VARSIY KEEPS SAWING WOOD

COACHES SENDING THE MARCHING BAND THROUGH WORK FOR WIS.-CON.

Rutes to Madison Will Soon Be Published—Team Leaves Friday Morning—Other News.

For the past two months Jimmie has been cutting the evergreen out of Iowa field so even a small boy could just get past "Jimma." It was "narrowly practiced today. No, you don't do it." In the meantime the muses were put on the more of hard work. This is a hard work at the coaches and the county. Every style has been sent in except that of last Saturday's game. The importance of the coming contest is not really felt. Many students do not realize Wisconsin's strength. One year ago she tore up Minnesota in the greatest game ever played by the ten-eleven band in the history of the Badgers on their own grounds. The battle will be fierce, and it was not too late when we could have any leige of playing them as even game.

The practice has been quite easy. Not the new-old all, in as one spirit, and playing the best band of the season.

"We can beat Iowa if we play foot- ball. Get into the game and dig for you all are worth."

H. D. Hutchins to the Badgers.

Professor: L. M. Hines has been spending much time in getting a ride from the mainline, whereby a county may be easily reached and one can travel on the same line, as yet no satisfactory schedule has been obtained. A $2.00 is stated, but at present it is reported that $4.00 for the round trip has been secured. It is probable that we can publish the rate tomorrow.

What will we do to the Badgers?

The Badgers at Madison are getting into the game. This week Coach Hutchins has called upon the alumni for aid in rounding his men into shape for the game with the Harvard. McCarty, Donley and Lueck, all of last year's stars, have come to Dr. Shrauder and Miller, and will help to saw the men this week for Saturday's game.

Dr. Miller returned from Decatur. Drake was from Des Moines. Miss Irma has returned to school. Miss Tom Owen of Marion has been in the city the past few days.

NEW RIFLES ARE KRAIGS.

Space Being Cleared to Receive Them—Expected in About Ten Days.

The first Kraig's room in the army is being prepared for the reception of the new rifles, which will arrive some time next week. They are very similar in design to the Johnsons, the same weapon as used in the regular army. Lieutenant Works is highly pleased with the result of the class work. He has twenty-five sections which he is instructing in tactics, field work, etc. This work is proving highly variable. The men, as a whole, are much further advanced than they were at this time last year, and Lieutenant Works believes that the advantage lies in the class work.

Will Hastings hold at center?

Kilroy of the Daily Iowa.

Dear Sir—The projection of the center of the game Saturday was splendid.

It seemed to Mr. A. G. Smith and myself that they were handicapped, however, by the lack of university, in the leaders of the cheerers. Therefore we would like your paper that a meeting in to be held Thursday evening of this work in the Assembly, at seven o'clock.

To mention the presidenschafts of all the classes in the various schools are earnestly requested to attend, and also the bell leaders. It is in every school in every city as Miss Swisher,

King or Springer—What's the best?

Gold, Glee Club.

Miss Profit states that the work of the Girls Glee Club is quite on a even basis. If the club is meeting twice a week, in the school of music and practicing regularly quinquennial work. There are now dearth of soloists. There are not enough altos and tenors to reorganize enough of these, with a few more sopranos, to being the membership up to fifty. Miss Profit was one of the artists participating in a concert at Ames Thursday evening. It was the new number of the jubilee course, the five numbers which will be especially composed for the reception being given in her honor.

Will Chick be able to kick goal?

Notice.

There will be a meeting of the council of Miss this afternoon at 4:30 at room 105, Old Capitol. Important business is to be considered and a new representation is desired.

Johnson Brothers of Maquoketa send greetings to old friends through the Iowan. E. C. Johnson, Sr., is practicing law in his home town, and is the popular Major of his regiment. Geo. M. Jr., is a successful physician in Maquoketa, and his, same degree of business, but manages to take time to fulfill the duties of the Captain of the Maquoketa Company.

The Band Has ELECTED OFFICERS

A. LAVAN BECOMES PRESIDENT.

Mr. Cox Has High Words of Praise for New Organization—Court Your Plans.

The University Band had a business meeting in the Assembly Monday afternoon and elected officers for the coming year. They are:

A. Lavance, President.

E. C. Wilson—Vice President.

J. E. Burn—Secretary.

The band now has sixty members. Mr. Cox, the leader, declares that it is the largest and finest University band in the West, and Mr. Cox knows. One very welcome announcement in the is that frequent concerts and military bands will be given this winter. There is a first prospect that a concert tour will be arranged. Mr. Burns believe there will be no hith this time. It is inevitable that this may go through as such a trip would be beneficial to the band and to the University as well. Iowa has always been proud of her band and is a leader. Citizens believe that this year we are going to have the best ever.

Let the band enjoy its season.

CLAUDE MELVIN MILLER

DEMOCRATIC NOMINEE FOR COUNCIL SUPERINTENDENT.

Mr. Claude Miller, Law '94, was nominated by the Democrats of Johnson county for sheriff of schools. The election next Tuesday will either Mr. Miller or Mr. Friesen, in this office for two years. Mr. Miller is a young man having just completed a course in law at S. U. He was graduated at the Iowa City law school in 1909, and for nearly two years has been a successful teacher in this county. While in the Liberal Arts section for two years Mr. Miller made a good record as a student. He is efficient in his law work, and as superintendent of schools would do all in his power to serve the public acceptably.

Have you figured on the game?

The delegates who attended the V. M. C. convention last year had hoped to attend, but have been forced to drop out, and have not appeared in this game. Miss Profit was one of the artists participating in a concert at Ames Thursday evening. It was the new number of the jubilee course, the five numbers which will be especially composed for the reception being given in her honor.

Will Chick be able to kick goal?

FALL IN!

"Let Governor of Iowa, will be held Thursday, and he will be welcomed by the students of the University. He comes, of course, on a political errand, to make an address in the university, in the Interest of his own campaign. But at the bottom of this political aspect of his visit ought to be forgotten, and the larger fact remembered that he is President of the Board of Regents, and a staunch and loyal supporter of the University. There has never been a governor who has done more for us than Albert B. Cummins."

The demonstration is being organized by the University Republicans Club, which body will probably make a further demonstration in the afternoon. But the march is just before noon, to meet the 11:18 train, every student is invited to participate no matter what his political creed may be. The Governor is one of the highest executive officers of this University, and it is right and fitting that all students should welcome him. It is an opportunity to show our broad-mindedness, but also the University spirit we are so proud of. Let the Governor be a Republican politician after dinner; when he comes to let us make him feel that he is the guest of an appreciative student body.

The Register and Leader in its Monday morning issue published a letter signed by the Socinian J. Kirkwood, as governor of Iowa in 1877. This document is brief and simple and is very valuable from a historical standpoint. It is one of the many alarming things which have been recently reported by Mr. John Parish, Jr., at the archives at Des Moines. The great volume of documentary history is being stored and classified according to a system devised by Dr. Rhambaugh.

Professor Bolten has received instructions to address the West Mecaa high school and the students of Ricketson at Cornell College and at Highland Park College.
