JUNIOR ANNUAL UNDER WAY

PRESENT JUNIOR CLASS THE LARGEST EVER.

Will Retain System of Department Managers—Book to be Fully Representative.

The 1908 Hawkeye Board have organized, and work on the annual will be commenced immediately. The present junior class is the largest in the history of the University, and no expense and no effort will be spared to make this year's annual the best and largest annual ever published by a junior class of the University.

Every department and phase of University life will be brought out, and the book will be thoroughly representative. Last year's plan of department business managers, which proved so satisfactory, will be retained. The Board of Managers is as follows:

Robert B. Pike, College of Liberal Arts.

Greenleaf, College of Law.

T. T. Clarke, College of Applied Science.

T. T. Rider, College of Dentistry.

and a representative from the College of Medicine, who will be chosen this week. Pike has been elected General Manager of the Board.

The literary board is especially efficient, and a high standard of literary excellence will be maintained.

The board in charge of this part of the work consists of:

Jos. S. Beem, editor in chief.

Robt. G. Remley, Philip Macbride, and Walter Myers, associate editors.

N. A. Crawford, Jr., managing editor.

Edith Ball, literary editor.

Bernard Murphy, athletic editor.

Will Hotz, humorous editor.

Floyd Arnold, military editor.

Willard Gordon, Alumni editor.

Chas. F. Davis, art editor.

Ina Knerr, civics editor.

Department Managers:—

O'Hern, College of Law.

Fred Poyneer, College of Applied Science.

The editors of the other professional colleges have not yet been chosen.

Professor Wilson Elected to Membership in Distinguished London Society.

Professor Charles Bundy Wilson has received a special invitation to become a member of the Atlantic Union, of London, a social organization founded by the late Sir Walter Besant, of which Lord Monkswell is the present chairman. The society includes in its membership many eminent members of the Houses of Parliament and those distinguished in art and science. Membership gives entree to the best social circles in England. The invitation came through Prof. Wilson's contributions to the London Notes and Queries and other foreign periodicals.

Mrs. Dr. Florence Sherbon, M. A., M. D. '04, who has been very seriously ill at her home in Colfax, is reported very much improved.

Lee Willias spent Sunday at his home in Iowa Falls.

Quite a number of people have become interested in the Dramatic Club tryouts which take place the first week in November. The new system of selecting members promises to prove very successful.

LOCAL PRINTERS WALK OUT

THE STRIKE BEGAN YESTERDAY MORNING.

Men Demanded Higher Pay for Shorter Hours.—New Men Take Places.

The disagreement between the printers of Iowa City and their employers has come to a head, and all the union men have struck. The demand is for an eight-hour day and for higher pay at the same time. To this the employers felt that they could not consent. As the difficulty was forseen, new men have been obtained to take the places of the strikers, and only slight inconvenience is suffered by the city papers.

The strike is the least of the Iowan's troubles; our principal grievance being the ill health of the linotype machine which does our composition. Saturday night it had the croup, and we sat up all night with it. Now it is convalescent, but finds itself unable to set up more than the front page. This fact in connection with the unsettled condition of the print shops, will explain to considerate readers just why the Iowan has been late in delivery and perhaps a wee trifle less "newsy" than we like to make it.

TENNIS TOURNAMENT IS POSTPONED.

Will be Held This Week—Courts All Cleaned—Women Students to Play This Year.

Owing to the cold weather the past week the annual fall Tennis Tournament was postponed until this week. All matches in the preliminary round must be completed by Tuesday night. The pairings for the players are posted at the tennis courts, and the contestants must make arrangements for the playing of one of the rounds according to schedule.

It is planned to play the first and second rounds before Friday night, thus bringing the playing of the semifinals and finals on Saturday.

Twenty-five entries have been received by Captain Oliver, and the tournament promises to be successful. It is possible a dual match with Cornell or Coe may be played later in the month.

The west court has been cleaned by a force of men and hereafter certain hours will be reserved for the use of the women students of the University. Miss Kastman will have charge of the play. Already several girls have signified their desire to play tennis, and the experiment is expected to prove a success.

The athletic board of control at its last meeting passed a rule that a fee of \$1.00 be charged all players using the tennis courts during the school year. The fund is to be used in keeping up the courts. Fees are payable the first three days of this week.

The list of applicants for membership in the men's glee club is closed. Mr. Cox examined seventy-four voices, and states that there was not a really musical individual in the entire list. Many have had no opportunity of part singing, but these can, almost without exception, gain suitable proficiency by one season of practice in an auxiliary club which may be organized.

DR. WELLER'S ARTICLE IN CLASSICAL PHILOLOGY.

"The Extent of Strabo's Travel in Greece" Subject of Interesting Contribution.

The current number of Classical Philology contains an article on "The Extent of Strabo's Travels in Greece" by Professor Charles Heald Weller, the new head of the department of Greek and Archaeology in this University. Dr. Weller's article gives a critical examination of the Hellenica of the well-known geographer (60 B. C. to 20 A. D.) with a view to discovering in how far the author's description of Greek sites are based on personal visits and observation. The conclusion is here reached that Strabo took most of his material from the works of his predecessors and that Corinth was the only city in Greece which he had visited. Some previous investigators have held that Strabo's Hellenic travels were fairly extensive; this opinion seems to be contradicted by the evidence which Professor Weller presents.

Dr. Weller's former contributions to archaeological knowledge are favorably known, both in this country and in Europe. His recent restoration of the Pre-Periclean Propylon on the Acropolis at Athens has already been received as authoritative and is quoted freely in the latest German handbook on Athenian topography.

The High School at Marengo, Iowa, is one of the best kept high schools, considering the size of the town, to be found in the state. Its laboratories are especially worthy of note. The Superintendent of schools, Mr. C. H. Carson, has held his position for 16 years and he has been given an opportunity, in conjunction with the members of the Board of Education, to impress his individuality upon the schools.

To an already large freshman class the High School at Marengo sends a generous contribution. No less than 14 Marengo people are now in the University, those just entering being, Miss Frances Beem, University scholar from Marengo, cousin of Joe Beem, editor of this year's Junior Annual, Katherine Baker, Edmond Bailey, Byron Goldwaite, Birney George, Irene Jones, Bessie Keil, Metta Raney.

Mr. Wm. Healy has pledged to the Phi Delta Phi.

Mr. Ralph C. Puckett has returned from a trip to Oxford.

Miss Clara Vermillion of Windham spent a few days in Iowa City last week.

Prof. Seashore delivered an illustrated lecture to his classes last evening in the Physics Lecture room. His subject was "The Physical Basis of Mental Life."

Jessie Ward, Dent. '06, and wife, of Anamosa, were visitors in Iowa City over Sunday.

PROF. CALVIN AT MAQUOKETA.

With Messrs. Edinger and Henley He Inspects Oil Well.

Last Saturday Professor Calvin and assistants went to Jackson county, at which place much excitement has been aroused by a supposed oil well. Samples of the oil were sent here for examination, and proved to be of very high grade. Professor Calvin, however, found nothing in the well but water.

After inspecting the well the party spent some time collecting fossils, the geological formations of Jackson county being of much interest from a scientific standpoint.

S. U. I. Students.

If you have written any poetry, with or without a musical sitting, in affection for your Alma Mater, send a copy, with your name and address, and postage for its return, to Henry G. Cox. This act shall be a consent on the part of the writer for the free incorporation of such poems or songs into a book of S. U. I. songs, now to be prepared. Advise your poetical or musical friends, in the Alumni Association and ex-students of this announcement and request them to send original poetry and songs to Mr. Cox. Subjects serious and humorous are to be included in this collection. Supply an original melody or songs in two to four parts if you can. If suitable melody is sent, it will be arranged in four parts and if the poet cannot supply original music, an effort will be made to find an adequate musical sitting.

Henry G. Cox.

Miss Winnifred Sherwood is expected to arrive in the city today.

Miss Mary Wirt, L. A., 1906, is a guest at the Kappa Kappa Gamma house.

The Erodelphian society met yesterday afternoon and voted in fourteen girls.

W. B. Joy, L. A., '06, is rapidly recovering from an operation for appendicitis, in Mercy Hospital.

The Freshman Dents met yesterday and effected a temporary organization by choosing A. G. McKeoun, temporary chairman, M. A. Gates, secretary, and Butterfield and Nichols sergeants at arms.

Miss Lisle Stuart of Waukon is a guest of Miss Mary Bowen.

The Irvings entertain at the Majestic hall tonight.

The S. A. E.'s will give a "hard times" party up the river Saturday afternoon and evening.

Mr. Robert Fullerton, Jr., of Des Moines, spent Sunday at the capital city.

Dr. J. M. Young '03, of Center Junction, Iowa, visited in the city yesterday on professional business.

Messrs. Reed Lane and Charles Smith of the Beta house, spent Sunday at their home in Davenport.

OFFICERS FOR FRESHMAN MEDICS

VAN METER WILL WIELD THE GAVEL.

Meeting Was Short and Business Like—No Political Disorders.

The Freshman Medics held their first meeting yesterday afternoon and elected officers. Mr. Blakely was appointed temporary chairman and Mr. Barton temporary secretary. Committees were appointed to draft a constitution and to arrange for smokers, social events etc. Election of permanent officers then followed. Class politics due to factional influence were not evidenced, the only contention arising from the effort which succeeded in electing only residents of the state to official positions.

The result:

President—Van Meter.
Vice President—Moon.
Secretary—Miss Carlson.
Treasurer—Barton.
Class Editor—Maplethorp.
Class Representative—Sherbon.

KNIGHTS OF COLUMBUS RECEPTION.

Catholic Students are Entertained at Majestic Hall.

Monday evening was a time of pleasure for the Catholic students of the University. The Knights of Columbus gave a reception in their honor.

The informal reception began at 8 o'clock. Following the reception, President E. H. Flannagan spoke words of welcome to the new students and introduced Judge Wade as the speaker of the evening.

After the address light refreshments were served. An orchestra of six pieces furnished music throughout the evening.

Mr. Harry Sands, of Clinton, Iowa, and Mr. Harold Van Meter, of Tipton, Iowa, were initiated in the Kappa Sigma fraternity on Saturday evening.

The Drake Delphic says "The state championship our goal. The score of 0 to 5 against Nebraska looks good to Drake."

The Syracuse Daily Orange reports 1500 Freshmen this year for Syracuse. That's growing some.

Coach Chalmers spent Sunday at his home in Dubuque.

Now that the "Sox" and "Cubs" are a thing of the past, how about Missouri?

Ames 86, Cornell 0; Ames 36, Coe 0; Ames 46, Drake 0; Ames 32, Morningside 0. Play ball, Iowa.

The Polygon met last week at the Phi Psi house, and considered new material.

Olive Chase, '06, will be in the city Wednesday.

Avice Dalley of Waterloo will pay a visit to Alice Wilson during the coming week.

Cecil Long, '05, will return from Williamsburg the latter part of the week.

Mr. Foster changed from the Dental course to Freshman L. A. yesterday.

PROUD OF THEIR VISITOR.

Western Paper Quick to Notice Au-
thor's Presence "in Our Midst."

When Ambrose Bierce, the satirist
and story writer, was living in San
Francisco he had a rush telegram one
day asking him to come east, says the
Saturday Evening Post. He hustled
aboard a train, but when he arrived
at Williams, Ariz., he received another
telegram telling him to go back, that
he was not needed then. Bierce got
off at Williams, a most forsaken place.
He spied a little rough board hotel
up the street, went to it, registered
and was given a room and promptly
went to bed, where he spent the 12
hours he had to wait for a train going
west. As he went to the station he
bought a local paper. It was a little
four-page sheet, and the first item on
the first page read: "Mr. Ambrose
Bierce, the well-known author of San
Francisco, is in our fair city to-day
taking in the sights."

Students desirous of economising

some meals at Students' Club, in

Every One Missed.

Gen. Funston was praising in San
Francisco the marksmanship of the
American volunteers. "Thank goodness," he said, "our
boys are not like those foreign volun-
teers of whom it is said that a com-
pany of them bought a washtub from
an old woman for \$1.50, and used it
all the afternoon for a target."

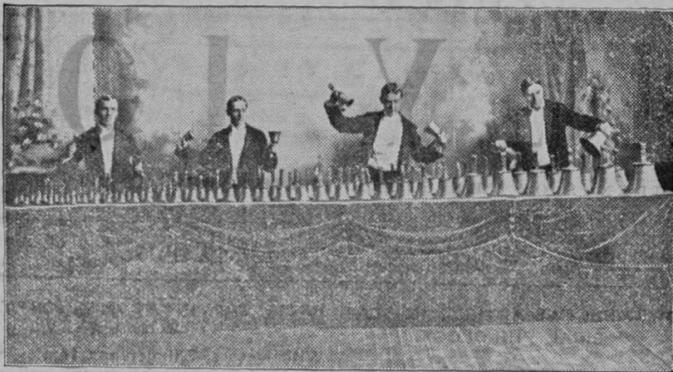

"When they had finished, the old
woman went out into the field and
brought back her wastub, as good as
new."

ascending of the surrounding moun-

WHITE SOX ARE THE CHAMPIONS

Defeat Chicago Nationals in Sixth
Game of Post-season Series.

Chicago, Oct. 15.—The Chicago
American League club won the world's
championship contest by defeating the
Nationals in the sixth game of the
post-season series Sunday by a score
of 8 to 3.

"Three-fingered" Brown, the star
pitcher of the National league, was
knocked out of the box, his place be-
ing taken by Overall. "Doc" White
pitched for the Americans and held
his opponents well in hand through-
out the game.

The Sox, heretofore known as the
"Hitless Wonders," amassed 14 hits
and three errors. The Cubs played a
perfect game, but only hit the ball
safely seven times. Nearly 30,000
persons witnessed the game.

Playing the Game Strictly.

Rev. C. H. Mead of New York, whose
eloquence was one of the features of
the great Chester Heights camp meet-
ing last month, said of children:

"We are prone to forget that chil-
dren have clear eyes and sharp eyes.
Because they don't criticise us we
think that they don't heed us. A great
error. Children watch us closely and
we should try to set them a good ex-
ample.

"There was a poor lady the other
day who hastened to the nursery and
said to her little daughter:

"Minnie, what do you mean by
shouting and screaming? Play quietly
like Tommy. See, he doesn't make a
sound."

"Of course he doesn't," said the
little girl. "That is our game. He is
papa coming home late and I am
you."—Chicago Chronicle.

A Romance Spoiled.

The beautiful girl waded into the
yeasty surf.
Presently she uttered a shriek of
terror.

"Save me!" she cried.
There were seven men on the hotel
plaza. They conferred hastily.

Then the one with the clearest voice
called to the struggling maiden.

"Awfully sorry," he shouted; "but
there isn't an unmarried man among
us."

Then the lovely girl ceased her
struggles and presently waded ashore.

Told of Kubelik's Father.

Herr Kubelik, among the greatest
of "magicians of the violin," owes his
brilliant career almost entirely to his
peasant father, who, although self-in-
structed, not only taught all his sons
to play on every instrument, but by
incessant toil in his garden gave them
the best available musical training.
Unfortunately, the parent never lived
to see his son's triumph; and, by a
curiously pathetic irony of fate, the
very first fee the young violinist re-
ceived was spent on a wreath for his
father's grave.

MUSIC AND ART RECEPTION.

At Townsend's Studio Tuesday evening, October 16th, from 7:30 until 10:00. All students invited.

Tuesday, Oct. 16th, Southern comedy-drama, "My Friend from Arkansas" will be at the Coldren. The company carry a band and orchestra and will give a concert at noon. Seats now on sale.

Wednesday evening, Oct. 17, the sensational comedy drama, "Nobody's Claim," will be at the Coldren. The producing company is adequate. Seat sale opens Monday evening.

S. Miller Kent, undoubtedly the foremost portrayer of romantic character will tread the boards of the Coldren Theatre Monday evening, Oct. 22, in the title role of a play which is the season's theatrical sensation; "Raffles, the Amateur Cracksman."

The coming of the handsome and gifted romantic actor is in itself an event to look forward to and it is made of double importance in consideration of the delightful character of the play and of the remarkable cast with which he is surrounded. Mr. Kent's role, that of the gentleman-burglar-philanthropist, is picturesque in the extreme and calls for all the physical grace and subtlety of which this actor is well known to be possessed. Seat sale opens Friday evening.

Students' Boarding Club at the Continental. \$2.75 per week. Corner of Market and Linn.

A production of "Julius Caesar", such as Charles B. Hanford will offer at the Coldren Theatre soon represents an extensive study of incident and detail, one which commands the efforts of the artist and archeologist. Among the historical pictures are the Grang Square in Rome, Brutus' Garden, the Roman Senate, the Tent scene, and the plains of Philippi. Mr. Hanford is being surrounded this season with a production and a cast which surpasses any that he has before had. It is a production which represents the highest traditions of the stage, combined with its most complete modern resources.

John Hands, watch inspector for C., R. I. & P. R. R., repairs all kinds of Watches, Clocks and Jewelry. Everything warranted correct or money refunded.

Wanted.
University men, freshmen, (or men who have some knowledge of the flute) preferred to study the oboe, bassoon, and saxophone. For the latter instrument a knowledge of the clarinet is preferable. Consult
HENRY G. COX,
Bandmaster.

Seats for the Lecture Course may be reserved for the entire course, on Monday and Tuesday at box office. For the Parland-Newhall Co. seats may be reserved Wednesday and Thursday.

MANY MEN IN CROSS COUNTRY

PRESENT CLUB THE LARGEST SINCE 1903.

Thanksgiving Day Run Arousing Much Interest—Capt. Burkheimer Has Something Up His Sleeve.

According to present indications the final cross-country run to be held on Thanksgiving Day, promises to be of especial interest. This will be due as much to the ability of the individual runners as to the large number who expect to compete.

Monday at 4:30 there were over 30 men in the squad that Capt. Burkheimer led over the old river course. Since the runs began two weeks ago the squad has been gradually increasing until now it numbers nearly thirty five, the greatest number out since the fall of 1903, when the squad ran up to over fifty men, all of whom reported regularly. Those were days when Prof. Bush and Dr. Eastman used to run with the men and aroused a keen spirit of competition between the classes, but there was not the interest in track athletics that there is now, and on that account it is expected that the 1906 club will surpass all others.

One thing that promises well for this year's running is the fact that during the cool evenings last week the men were as regular in turning out as during the present warmer weather. This fact in one way is not strange, because a man who participates in cross country running for the love of the sport enjoys the keen snappy weather. The men who have been out declare to a man that the best runs were those that forced them into a fast jog in order to keep warm.

Capt. Burkheimer keeps a list of the men who appear regularly and it is rumored among the men that there is to be something good in store for the ones who run regularly this fall and then compete Thanksgiving day that reward is to be will not be announced until the squad is regularly formed and it is known who the final runners will be. Of course those in the final run can be only the men who have run regularly. The committee in charge will soon name a date after which no man who has not already entered will be allowed to compete in the Thanksgiving day run.

Were it not for the imminence of the first run, a competition run with the Ames cross country men might be arranged for the forenoon before the game. But after considering it was decided that the run Thanksgiving Day was of more importance from the standpoint of university interest and the other matter was allowed to drop.

There is one thing that should now be emphasized more than ever before with regard to this branch of athletics—that is, that every man expecting to compete next spring should enter.

CATILLION COMMITTEE APPOINTED.

Fisher Is Chairman—List Represents The Fraternities.

Mr. Bob Jones, the president of the Sophomore class, has appointed the committee to arrange for the annual Sophomore Cotillion. Fisher is made chairman. The following men constitute the committee:

Fisher, chairman—Phi Si
Cassidy—Sigma Nu.
Smith—Phi Delta.
Phillips—Tan Delta.
Kirk—S. A. E.
Cassidy—Sigma Nu.
Hanley—Beta Theta.

Phi Omega will give a dancing party Thursday evening, Oct. 18.

With Apologies to the Proofreader.

The list of applicants for membership in the men's glee club is closed. Mr. Cox examined seventy four voices, and states that there was not a really UNMUSICAL individual in the entire list. Many have had no opportunity for part singing, but these can, almost without exception gain suitable proficiency by one season of practice in an auxiliary club which may be organized.

C. F. U. will give a reception Friday afternoon to the new Catholic girls of the University.

Misses Marie Wright, Helen Otto, Irma Westenhaver, Alice Frum have pledged Erodephian.

Miss Anne Holmes has been ill for several days.

George D. Graham spent Sunday at Waterloo.

The Young Woman's Guild of the Presbyterian church will be at home with Miss McGee, 124 Church, Saturday, October 20 from two to five.

Die Germania held a meeting at the Pi Beta Phi Chapter house Monday evening. The officers elected for the semester were:

President, Maude Dalmage.
Vice President—Lee Williams.
Secretary—Josephine Lynch.
Treasurer—R. J. Glass.

Representative Stoltenburg of Daventry is making his daughter Miss Clara, a brief visit.

P. E. Sundral has written to friends that he is obliged to give up his plans for the year and cannot return to the university. Mr. Sundral was called to his home last week because of his father's serious illness.

Miss Laura Giddings of Tacoma, Wash., is visiting her cousin, Miss Gertrude Branson.

Last night some of the Irvings entertained their friends at the Majestic.

W. J. Mc DONALD,
Democratic Nominee for County Attorney.

Mr. McDonald is a graduate of the state university, college of law, 1901, and has since that time been engaged in the practice of law in this city. Prior to entering the university, Mr. McDonald was for seven years engaged in public school work, coming here from Minden, Iowa, where he was principal. He was elected city solicitor in 1903 and re-elected in 1905. Mr. McDonald in both elections led his ticket and in the latter carried all five wards of the city. Mr. McDonald's work as City Solicitor has been characterized by careful attention to the duties of the office and he has saved the city considerable sums by his successful handling of damage cases. He was nominated out of a field of four on the second ballot.

FRESHIES GROWING EASY.

The Old Men Coming Back Into the Game Add Much Strength to the Varsity

The grinding still goes on. The varsity now call their signals and tear off from five to fifteen yards a down. It is a great satisfaction to the men on the bleachers as well as to the coaches to see this. The presence of Cresco White, Rockwood and Murphy adds encouragement to the men and the form displayed the past few nights is evidence that we will be able to "show Missouri" when they come next week. The line-up of the team is nearly in sight at present. We will have men in the line who can hold and a back field that will be fast.

The varsity team has been working out its salvation on straight football. No room has been made for trick plays of any sort: The freshmen,

knowing the signals, are unable to block the plays worked out by the varsity. Captain Allen is working into great favor with the team and handles the men well. Washburn has been doing the best work of his life, and if able to keep his present form will be any two men Ames may bring up. The Freshman team has been in the game every night and in scrimmage give the varsity a workout equivalent to a light game. Those who visit Iowa field in the evening will see true football.

Tom O'Brien Not Here.

No word has been received the past few days of Tom O'Brien, who was expected to be in Iowa City a week ago. The coaches have secured Mr. Johnson, a student, in the university, to assist in rubbing the men. It is not known whether Mr. O'Brien will come to Iowa City this fall or not.

PROMOTIONS IN THE BATTALION

FIVE NEW CORPORALS APPOINTED.

Order Read Last Night Rewards Deserving Privates—New Guns for Battalion.

Commandant Weeks read a general order last night which promotes several privates to the rank of corporal. Such promotions are based on meritorious service and interest in the work. The order is as follows:

The State University of Iowa.
Cadet Battalion, Oct. 16th, 1906.
Orders No. 8.

The following named privates are hereby appointed corporals and will report at once to the organization to which assigned, viz:

H. P. Phelps, Co. D. to Co. D.
W. E. Eloat Co. D. to Co. A.
C. E. Freese Co. E. to Co. E.
J. E. Wright Co. C. to Co. C.
Fred Krenz, Co. C. to Co. E.
They will be respected and obeyed accordingly.

By Order of Lieut. Weeks,
Cadet Captain and Adjutant

The application of the Commandant for one hundred new rifles has been acted upon favorably by the War Department, and the guns will soon be here.

COURTESIES TO S. U. I.

Delegates From Iowa Invited to Attend Celebrations in Other Universities.

Occidental College in Los Angeles, California, is inaugurating a new president, John Willis Baer, L. L. D., who at one time was prominent in Y. P. S. C. E. work. An invitation has been received by President McLean, requesting the presence of a delegate from this university. The ceremonies take place October 26. The representative appointed is Harry W. Hansen, whose home is now in Los Angeles. Mr. Hansen was a strong and representative student in his undergraduate days, and is well remembered in university circles.

As announced last week a similar invitation came from the University of Pennsylvania, the occasion being the dedication of a new engineering building. Dean Raymond has been appointed to represent Iowa, but it is somewhat in doubt whether he can go.

The Dramatic Club will meet this afternoon.

Miss Katherine Sarles will leave this city tomorrow for a short visit at her home in Monticello.

Miss Fay McIntire, L. A. '06, who has been visiting Miss Myra Lyon for the past three weeks, returns to her home in Ottumwa today.

WILL YOU COMPETE?

Once upon a time a student of this
university won the N. O. L., and his
victory raised interest in oratory to
a higher pitch than it has ever been
before or since.

It is high time to do it again, and
if we think we can't, we ought to worry
about it. Our chance of winning
such contests depends largely upon
whether we want to win. Everyone
would admit that no achievement
can reflect more credit upon the uni-
versity and no college triumph is of
more solid, practical value to the
winner. We would like to see the
thing accomplished very much as we
would like to see the millennium, but
we fail to get out and boost.

The winner of a contest like the N.
O. L., or the Hamilton is the product
of much devoted labor; not merely
his own labor, but also that of every-
one who has tried for his place. Each
competing orator adds something to
his equipment and experience. If
many compete, and rivalry is keen,
the man who emerges victor from the
contest will be strong in preparation
to what he has to overcome. When
such a man goes out to represent us,
and can feel that the tremendous
enthusiasm of which the university
is capable is behind him, then, and
not before, we have a fighting chance
of success.

Isn't it time to inject a little ginger?

The Kings Daughters will meet at
this place Thursday and Friday of
this week. Beginning at 11:30 Fri-
day they will make a tour of the Uni-
versity.

Mr. Willard Hull, who is Vice Con-
sul General of Hangchow, China, is vis-
iting his brother at the S. A. E. house.
Mr. Hull is enroute for China where
he will resume the duties of his post.

Fifteen new chairs have been re-
ceived by the College of Dentistry.
The steel ceiling in the new addition
of the Dental College will be put in

The relation of the university to
the public schools, as the head of the
Iowa educational system, is illustrat-
ed by the leading part to be taken in
the Cedar Rapids Teachers' conven-
tion by S. U. I. professors. Profes-
sor Ensign will have charge of the
Round Table devoted to the discussion
of High School problems. Profes-
sor Ansley will conduct the Round
Table devoted to the study of English
in High Schools.

At the High School Teachers' Round
Table on Friday Dr. F. E. Bolton will
discuss the question, "High School
Pupils and Grade Pupils."

At the Southwestern Teachers Associa-
tion, which will meet in Atlantic,
Iowa, November 2, Professor Mac-
bride will have charge of the Science
Teachers' Round Table.

Work is beginning in the girls'
gymnasium. There are 215 new girls
enrolled, this being equal to the num-
ber of freshman and sophomore girls
together last year.

Bird Criminals.

A subject which has exercised me
this summer has been as to what bird
it is with a bill seemingly smaller
than a jay's which plunders other's
nests, breaking and sucking the eggs.
says a writer in Country Life.

In one small piece of hedge I found
one blackbird's and two thrushes'
nests all treated in the same way, the
three showing among them the wreck-
age of eleven eggs all similarly pierced
and emptied. The missel thrush has
been suspected of the offense and in
this case I should suppose it to be the
missel thrush if it were not that of a
pair of butcher birds nested in the
same hedge.

It is perhaps unjust to suspect the
butcher bird on no better evidence
than its mere proximity to the scene
of the crime and it may be questioned
if the shriek would dare to rifle the
nest of either a blackbird or a thrush.

A suggestion which I have not seen
made and which I throw out only as a
possibility is that the culprit is no
burglar but neither more than less
than one of the parent birds them-
selves.

(Continued from page 1)

ter the runs now. All winter it will
behoove us to remember that WE
MUST WIN THE STATE MEET, and
to do this, every student who can,
should lend a little effort to the gen-
eral struggle. It will require the co-
operation of every man and although
it will be a long pull and a strong
pull, we must pull all together and
win out in the end. So come out and
"do it now."

Edda met last night (in room 10 L.
A., and discussed the work of the year.

Dr. Walter L. Bierring will read a
paper Thursday evening, Oct. 18th, be-
fore the Rock Island county Medical
Society at Moline, Ill., on the subject,
"The Treatment of Nephritis." He
will leave on Friday for Chicago
to attend a meeting called by Dr. Jo-
seph D. Bryant of New York, Presi-
dent of the American Medical Associa-
tion. The object of this meeting is
to arrange the program of the Asso-
ciation meeting at Atlantic City
next June. A second conference will
be held later on in the year at New
York City. Doctor Bierring is the
chairman of the section of Pathology
and Physiology.

"Drowned Rivers."

In nearly every case these natural
bottles are what the geographer calls
"drowned rivers." That is to say,
the coastal lands in the vicinity have
subsided, allowing the sea to flow in
and convert what was a lowland
valley into a partly enclosed marine
area.

Divers have gone to the bottom of
New York bay and have found there
the ancient bed of the Hudson river,
as that stream flowed before the
mouthward part of its valley subsided
into the sea.

The old bed reaches through the
narrows and well out into the floor
of the Atlantic. Of course, as the sea
water entered the sinking valley, any
hills rising thereabout would become
islands, in the new order of things.
And there we find them to this day,
in almost any of these enclosed in-
lets.—St. Nicholas.

Perforated Sails.

Although the assertion recently
made by an Italian sea captain that
the power of sails was increased by
their being perforated was ridiculed,
it has just been proved that he was
right.

His theory was that the force of
the wind cannot fairly take effect on
an inflated sail because of the cush-
ion of immovable air that fills up the
hollows. To prevent the creation and
presence of that cushion, he pierced
his sails with many holes, through
which the wind blew, the balance of
the air pressure striking against the
canvas and exercising its full ef-
fect.

Several experiments have been
made on these lines, and the results
are declared to have been eminently
satisfactory.

WINCHESTER

FACTORY LOADED SMOKELESS
POWDER SHOTGUN SHELLS

Good shells in your gun mean a good bag in the field or a good score at the trap. Winchester "Leader" and "Repeater" Smokeless Powder Shells are good shells. Always sure-fire, always giving an even spread of shot and good penetration, their great superiority is testified to by sportsmen who use Winchester Factory Loaded Shells in preference to any other make.

Wednesday evening, Oct. 17, the sensational comedy drama, "Nobody's Claim," will be at the Coldren. The producing company is adequate. Seat sale opens Monday evening.

S. Miller Kent, undoubtedly the foremost portrayer of romantic character will tread the boards of the Coldren Theatre Monday evening, Oct. 22, in the title role of a play which is the season's theatrical sensation; "Raffles, the Amateur Cracksman."

The coming of the handsome and gifted romantic actor is in itself an event to look forward to and it is made of double importance in consideration of the delightful character of the play and of the remarkable cast with which he is surrounded. Mr. Kent's role, that of the gentleman-burglar-philanthropist, is picturesque in the extreme and calls for all the physical grace and subtlety of which this actor is well known to be possessed. Seat sale opens Friday evening.

Students' Boarding Club at the Continental. \$2.75 per week. Corner of Market and Linn.

A production of "Julius Caesar," such as Charles B. Hanford will offer at the Coldren Theatre soon represents an extensive study of incident and detail, one which commands the efforts of the artist and archeologist. Among the historical pictures are the Grang Square in Rome, Brutus' Garden, the Roman Senate, the Tent scene, and the plains of Philippi. Mr. Hanford is being surrounded this season with a production and a cast which surpasses any that he has before had. It is a production which represents the highest traditions of the stage, combined with its most complete modern resources.

Wanted.

University men, freshmen, (or men who have some knowledge of the flute) preferred to study the oboe, bassoon, and saxophone. For the latter instrument a knowledge of the clarinet is preferable. Consult HENRY G. COX, Bandmaster.

Seats for the Lecture Course may be reserved for the entire course, on Monday and Tuesday at box office. For the Parland-Newhall Co. seats may be reserved Wednesday and Thursday.
