COLLEGE GAMES FOR FRESHMEN
HEATH'S MEN TO PLAY STAY.

High School Games are Also Being Arranged for Freshmen Team.

With the state college championship ship lost to Grinnell, the Iowa has kernel Eight in now standing as the only reliable team in the state in basketball. The Old Gold will put up a giant battle Monday afternoon. Freshman basketball, too, is coming into prominence. Several games are being arranged for Capt. Bob Heath's team and some of the contests should rival the varsity games point of interest. The Freshmen will probably find another side and the Normal before the basketball season is over, and games are being arranged for the representatives of Cedar Rapids and West Liberty.

No dates have been decided for any of the Freshman games so far, as for some of the games, at least, there will be plenty of time for preparation. The team has only been organized for a week and as a result, there is little knowledge of team work. However, this can not be attainable, as there is a wealth of material to choose from. The team will undoubtedly be chosen from the best men who played in the junior against the Iowa City High school recently.

The teams will be: Anderson, Norton, Stewart, Bryant, Dreyfus, Schenck, Hansen Schenck and Schick.

Kent Wiss-Again.

The short story "Kent Wiss-Again" of the 91st Annual has been decided, and the prose stories announced.

Mr. Maurice Kent, who was first place in last year's contest, has again captured first honors. His story entitled "RosenMasters" is an exceptionally good story. Mr. R. Piatt, who was second place, his story being "A Deluxe Victory."

The Clarke bill providing for the consolidation of the two medical colleges here, will be called upon in committee today. Advisers from Des Moines indicate that it is almost certain that the bill will never be referred out of committee, and even if a majority among the legislators is said to be so hostile that if the bill does come up it could never pass the house.

President Maclean was elected president of the section of the University of Minnesota and will be attending at the meeting of the National Religious Education Association he attended in Rochester last week.

AN OLD WOOD CUT.

A CLOSE CONTEST.

Inter-Fraternity. What Games Have Played and His Team Has Much Advantage.

The Pan Hellenic white tournament is over half finished and as pleasant an event as the teams are well matched, but with a possibility that any one of them may win. Phi Kappa Psi leads the league with a percentage of 75s. In the last meeting of the teams Phi Kappa Psi and Phi Delta Theta met and the tie will not be played off unless tomorrow or next day. If the former win they will be in the lead, while if the latter win the tie will be decided at a later date.

Considerable interest has been shown in the white leagues and many opportunities made to the men. Owing to the close season it is difficult to make any predictions as to who will win the table which will be awarded the successful team.

Following is the present standing of the teams:

<table>

NEWMAN'S CHOICE OFFICERS.

Newman society held their mid year election Saturday evening and the following officers were elected:

T. M. Gurnett, President.
Jack Wessel, Vice President.
E. J. Shilhow, Chief Alumnus.
John Young, Secretary.
J. C. Higgins, Recording Secretary.
A. J. O'Mahony, Corresponding Secretary.
M. Bagerman, Treasurer.

Notice.

All students in the University should register not later than Saturday, February 16, since those who register after that date will be required to pay a registration fee of $25.00 for each day after the deadline beyond February 15th.

Students of the professional colleges whose registration for the coming semester's work is entirely regular should pay their tuition fees and bring their present slips to Professor McMichael at the office. It will not be necessary for them to present their tuition receipts at the registrar's office.

Several students in the Colleges of Liberal Arts and Applied Sciences have registered for the soil science semester's courses but have not yet paid their tuition fees. These fees must be paid before next Saturday.

R. C. Deman, Registrar.

Professor Snyder has given us his list of the Montana State University's

60 YEARS OLD

THIS MONTH

UNIVERSITY PREPARES TO CELEBRATE ANNIVERSARY.

The Governor has written to Secretary McKee, announcing his appointments for the Centennial Committee. The committee will consist of Col. A. M. Anderson, from the Board of Regents. Mr. O. H. Peckert, from the Alumni, and J. W. Harlow from the faculty. This committee is expected to work in harmony with that in charge of arrangements for the Fortieth, for the last anniversary was conducted at the same time next June.

J. A. Lambert is chairman of the Fortieth's committee, and will be assisted by Mrs. Rockwood and O. H. Brighten. A general letter to alumni was published in the Iowa and the Alumni annual issue, and in response to its request for suggestions a number of plans have been submitted. A meeting will be held some time this week, and it will not be long before something definite can be said about the Fortieth.

The other committees, in charge of the general University celebration will make its plans with reference to those for the centennial celebration.

The University will close its sixth year on the 28th day of this month. The "Art to honoe and establish a State University" was passed by the First General Assembly of the new state of Iowa, in 1857. The University was not actually opened for students until November, 1854. Chancellor James Dean was the first head of the institution. The first catalogue was issued in 1857: it showed an enroldment of 114 students. One degree was granted at the close of this year to Robert Smith, who was made a Bachelor of Science. In 1864, the University had its first real President in the person of Silas Stover, D. D. In the following year the College Department was organized. In 1842 Oliver M. Spencer became President. His successors in that office up to the present administration have been James Black, Thacker, Christian W. Single, John L. Plunkett and Chas. A. Schaeffer.

Northwestern University Medical School

(Chicago Medical College)

DR. N. S. DAVIS, Dean.

This medical school is excellently located, convenient to large hospital, affording attendance of clinical material. The laboratories and lecture rooms are commodious, well-lighted and generously supplied with all modern appliances to aid in carrying on in the most effective manner, the studies of its students.

The fall term consists of four months, eight months each, beginning:

Third Dec.

The classes are divided into small sections, thus affording to students better opportunities, or the advantages of individual instruction. Tuition, as well as a grade certificate, is given to all who successfully complete the four months course.

The ability of the men who graduate from this school, as well as the training and instruction given them, will distinguish them as worthily filling the shoes of the nurses of our graduates in the examinations given by the different colleges and schools of this city.

Action Guided by Knowledge Wins Success.

Your life, to be one of achievement, must be a life of action; and this action must be directed by knowledge. To gain knowledge, you must study and investigate. You must get your study from some reliable source and study diligently.

Our streets, offices, and factories are crowded with unskilled people struggling to get to and hold jobs.

Why is the lot of these people so hard? Not because Fate is cruel, but because they lack knowledge.

Space-traveling learners never lack faith in themselves; the habit of solving problems out of the presence of a teacher makes them self-reliant and responsible learners; Oppenheimer's calls are accepted; there's no flinching, and no defeat.

Take courage; acquire the study habit; get to believe in yourself; be determined not to lose, and you'll win.

We have 16 students in Iowa City. It is like "Carrying Coals to Newcastle." But a fact nevertheless.
