miscellaneous examinations.

Epidemics Found.

Of the 252 examinations made for the presence of the diphtheria bacillus, 191 were negative, which shows that 73 per cent were positive. 160 were tests for scarlet fever, of which 143 were positive, 93 and 15.2 per cent were positive.

Wanted.

A new Classical Club is being formed to sit the University for the purpose of reading and discussing works of Greek and Latin authors. The club is intended primarily for members of the faculty for the advantage of the advanced students of classics, but is also freely open to any person interested in continuing and extending his reading in Greek and Latin.

Keep Up the Tradition.

Work was published yesterday in the papers of the state, in the effort that Iowa already conceded defeat in the Anaemic game. This sounds odd, but it is the way we are not used to hearing. It will be all day for Iowa when we lose to Ames, but it will be all day for Iowa when we win.

Mr. John Glenn reports that the sale of tickets for the lecture course in Ruffed Grouse-in Johnson County and Linn County. In Winfield, Henry County, two persons were bitten by a rattler, and killed the trophy in 4. It shows the success of our work, and a successful season, shall we do it again? You are to answer the question "Yes, or not?" I, for my part, am not.

The latest figures from the Register's office show the attendance two hundred and thirty-six, which was the largest of any state. 

It was at this time last year.
