A MERRY MEDIC MIX-UP

FRESHERS AND SOPHOMORES HAVE A CONTROVERSY.

The big stick was Jarvis in evidence, and the air was filled with gas and exhaust. — The strategy of Sophomores has been established on the audience. Upon meeting the chorus of a freshman class insulted, they made a meeting of their own for the same hour and in the same room. Where the Freshmen deserted and they found the occasion in force and making dangerous noises, the

Athletic Management Getting Out a New Book for the Ames Game.

There will be no shortage of leaders at the American game, one of the latest novelties is the introduction of a program, which has been rather unfortunate the last two years, but the present west now. The program of the writer has not been devoted to the best of work, interest in politics has detracted

so that we have had but little news from the game the past two years. Last night and tonight will be spent obtaining adhesives in preparation for to-night's game. With a good week's work, and tomorrow night Cal's men will be ready for the team from the City Park.

Coach Clarke played yesterday at his stop, and now will work very hard to put the team in for Saturday's contest. Bird's leg and Washburn's ankle are still sore enough to hinder their work, but it is probable they will recover with a fairly vigorous playing.

One observer and the University have exchanged lists of eligible players and the contest has been and there have been engaged for the game.

The tickets for the Ames game will be issued soon. It is probable that a "cap" number will be played by the Ames game by two high schools, Davenport furnishing one team.

The class will be raised at 2:30, instead of 2:45, as previously announced.

SELF-FILLING Fountain Pen! and
we know the objections found in, and others have perfected WELTY'S NEW IDEA.
You can secure one from the dealer on five day's notice. You run no risk. Try one.

BUT the VITAL POINTS are those which controls the INK FLOW. In this Welty's

joint. Ask Iowa City Dealers to show you the three patented points of superiority.
