Dramatic Club To Give Play

*The Little Minister*

April Ninth Has Been Decided Upon for Presentation of Barron's Play

The University Dramatic Club will give its first play of the present year on April 9th, the subject being "The Little Minister," by Rev. J. M. Barron. The play will be presented in the gymnasium, which has been carefully selected for the purpose.

The setting of the play is in a small country parsonage, and the characters are well chosen. The actors will be chosen from the best available talent, and the play will be given with a view to making it as realistic as possible.

Athletic Record for Five Years

To Be Installed in the Gymnasium

Fifteen Shields to Be Placed Upon the Walls Bearing the Names of Men Holding Records.

The Athletic Board of Control have arranged for the installation of fifteen shields to be placed on the walls of the gymnasium, bearing the names of the men who have held the records for the various events for the past five years. These shields will be made of brass and will be placed in the gymnasium as a memorial to the athletes who have contributed to the reputation of the University in athletics.

Dr. Wylie Speaks at Assembly.

Yesterday morning, Professor R. H. Wylie gave the students a most interesting address at assembly. He started the attitude which a student should have toward his work, and how he should approach his work. This was one of the most interesting addresses of the year.

Mr. Farrow Speaks at Phi Delta Phi.

Last night at the weekly meeting of the junior fraternity, Phi Delta Phi, Mr. L. M. Farrow read a paper on the Chicago Board of Trade. Mr. Farrow has made a special study of this subject, and in presenting it he gave the history of the present working of the board of trade, and its effect upon industrial affairs.

Mr. W. B. Brewer, in company with Mr. Hazard, was called in west liberty yesterday.

GETTING A LINE ON BASEBALL MEN

SIX OLD PLAYERS FIND NUCLEUS US.

Outdoor Practice Begins Soon—Good Batters are in Demand—New Material Not Abundant.

The baseball squad will undoubtedly be out of doors in a week or so and that time approaches the problem of filling the line or five or six places on the team seems more and more difficult. Of last year's team there remain Captains Mike Kelley at first, Wayne Kelley, second base, Eris, third base, the left and right, Coley and Proyser, pitchers. Although no star has his place on the team eternally, it is reasonably certain that these last year's men will fill their old prominent. Right and center fields will probably be taken up by two of the extra pitchers.

This leaves third, short, left field and a substitute to be chosen from one or two not-over-plentiful new material. Not many new eligible men have shown up yet at the gym. This may be due to the fact that some men did indoor work and leave it alone for fear of new area and poor hitting when they do get out on the diamond. This is certainly a big mistake, every man will find that he can improve by the base ball spring. This spring should have been turned advantage of the 'burnishing' stage of the opportunity of growing one arm into shape of the gym. It will not end constant work or three times a week. The work will not hurt any one and will result in putting a player better than one who has not trained under these conditions in the spring that spring came out this way.

dressed pitcher with all the necessary speed and shot but lacking experience. Albin, Marvin, Bridgland, Stor and a few others will probably fight it out for the off sides.

The greatest difficulty will be to find some new men who can hit the ball. It is not very hard to find a man who can hit any of the position credibly, but it is certainly a job to find a one who is always there with the big stick and ready to produce the necessary single. Accordingly, any man who thinks of an as wanting the job, no matter whether he can swing it with a clothes line nor just or not, should try out, for a baseball coach will always get the work he can find in, preference to those who can't.

It is quite a few "classy" looking fresh men who have shown up as early as approach. They are not eligible, of course, and the wild-eyed freshman pitcher who is already leading his curves over the plate won't hurt the young may try this spring, but it is an indication of good prospects for '07. It E. T.unicile the future.

ELECTRICAL ENGINEERS WILL MAKE TRIP

Will Visit Electrical Plants in Chicago and Milwaukque Under Supervision of Professor Ford.

The Senior Electrical Engineers have a plan of calling on the electric plants and select places of Chicago and Milwaukeo, spending a week in the two cities. Professor Ford will supervise the inspection. The visiting of these institutions will be interesting, as the work done will be obtaining besides the pleasure derived from sight-seeing. The date of the trip is March 14 and the students leaving Iowa City a week from tomorrow, and returning a week later.

A FIRE SCARE

Sigma Chi narrowly escapes a fire in dormitory through a very careless act.

As a result of an overturned lamp, the Sigma Chi dormitory was threatened with a serious fire, the blowing out of gas and leaving the lamp unsupervised caused the panic, but the presence of the Capt. Hastings in hurling the offending lamp through a window, put an effective check on the flames and the blaze was soon extinguished. The only real damage was several type cases to the press.

A Souvenir of the Anniversary.

A small pocket edition of the edition of 1897, all with a number of portraits, up to date, is being prepared by the State Historical Society, and will be issued as a monograph or presentation of the semi-centennial celebration. The booklet will be a very elegant and appropriate souvenir of the event.

FORENSIC COUNCIL MET YESTERDAY

STRONG TALK OF INCORPORATION

A Question Chosen to Submit Next Winter—Will Report to League Tonight.

The Forensic Council of the University Debating League met last night in the Student Union and issued a report on the formation of a permanent organization. A permanent organization of the Forensic Council was formed, and rules regulating the transaction of business and governing the names of the Council were adopted. Professor Gove was named permanent chair man of the organization.

The committee which drew up the Articles of Incorporation for the new University Debating League submitted them to the Council and they were drawn up in March. It was most important that the organization be formed and presented to the Debatle League tonight and the motion passing, the committee will submit to the Council the questions before the number of the League, the Marshall Law, Irving, Seitz, and the Articles of Incorporation, to be drawn up in the future by the Council.

This motion will be con sidered by the student and they will be submitted to the vote.

Another model of interest in connection with the Articles of Incorporation is that the students will then be able to have the necessary single. Although the successful student to the necessary single. Although the successful student will obtain the Articles of Incorporation, as required, for the new organization. The greatest interest will be taken in the new organization.

April 5, Tuesday—Drum and Band Practice again.

The little Minstrel is complete a new fire-proof museum.

INCORPORATING THE FORENSIC LEAGUE.

If the Forensic League favors the recommendation of its Council, the new association will be legally incorporated. And that will be a very sensible and business-like thing to do.

The League ought to stand on its own feet.-financially as well as otherwise. Nevertheless, any one who has trained his business of any kind, for either the debating of oratorical interests has been in a measure personally responsible to the merchant with whom he dealt. The two former organizations were dissolved, the membership shifting, and both the societies were without a name. Miss Profit, giving a dinner Wednesday evening in honor of Miss Edgar of West Union.

Our proposition is a winner for students who want summer work, students from other schools having cleared from $75 to $200.00 per month last summer. We are desirous of selecting men of responsibility and who possess a background of experience, the latter being desirable. The young coed is especially an opportunity for those who are capable of soliciting a high grade order, P. O. Box 107, Iowa City, Iowa.
