The next game will be
Saturday.

The local examination will be
held, and must, before going into
the University, have reached at least the age
of eighteen.

The fact that the State University of Iowa has the largest percentage of
students in attendance of any of the
respective universities and colleges of the
country has been very widely noted
throughout Iowa as a result of the recently appearing in the
Iowa, Transcript. This evidence of
the prosperity of Iowa's University is elo-
cently the most favorable comment from
the Iowa press.

Miss Grace Raymond Hubbell, B. S.
1882, M. S. 1885, who was formerly
secretary of the board of trustees
of Western University, Detroit, has
been elected to a position as associate
professor of Political Economy in that
institution.

Professor Nutting is invited to address
the Academy of Science at Daven-
pport, Nov. 30, on the subject,
"Raschen Method.

A party of 22 young men, scenes
by Clarence W. Wasmann, In-
structor in Kansas, left for the
1st train Saturday for a half-day's
visit at the Government Arsenal in
and Cow. Works at the
Tribune. The different shops at the
Arsenal were visited, and all the arti-
cles used in the army from a tine to
touching guns were seen in all their
different stages of manufacture. Spe-
cific points of interest were the power
wheel, where 732 horse power is gen-
erated, the long building in which
the guns are tested, and the magazine,
which contains many articles of in-
ventory.

One of the latest machine guns,
which displays 0.8 shots per min.
ute, is in the Arsenal, also a howitzer
guns which were captured from
the Spanish in the recent war.

The trip from the Arsenal to the
Davenport Fire Co. works was a very
pleasant one, as the party passed the
famous Arsenal golf links, the rifles
and other several points of in-
terest.

Upon arriving at the Illinois side
of the river, the party was met by
Mr. and Mrs. Clarence W. Russell
and Mr. and Mrs. W. H. Moore.

After dinner, the party returned to
the hotel, and the visit will
long be remembered by those who
were present.

One of the most pleasant experi-
ences of the day was the dinner from
eight to six at the hotel, Mr. B.
R. Logh was in attendance, and several
people assisted to teas. Mr. Logh
should receive special mention for the ex-
cellent toast which he gave.

The party was entertained from
eight to six at the home of Mr.
and Mrs. F. J. Willet, 110 Brady street.

After coffee and refreshments had
been served, the party returned to the
depot, feeling that Mr. and Mrs.
Willett had proved themselves most
delightful entertainers. The complete
trip was a memorable one, a memorable
one, and most favorably noticed at Wash-
ton, and as a result he has been called
on to conduct a number of very im-
portant investigations for the govern-
ment.

President MacLean was present
Friday evening for Basu Rough, Lu, to at-
end a meeting of the National As-
sociation of State Universities.
Dr. MacLean is an expeditor of the As-
soiation, and still retains a position on
its executive committee. He will be
accompanied by Miss Maclean.

Mr. Geo. F. Buresh, of Cedar Rapids,
had a marvelous escape from serious injury while performing on a
rope ladder in the gymnasium last
week.

Mr. Buresh had mounted the ladder
for the height of twelve or fifteen feet when the screw hook, which fas-
tioned the apparatus to a pole above,
came out, letting the man drop like a
stone to the floor below. Mr. Buresh,
spared, but his physician assured him
that it would be but a few days until he could take up his work again.

A valuable collection of Star Fishes and
Holonitians, donated by the
United States Bureau of Fisheries, was
recently received by the University.

the Hawaiian expedition in 1892, and
in charge for his services the State
University of Iowa is the recipient of
a complete series of the catch made
by the scientific auhors on board the
Albatross.

Mr. Edward will deliver his lecture,
"Here and There in Greece," in the
Denn House Saturday evening. This is
the same lecture that Prof. Walker will
deliver November 11.

Mr. Clarence W. Wasmann filled
the pulpit of the First Christian Church of
Davenport last Sunday for both morn-
ing and evening services. His even-
ing address was on the subject of
Assessed Charities.

Mrs. C. W. Bassett and Mrs.
Car-
roll Wright, of Omaha, spent Sunday
with Mr. and Mrs. W. J. McClean.
In the noon hour they were in the
Iowa City and Tiffin.

Mr. Ralph Beatty spent a few days
in North Liberty.

Mrs. Brick of Clarendon, Iowa, has
been visiting her parents, Mr. and
Mrs. W. Gum on Summit street.

Mrs. B. Russell Greenwell is enjoy-
ing a visit with friends and
relatives in Iowa City and Tiffin.

Mr. and Mrs. C. W. Russell have
returned from a short trip to Indiana,
where they visited their son.

The Peanut Bailer, in the Mayor of Tokio, which will be at the Children Wednesday evening, is said to be one of the most original and at the same time most attractive dramas numbers since the time of the fantastic. Start Monday evening. Limit of ten to each purchaser.

Tight the attention will be the presence of all gymnastic successes, "Human Hearts," again added after, the management of the Children has arranged to receive election returns, which will be read from the stage.

The big comic opera succeeds. Bible and Carnegie's "Mayo of Tokio" will be at the Children Wednesday, Nov. 1. A company of 75 people and two rows of musical scenes and acts assure a great production. Limit of ten to each purchaser.

The W. V. C. A. delegates returned Monday morning from the state convention in Grinnell.

If there is any virtue in newspaper communication and if the encouragement of the public for the past ten years is to be taken as a criterion, then Human Hearts, which will be presented at the Colford next Tuesday night is certainly entitled to rank as the Great American Drama. During the many years, that Human Hearts has been presented in this country, the play has been advertised by the newspaper critics and the general public has been universal. There have been no deeming critics; the verdict of the general managers of newspapers, many of whom are not Literary critics, have been unanimously. Even of that Human Hearts is a mighty good play, even as we ought to be willing to be satisfied with the work of the Colford evening. Selection should be held as a moment-pointing an efficient. John Hanks, watch inspector for C. R. I. & P. R. R., repairs all kinds of watches, clocks and jewelry. Every repair warranted correct or money refunded.

Election returns from the entire country read from the stage at the Colford Tuesday evening.

Last Saturday evening the big Alpah phants entertained very informally at their home.

Miss Deidre Allen entertained a few friends at an informal spread Friday evening in celebration of the arrival of a box from home.

Who-Wah-Wah.

Nine racks for the Iowa football team.

They played a splendid game at Madison and lost. This is an excellent reason why the Iowa rooters should get up and whoop for our team.

The game of St. Louis is as much a matter of mind as of muscle. Not only the minds of the players are involved, the big mind, the whole mind, the college mind, is a pretty potent factor. It is easy to be enthusiastic when things are going our way. The gaits of the rest are up the roof, and the roilers react upon the men. The joint product of muscle, skill and enthusiasm is an avalanche of power that irresistibly crushes down the opposing line.

The real test of the sort of material is to be taken as a criterion, then Human Hearts, which will be presented at the Colford next Tuesday night is certainly entitled to rank as the Great American Drama.
