NEW ALIANCE FOR IOWA
MISSOURI VALLEY CONFERENCE UNDER WAY.

Manager Mark Carrin Returns from Conference In Which Rules Adopted—Big Meet Next Year.

Mark Carrin has just returned from Kansas City, where he represented the Iowa Athletic Board, and assisted in the first arrangements preparatory to the formation of a conference for football of five of the larger universities of the Northwest. The University of Wisconsin and the University of Iowa were represented by Professor A. W. Walker; the A. B. of rules very similar in turn and effect to those of the Big Ten Conference were formulated, which appeared satisfactory to all those present. These rules will be thrown into the athletic board's archives of the various institutions, and as fast as they are adopted by any of them, will be sent to Mr. Carrin, who, when all have ratified them, is authorized to procure what will be known as the Missouri—W. Va. Conference. The organization will come into effect until next year but in the mean time the conference will hold a big meet in Kansas next year.

The effect of this combination will be to join inter-university matches upon a uniform basis, and create a mutual unselfish spirit between the athletic states of the Northwest. A conference between these institutions will result in the betterment of athletics generally and Iowa is to be congratulated for being in the front rank among these schools.

Iowa's pressure in the new alliance will have no effect upon her men's basketball, which is a huge item in the Big Nine. The other schools have expressed their entire consent; although there was no ground for objection. It is simply a characteristic manifestation of Iowa's want to help the other states and the advancement and betterment of Iowa's worthy athletic teams.

Irving Name Dealers.

Last night the Irving Novel Club elected two members of the University in its ranks. W. G. Gearhart, L. 90, was named a member of the club to meet the University of Wisconsin, and Walter L. Meyer, L. 80, was elected on the Minnesota team.

Midwestie—Progress.

Tonight in the Zet hall the Midwestie Society will meet, and a good program is expected. The occasion is one of special interest tonight; a series of musical programs has been provided for a number of groups. Mr. Prunis will appear on the program, and it is expected that the evening will be highly attended.

Mr. Ben P. Butler, L. 70, went to Minneapolis yesterday where he will spend a few days with his parents.

SNAPSHOTS OF THE ATHLETIC SITUATION.

Sure Men Should Come Out To Camp. Varsity Football Team.(A representative of the Iowa in speaking with a member of the Athletic Board yesterday, took issue on the following remarks on the athletic situation at the University of Iowa:

"Sure men should get out and try for places on the football, track, baseball and basketball teams. There is a wealth of material in the university, but the men must put in their appearance and compete for places. There are many high school athletes who have not yet been discovered, and immense body of students—good material—who if they would only take an interest in athletics will contribute to the position of coach of the base ball, track and today day's team of the Iowa Iowa City Iowa.

The list of base ball players will soon be ready for publication; at the present time, we have the list of players for the varsity. Some of Iowa's University of Minnesota by Clark Westlake. Washington University, Roy, of St. Louis, Mr. G. Langs, Iowa City, and Iowa by Mark Carrin. The University of Wisconsin members of the baseball team are not registered, and will form the fifth side of the alliance. Some of the players who have been developed from good material. If these men would only put in a couple of years in training, a team would develop of one of the best athletic teams in the west. For Iowa, which has been succeeded in getting but few men out for football, taking into consideration the size of the school, it was a big step of watchfulness, though the necessity was not so apparent as in former years, and where the establishment of a club team is always being looked for. The basketball team has lost five regular men and when the season opens we shall feel a little bad, but of course we can manage it. This has been the case, the best for our point, for many of the players who have left the basketball team are interested in this other combination.

"Now track work and baseball will be sooner be begun in summer, Iowa's men will have the first place. They are bound to be a bunch of sharpshooters and pole vaulters, and unless new material is furnished for these events, Iowa cannot expect to win many points in them. Still, if a great many of them would come out and try to do their best, Iowa's chances of success are much better. There are a great number of men, that think themselves unable to be anything in athletic work, who have athletic ability if they would only try it. I know of a student in the university, who would develop into a fine high jumper if he would only get out. He has the build and spring necessary to do well in this event. And in basketball too a small portion of the material could do very good. Take the fraction out of the average basketball team. They are a good thing, but they do not help the variety materially, so the men should try for places on the varsity teams. There

(Continued on Page 3, Column 3.)

BASEBALL COACH AND SCHEDULE

DOINGS OF THE ATHLETIC BOARD.

Base Ball Coach Will Be Hired Today—Football Schedule Nearly Completed.

Last night the Board of Athletic Control passed finally upon a base ball schedule, and today they will complete arrangements for the coach. Seven men may have been considered for the position of coach of the base ball team, and today day's choice of them will be notified.

The list of foot ball players will soon be ready for publication; at the present time, we have the list of players for the varsity. Some of Iowa's University of Minnesota by Clark Westlake. Washington University, Roy, of St. Louis, Mr. G. Langs, Iowa City, and Iowa by Mark Carrin. The University of Wisconsin members of the baseball team are not registered, and will form the fifth side of the alliance. Some of the players who have been developed from good material. If these men would only put in a couple of years in training, a team would develop of one of the best athletic teams in the west. For Iowa, which has been succeeded in getting but few men out for football, taking into consideration the size of the school, it was a big step of watchfulness, though the necessity was not so apparent as in former years, and where the establishment of a club team is always being looked for. The basketball team has lost five regular men and when the season opens we shall feel a little bad, but of course we can manage it. This has been the case, the best for our point, for many of the players who have left the basketball team are interested in this other combination.

BILL ASKS MUCH MONEY FOR SOCIETY.

Representative George Koontz has introduced a bill in the House of the State Legislature which is of especial interest to Iowa City and the University. He proposes the appropriation of $400 for the benefit of the Iowa Historical Society, for the publication of its history, and the bill was referred to the committee on appropriations. If this bill passes, as undoubtedly it will, the Iowa Historical Society will be very much benefited, and will be enabled to continue its present course of publishing books and to publish many new publications.

Simultaneously, Senator W. C. Hulett introduced a similar bill in the Senate, in case of adoption there is a provision for its going into effect immediately.

Adjusting Governors of the Power Houses.

Mr. Replogle of Ankeny, Ohio, is little adjusting the governors which are being installed in the new power house. Mr. Replogle is a graduate of the State Normal, and is now operating a big factory in Akron, which has established one College—Engineering with some of its new material.

The Engineering College is rapidly on the increase. Last year the total attendance was 114. The 225th for this year was registered yesterday. This means an increase of 65 per cent over last year's attendance.

The Board of Education has received a box of books from Mr. J. F. MacDonald of Ankeny. Mr. MacDonald graduated last spring from M. I. T. The books are products of the nates state, and are a new collection of educational albums.

Miss Florence Foster, of this city, is doing very nicely after an operation for appendicitis.

Miss Neil, Clark of Alamos, Iowa, is the guest of Mrs. W. J. McGee.

READ THE LIST OF ATTRACTIONS

DIE GERMANY IN THE LEAD.

More Attractions Have Been Suggested for the Big Fair—Ten Cent Admission to These Under Thirty.

The Y. W. C. A. Fair Saturday means a good time for every one if it is a general University event and should be well attended.

Various University organizations are taking charge of attractions. The Germania will have a German Village, which will be cheered at the door.

The Kappa will have a Foreign Booth where national may be seen to any of the attraction. The Delta Delta will sell ten cent cones; the Delta Gamma will have a pie booth where delicious home made pies may be bought. The Psi Phil will have a Teutonic booth and will serve coffee and sandwiches. The Dramatic club will give a big vaudeville performance and the members of Miss Lea, Miss Alles, Mr. Oaks and Mr. Mortemore.

The Hesperides are also taking charge of several attractions and the Gamma Chi will also charge of something. The benefit of the other attractions are a shooting gallery, in charge of Mr. Willis and Mr. Davis, a phonograph—Elva Carroll. Three foreign picnics—Misses Mayer, MacVicar and Stark.

Two Tents-Teddy—Wilbur Rittie.

Picture Gallery.—Mrs. Callin and Miss Goll.

A general simultaneous issue of ten posters will be sold from eight tonight. The Kasper Kneiss will have charges of the kitchen and a excellent boil of beer has been provided. Hot dogs, Apple Cider, Pan cakes and syrup. Waffles and rolls.

Coffee and sandwiches. Ice cream cones. PIE.

Arthur Johnson, Ph. G. '94, has accepted a position with the Gerberick pharmacy at Carroll, Iowa.
