Captain Kelly Anxious That All Men
Report at Once for Indoor Practice.

I want you, to tell all the base
ball men to report on time for prac-
tice in the Gym," said Capt. Kelly
yesterday. "We want every man out,
whether he be Fresman or Junior,
so long as he can play hard. There
are many places on our team that
are not filled as yet, and there is a
good chance for eligible players to
make the team," continued the star
first baseman.

A good schedule has been signed,
and now is the time to prepare for
the coming summer season. Iowa will
expect much of her team the coming
season, and there is no reason why
we should not make the best use of
every man in the University who has
baseball ability. This cannot be done
unless the men come out for early
practice. The gymnasium will be open
every day from 1:00 until 3:30 for
use of base ball men, and candidates
desiring to practice should come.
Three of last year's team, Weber,
Davis and Knowlton are out of the
team, while in fact there are but six
of the old players on the team.

Y. M. C. A. Convention.
Yesterday, Mr. Wayne Hempel,
secretary of the local Y. M. C. A.,
went to Sioux City, Iowa, to attend
the thirty-third annual convention
of the Young Men's Christian Associ-
atu of Iowa. The convention will
continue three days, and the pro-
fessionals are expected to be present
tomorrow. A four day's program
has been prepared, consisting of the
first day, Friday, baseball games;
Saturday, debate; Sunday, religious
services; Monday, lectures.

Students of the professional col-
takes whose registration for the com-
ing semester's courses but have not
yet paid their tuition fees and have
not yet paid their tuition fees. These
fees must be paid before Saturday.

Northwestern University Medical School
(Chicago Medical College)

Dr. N. S. Davis, Dean.

This medical school is newly located, convenient to large hospitals, affording attendance of clinical material. The laboratories and lecture rooms are among the finest ever provided. Modern appliances to aid in carrying on the most effective manner, the study of medicine.

The full course consists of four years, eight months, beginning October 1st.

The classes are divided into small sections, thus affording to students better opportunities of individual assistance. This feature, as well as a graded curriculum, characterize the work in all departments.

The ability of the men who graduate from this school, as well as the character and thoroughness of the work given here, is evidenced by the success of our graduates in the examinations given by the different State Boards. Of the 118 graduates of the Class of 1896 who were examined by the various State Boards in the United States during the last year, only one failed.

NEWS OF THE COLLEGES.

Nebraska, best Kansas in a fast game of basketball at Lincoln last Saturday night, by a score of 3 to 18.

The hockey season closed recently, and was prominently centered over the territories between Yale and Princeton, resulting in victory and the inter-collegiate hockey championship for the named term. The score was 2 to 1, and the game was witnessed by the largest crowd ever gathered at Princeton to witness a similar event.

The Yale basketball team is on tour of 200 miles, with a schedule of 25 games to be played. Points will be relied on the trip as far west as Chicago, and it will be one of the longest trips ever taken by a college team.

The goods at Northwestern are advertising an army event and3rd annual festival in connection with their gymnastic and athletic program. So much for the growing popularity and wisdom of the student body. In their debate with Chicago and Northwestern, held last Friday, Minutemen won both the affirmative and the negative.

The illinois legislature recently passed a law prohibiting university students from instituting in the halls of cigarette smoking.

A committee recently appointed by the president of the University of the Illinois for the purpose of considering the advisability of adopting the ban on tobacco and alcoholic liquors, has reported favorably on the movements, and the report will be put to a vote of the student body on the 15th to 16th, time it is intended to decide whether or not the system will be put into effect in that University. This system has existed in several institutions and by-laws for such a system, with the recommendations that the same be adopted. Under this system, the student is put wholly on his honor, and it should certainly become more and more of a moral sense of honor and self-respect that is now exhibited in the class books and examination lists.
