BASE BALL MEN TO MEET HERE

BASKET BALL MEN RETURN FROM LONG TRIP.

Three Losses and One Victory is the Final Count—Great Team Work Shown by Iowa.

The Board of Control met last night and had quite an extended session, in which it was decided to enter a meeting of the base ball managers of the Iowa colleges to meet in Iowa City on February 8th. A dinner will be given to the members of the teams at that night, after the basket ball game here with Grinnell.

The Board considered the proposition to hold a dual track meet with Ames on Iowa field in the spring, rather than a dual meet with the University of Minnesota in Minneapolis. It is probable that both of these meets will be held in Princeton.

Iowa Men at Home.

Yesterday afternoon, Coach Rule, with his basket ball team, returned from their long trip in the west. The team showed the effect of the weather, as found in hotels and street cars, but in spirit they were keen. The trip was not as successful as outward appearances as it would show from inward signs. The scores were quite even, and the loss of some of the games was largely due to the unfavorable condition of the floors on which the team played. But it is unfortunate that the Iowa men outplayed their opponents in the last half of each game. Just as soon as they were in the lead the rate of the baskets they had their opponents on the defensive. The light and the backgrounds hindered in many cases.

At Des Moines.

Mary S. U. S. officers saw the Iowa team off at Iowa State by a score of 23 to 22. It was a close game, and the fourth, in succession which the Capital City T. M. C. A. has taken from S. U. S. The men played a fierce game in this contest, and in the last half the score of 23 to 20 was made in Iowa’s favor.

At Highland Park.

Here the varietes allowed their com
titors to make only two baskets in the whole game. They were unable to solve Iowa’s system, and had it not been for the many chances which the officials gave Highland Park at the basket, they would have narrowly escaped a shutdown.

Buckner was called in, pulling his hated out of condition for the rest of the trip.

At Nebraska.

The board of trustees that recently elected, resident in Steel St., 100.

The only one of the four that we heard much about on our own team. A return game will be played February 2nd.

At Kansas City.

Here the University met defeat by the score of 28 to 22. Spectators and the local press added that Iowa had been over-matched by the most surprising of the champion teams of the Athlete Club which has been seen this year, and that the loss to the University of Kansas was the most surprising of the season. It is quite possible that we would have beaten this team. The last half of the game was pronounced the finest that was ever played on a local base ball team in this variety of our men at this time, we must give them full credit for their game and the Iowa shown in this contest.

Coach Rule expresses himself as well pleased with the work each man did, and is much more hopeful as to making a good team out of his bunch of men than he was when he left Iowa.

Alumni Clinics Approaching.

Nearly seventy-five alumni clinics will be held in the next few months, during the Iowa meeting at which it was decided to call a meeting of the Alumni.

Mr. Henry Irwin will go to West Liberty today to supervise the rehearsals of "Peer Gynt", which the W. L. High school will put on Saturday evening.

Mr. Bob Y. Williams will meet with Mrs. Foster Carney, 800 Iowa Avenue.

The best showing against the University of Minnesota this year, and pointed. Ten or a dozen prospects Dr. Miller expresses himself as very pleased with the style in which the alumni conducted themselves.

I. C. Barrett went to Marshall yesterday, and is now in Des Moines.

FRED C. DRAKE HAS RESIGNED

no compensation.

The Board of Regents accepted the resignation of Fred. C. Drake, from his position as secretary to the President and University Editor. No successor was chosen, but temporary arrangements will be made to take care of the work. The resignation does not affect the functions of February.

Mr. Drake will remove to South Dakota, where he will become a partner in a solicitation house, and trust business. He has been connected with the University in one way or another for about two years. After troubling with the Law course in 1901, he took the Law course and received his L. R. L. 1 in 1902. In September of the same year he entered upon his present duties. A large and important part of his work has been in the nature of handling legal agreements and leases. Young people of the state to appreciate the advantages of the University.

Mr. Drake's efforts and official work in making the school more popular have been well established, and his efforts will be continued in making the school more popular.
